The School Accountability Report Card (SARC) is required by law to be published annually, by Feb 1st each year. It contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF), all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP) which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For more information about the school, parents and community members should contact the school principal or district office.

DataQuest is an online data tool located at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. test data, enrollment, graduates, dropouts, course enrollments, staffing and data regarding English learners).

Internet access is available at public libraries and other locations that are publicly accessible.

About This School

School Description and Mission Statement

This section provides information about the school's goals and programs.

Balboa High School, in partnership with all community stakeholders, will provide students with an educational experience of rigor and relevance; where all students are valued, have a sense of purpose, and are committed to making our school and society a better place to live. As a community of lifelong learners, we are guided by 3 essential questions:

What do we expect students to learn?

How do we know they have learned it?

What do we do if they don't learn? And what do we do when they do?

Student Enrollment By Grade Level (School Year 2015-16)

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Teacher Credentials

This table displays the number of teachers assigned to the school with a full credential, without a full credential, and those teaching outside of their subject area of competence. Detailed information about teacher qualifications can be found at the CDE Web site at <http://dq.cde.ca.gov/dataquest/>.

Teacher Misassignments and Vacant Teacher Positions

This table displays the number of teacher misassignments (teachers assigned without proper legal authorization) and the number of vacant teacher positions (not filled by a single designated teacher assigned to teach the entire course at the beginning of the school year or semester). Note: Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Core Academic Classes Taught by No Child Left Behind Compliant Teachers, 2015-16

The Federal Elementary and Secondary Education Act (ESEA), also known as No Child Left Behind (NCLB), requires that core academic subjects be taught by Highly Qualified Teachers, defined as having at least a bachelor's degree, an appropriate California teaching credential, and demonstrated core academic subject area competence. High-poverty schools are defined as those schools with student eligibility of approximately 40 percent or more in the free and reduced price meals program. Low-poverty schools are 39 percent or less in the free and reduced price meals program. More information on teacher qualifications required under NCLB can be found on the CDE Improving Teacher and Principal Quality Web page at <http://www.cde.ca.gov/nclb/sr/tq/>.

See table on next page.

Quality, Currency, and Availability of Textbooks and Instructional Materials

For High Schools (grades 9-12)

The San Francisco Unified School District adopts instructional materials following the cycle of state frameworks and standards, and provides sufficient textbooks for all students to use in class and to take home in the core curriculum areas of reading/language arts, mathematics, science, and history/social studies. Class sets of health instructional materials were provided for high school health teachers. In addition, other Board-adopted core curriculum materials were provided to remedy all insufficiencies identified through a survey and other activities at the annual Instructional Materials Hearing at the September 27, 2016 meeting of the Board of Education. All adopted high school instructional materials have been evaluated and determined locally to meet state standards for grades 9-12. Appropriate science laboratory equipment is available for all laboratory science courses.

For Elementary and Middle Schools (grades K-8)

The San Francisco Unified School District adopts instructional materials following the cycle of state frameworks and standards, and adopts K-8 materials from the list of standards-aligned materials that have been adopted by the State Board of Education. The district provides sufficient textbooks for all students to use in class and to take home in the core curriculum areas of reading/language arts, mathematics, science, and history/social studies. For 2016-2017, instructional materials were provided for all students in grades K-8. Replacements were provided for core curriculum areas as identified through a survey and other activities preceding the annual Instructional Materials Hearing at the September 27, 2016 meeting of the Board of Education.

For complete lists of adopted textbooks, go to:

School Facility Conditions and Improvements

This section provides information about the condition of the school's grounds, buildings, and restrooms, and a description of any planned or recently completed facility improvements.

All usable school space is safe, clean, and adequate for teaching and learning. Facilities are completely adequate, so are the classrooms for our student population. Computers labs are extensive and up to date. ADA construction project has just been completed. All facilities are accessible to the physically disabled people. Athletic facilities have been updated with the new track, new football field man-made lawn, new baseball field and irrigation system, and new bleachers benches. New sound system has been set up in the auditorium. Two new elevators have also been built through the ADA construction project. The old auto shop has been renovated into a Green Room with new curtains, new carpet, and new folding tables and chairs. The basement of school gym has not been used and awaiting for funds to repair.

Part B (Pupil Outcomes) begins on the next page.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

California Assessment of Student Performance and Progress Results for All Students

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students that did not receive a score is 10 or less, either because the number of students is too small for statistical accuracy or to protect student privacy.

The number of students tested includes students that did not receive a score; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using students with scores.

Career Technical Education Programs

The section provides information about the Career Technical Education (CTE) programs.

Career Technical Education at SFUSD provides opportunities for high school students to explore and access high-wage high-demand careers, while preparing them for post-secondary education. CTE Pathways offer students a 2-3 year course sequence focused on one industry sector. The CTE curriculum is centered on hands-on, contextualized learning that will help develop student's professionalism and industry-specific skillset. Teachers work with industry advisory boards to provide work-based learning opportunities and a relevant curriculum to students.

SFUSD's model includes rigorous academics, integrated technology, work-based learning and comprehensive support services. We continue to increase the capacity of CTE teachers, counselors and administration, along with local community-based organizations to ensure that non-traditional populations have full access to the Pathways and are set up for success. Students enrolled in CTE courses can earn college credit, obtain industry certification(s), participate in a summer internship and build their professional network. Through standards-based curriculum, career readiness activities and supportive cohorts, CTE students are more likely to engage in the school community, persist to graduation and obtain a postsecondary credential, degree or apprenticeship.

The CTE Advisory Committee is chaired by Gary Freund, representing both Cal State East Bay University and the Hospitality/Tourism Advisory Board. The chairs of each of the 10 industry-specific advisory boards serves in a representative capacity on the CTE Advisory Committee.

Career Technical Education Participation (School Year 2015-16)

This table displays information about participation in the school's CTE programs.

Measure	CTE Program Participation

C. Engagement

State Priority: Pupil Engagement

The SARC provides the following information relevant to the Pupil Engagement State Priority (Priority 5):

- High school dropout rates; and
- High school graduation rates.

Dropout Rate and Graduation Rate

This table displays the school's one-year dropout rates and graduation rates for the most recent three-year period. For comparison purposes, data are also provided at the district and state levels. Detailed information about dropout rates and graduation rates can be found at the CDE Web site at <http://dq.cde.ca.gov/dataquest/>.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan - Most Recent Year

This section provides information about the school's comprehensive safety plan.

Emergency Plan delineates responsibilities of key personnel in case of emergencies; Evacuation Plan describes routes for evacuating the building; Security officers' responsibilities and schedules are outlined; SPFD TAC Emergency Response Kt. In addition, we have in place the following items: Crisis Response Manuals which describe procedures in a variety of emergency situations; Emergency Supplies Center in the football field, First Aid Kits in each classroom; Earthquake and rescue supplies bags for each team; etc.

Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

Subject	School			District			State		
	13-14	14-15	15-16	13-14	14-15	15-16	13-14	14-15	15-16

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement

This section provides information about opportunities for parents to become involved with school activities.

- * PTSA - Active support of Balboa's academic and cultural programs.
- * School Site Council - Participation in policy development and allocation of funds.
- * Afterschool tutoring - Work with athletes and underperforming students to increase achievements.
- * Parent Center with parent Education Programs - Computer instruction, parenting classes, parent volunteers for classrooms, the library, and other school activities

If you are interested in parental involvement opportunities, please contact the principal at the school:

Federal Intervention Program (School Year 2016-17)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the CDE Web site at <http://www.cde.ca.gov/ta/ac/ay/>.

Academic Counselors and Other Support Staff (School Year 2015-16)

This table displays, in units of full-time equivalents (FTE), the number of academic counselors and other support staff who are assigned to the school and the average number of students per academic counselor. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50% of full time. Note: For various reasons, including funding sources and employees serving multiple locations, many of the staff in these positions are listed as working at central administrative offices, and so, will not show up under a particular school's staffing count. This includes the following FTE: Counselors - 13.6, Librarians - 27.5, Nurses - 55.8, Psychologists/Social Workers - 169.4 and Resource Specialists - 130.5. If additional information is needed regarding staffing in these particular support roles, please contact the school.

Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2014-15)

This table displays a comparison of the school's per pupil expenditures from unrestricted (basic) sources with other schools in the district and throughout the state, and a comparison of the average teacher salary at the school site with average teacher salaries at the district and state levels. The option to report expenditures and salaries for the benefit of all schools in the district equally has been used. Detailed information regarding school expenditures and teacher salaries can be found at the CDE Web site at <http://www.cde.ca.gov/ds/fd/ec/> and <http://www.cde.ca.gov/ds/fd/cs/>.

Professional Development

This section provides information about the program for training the school's teachers and other professional staff.

Professional development is a part of every site plan and a major component of instructional support to departments. The district's professional development program provides opportunities for teachers to implement the district's core curriculum for all students, update subject area expertise, use data to plan instructional improvement strategies and acquire new instructional strategies. Leadership development across content areas is facilitated centrally, and for educators and parents each school continues to provide some full days of professional development during the academic year.
