The School Accountability Report Card (SARC) is required by law to be published annually, by Feb 1st each year. It contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF), all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP) which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For more information about the school, parents and community members should contact the school principal or district office.

DataQuest is an online data tool located at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. test data, enrollment, graduates, dropouts, course enrollments, staffing and data regarding English learners).

Internet access is available at public libraries and other locations that are publicly accessible.

About This School

School Description and Mission Statement

This section provides information about the school's goals and programs.

In 1972 parents and teachers founded San Francisco Community School, one of SFUSD's first "alternative" programs. The goal was to establish a city-wide, ethnically integrated, K-8 school where parents are deeply involved and where all children can be successful and celebrated. The emphasis is on "community"; because of our small size (290 students in K-8) students and staff develop a family-like rapport. Students are provided with an environment where they can learn self-respect, practice respect for others, learn to resolve conflict and develop appreciation for all people. Our vision is that ALL students, regardless of ethnicity, home language, socio-economic status or other forms of difference, acquire the skills and knowledge required to be successful in high school, college, and beyond.

Section A (Conditions of Learning) begins on next page.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Teacher Credentials

This table displays the number of teachers assigned to the school with a full credential, without a full credential, and those teaching outside of their subject area of competence. Detailed information about teacher qualifications can be found at the CDE Web site at <http://dq.cde.ca.gov/dataquest/>.

Teachers	School			District

Without Full Credential	1	2	4	310
Teaching Outside Subject Area of Competence	5	3	4	91

Teacher Misassignments and Vacant Teacher Positions

This table displays the number of teacher misassignments (teachers assigned without proper legal authorization) and the number of vacant teacher positions (not filled by a single designated teacher assigned to teach the entire course at the beginning of the school year or semester). Note: Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Quality, Currency, and Availability of Textbooks and Instructional Materials

For High Schools (grades 9-12)

The San Francisco Unified School District adopts instructional materials following the cycle of state frameworks and standards, and provides sufficient textbooks for all students to use in class and to take home in the core curriculum areas of reading/language arts, mathematics, science, and history/social studies. Class sets of health instructional materials were provided for high school health teachers. In addition, other Board-adopted core curriculum materials were provided to remedy all insufficiencies identified through a survey and other activities at the annual Instructional Materials Hearing at the October 9, 2018 meeting of the Board of Education. All adopted high school instructional materials have been evaluated and determined locally to meet state standards for grades 9-12. Appropriate science laboratory equipment is available for all laboratory science courses.

For Elementary and Middle Schools (grades K-8)

The San Francisco Unified School District adopts instructional materials following the cycle of state frameworks and standards, and adopts K-8 materials from the list of standards-aligned materials that have been adopted by the State Board of Education. The district provides sufficient textbooks for all students to use in class and to take home in the core curriculum areas of reading/language arts, mathematics, science, and history/social studies. For 2018-2019, instructional materials were provided for all students in grades K-8. Replacements were provided for core curriculum areas as identified through a survey and other activities preceding the annual Instructional Materials Hearing at the October 9, 2018 meeting of the Board of Education.

For complete lists of adopted textbooks, go to:

School Facility Conditions and Improvements

This section provides information about the condition of the school's grounds, buildings, and restrooms, and a description of any planned or recently completed facility improvements.

San Francisco Community School is one of the oldest school buildings in the city. Built in 1911, it has all of the charm of an old school building. As a school benefiting from Prop A funds, we underwent major renovation and improvement in 2009. We now have a fully accessible building including ramps and an elevator. We also have a varied and engaging outdoor learning environment, with a large vegetable and flower garden, a sand and

water lab, an archeology dig, two play structures, native plant and butterfly gardens, and a gymnasium. The front yard has trees, seating benches, a trash enclosure, and two garden sheds.

Part B (Pupil Outcomes) begins on the next page.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

California Assessment of Student Performance and Progress Results for All Students

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students that did not receive a score is 10 or less, either because the number of students is too small for statistical accuracy or to protect student privacy.

The number of students tested includes students that did not receive a score; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using students with scores.

Science (Gr 5,8 and high school)	--	--	--	--	--	--

Note: The 2016-17 and 2017-18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The California Science Test (CAST) was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administrated operationally during the 2018-19 school year. The California Alternative Assessment (CAA) for Science was pilot-tested for two years (i.e., 2016-17 and 2017-18) and will be field-tested in 2018-19.

Courses for University of California and/or California State University Admission

This table displays for the most recent year two measures related to the school's courses that are required for University of California (UC) and/or California State University (CSU) admission. Detailed information about student enrollment in and completion of courses required for UC/CSU admission can be found at the CDE Web site at <http://dq.cde.ca.gov/dataquest/>.

Part C (Engagement) begins on the next page.

C. Engagement

State Priority: Pupil Engagement

The SARC provides the following information relevant to the Pupil Engagement State Priority (Priority 5):

- High school dropout rates; and
- High school graduation rates.

Dropout Rate and Graduation Rate

This table displays the school's one-year dropout rates and graduation rates for the most recent three-year period. For comparison purposes, data are also provided at the district and state levels. Detailed information about dropout rates and graduation rates can be found at the CDE Web site at <http://dq.cde.ca.gov/dataquest/>.

Indicator	School			District			State		
	14-15	15-16	16-17	14-15	15-16	16-17	14-15	15-16	16-17

Graduation Rate				84.9	86.5	73.1	82.3	83.8	82.7

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan - Most Recent Year

This section provides information about the school's comprehensive safety plan.

Our school safety plan ensures that our students are safe physically and emotionally at school. All classrooms conduct daily class meetings and weekly grade level assemblies to model and teach conflict resolution skills and virtues for conduct in school. SFC staff deliberately work to build relationships between and among students during cross-grade activities such as the whole-school picnic, annual camping trips at each developmental level, teaching assistants, peer mediation, Youth Outreach Workers, and reading buddy activities. SF Community was selected as one of three schools to be a restorative practices demonstration school. Staff at SFC create space for class meetings, individual conferences with students, circles and groups to provide students opportunities to share their feelings, build relationships, and problem solve. When there is wrong-doing, staff work with students to help students see their impact on others and support students to play an active role in taking responsibility, addressing the wrong and repairing the harm. For more information about restorative practices in the school setting see www.safersanerschools.org.

Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

Subject	School			District			State

Expulsions		0	0	0.01	0.01	0	0.09	0.09	0.08

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):
 - Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement

This section provides information about opportunities for parents to become involved with school activities.

As a small school by design, our partnerships with families are essential. Families participate in myriad ways: as chaperones on field trips and camping trips, as volunteers on the yard and in classrooms, in planning and participating in community building and fundraising events. In addition to a productive School Site Council and English Learner Advisory Council, we have a Parent Action Committee, which meets monthly to support teachers and plan fundraising and community building events, including our annual auction and school picnic. All families come to two family/student/teacher conferences each year and two Project Open Houses where students showcase their project work. Families also attend their child's portfolio presentation at the end of the school year.

If you are interested in parental involvement opportunities, please contact the principal at the school:

Academic Counselors and Other Support Staff (School Year 2017-18)

This table displays, in units of full-time equivalents (FTE), the number of academic counselors and other support staff who are assigned to the school and the average number of students per academic counselor. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50% of full time. Note: For various reasons, including funding sources and employees serving multiple locations, many of the staff in these positions are listed as working at central administrative offices, and so, will not show up under a particular school's staffing count. This includes the following FTE: Counselors - 11.8, Librarians - 31.6, Nurses - 55.3, Psychologists/Social Workers - 111.6 and Resource Specialists - 155. If additional information is needed regarding staffing in these particular support roles, please contact the school.

Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2016-17)

This table displays a comparison of the school's per pupil expenditures from unrestricted (basic) sources with other schools in the district and throughout the state, and a comparison of the average teacher salary at the school site with average teacher salaries at the district and state levels. The option to report expenditures and salaries for the benefit of all schools in the district equally has been used. Detailed information regarding school expenditures and teacher salaries can be found at the CDE Web site at <http://www.cde.ca.gov/ds/fd/ec/> and <http://www.cde.ca.gov/ds/fd/cs/>.

Types of Services Funded (Fiscal Year 2017-18)

This section provides information about the programs and supplemental services that are available at the school and funded through either categorical or other sources.

After School Program- SFC has an EXCEL after-school academic and enrichment program run by Bay Area Community Resources (BACR). The afterschool program provides 1/3 academics/homework support, 1/3 recreation, and 1/3 enrichment such as arts, dance, and computer. Students enrolled in the afterschool program commit to full attendance- 5 days a week until 6:30 each day.

Arts- K-6: We have a 10-week artist in residence program at the K-5 paid for by Department of Children Youth and Families. Teachers, with help from parent volunteers, teach art as integrated into the curriculum. 7/8: Students have art during enrichment period. Students are working with artists in residents to learn spoken word and creative writing as part of a three-year partnership with Performing Arts Workshop and Global Writes. Students compete nationally in poetry and spoken word slams using our new videoconferencing center.

Music- All 4th-8th grade students have the option of taking musical instrument lessons and band. Our music teacher, Mr. Staples, can teach everything from electric guitar to cello to trumpet. All K-8 students have the option of choir weekly.

Garden- All students meet with our garden educator every other week to learn environmental science and stewardship in the context of working in our garden.

Camping: All students K-8 go camping overnight with their classes once a year.

Sports: All K-4th grade students have PE as a weekly special in addition to integrated into classroom activities. 5-8th grade students have PE everyday. SFC middle school students can participate on track, soccer, or basketball teams.

Project-Based Learning: Research shows that students learn best and are most engaged when skills and concepts are contextualized in real-world, meaningful challenges or projects that are truly interesting to them. SFC students participate in science-based, challenge driven projects. Projects incorporate four themes in a two-year rotation: Human Body, Environment/ Earth Science, Physical World/Design, and Community. For example, within the Environment theme, 2nd and 3rd grade students designed and created habitats for classroom fish and geckos. In a 4th and 5th grade Human Body project, students hiked the eight peaks of San Francisco and created a guidebook, as they studied the circulatory, respiratory and muscular systems. Middle school teachers implement projects within and sometimes in partnership across subject areas, such as a trial of Ulysses in the Language Arts/ Social Studies class; building rockets in Science.

Teacher and Administrative Salaries (Fiscal Year 2016-17)

This table displays district-level salary information for teachers, principals, and superintendents, and compares these figures to the state averages for districts of the same type and size. The table also displays teacher and administrative salaries as a percent of a district's budget, and compares these figures to the state averages for districts of the same type and size. Detailed information regarding salaries can be found at the CDE Web site at:

Professional Development

This section provides information about the program for training the school's teachers and other professional staff.

Professional development is a part of every site plan and a major component of instructional support to departments. The district's professional development program provides opportunities for teachers to implement the district's core curriculum for all students, update subject area expertise, use data to plan instructional improvement strategies and acquire new instructional strategies. Leadership development across content areas is facilitated centrally, and for educators and parents each school continues to provide some full days of professional development during the academic year.
