The School Accountability Report Card (SARC) is required by law to be published annually, by Feb 1st each year. It contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF), all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP) which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For more information about the school, parents and community members should contact the school principal or district office.

DataQuest is an online data tool located at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. test data, enrollment, graduates, dropouts, course enrollments, staffing and data regarding English learners).

Internet access is available at public libraries and other locations that are publicly accessible.

About This School

School Description and Mission Statement

This section provides information about the school's goals and programs.

JOCHS is a small, academic-focused high school with exciting career pathways. All students are enrolled in the University of California's A-G coursework to ensure students receive a college preparatory curriculum. Advanced Placement courses are available in Biology, English Literature, English Language, Calculus, Statistics, Spanish Language, Spanish Literature, 2D and 3D Studio Art. Along with a rigorous core curriculum, JOCHS offers relevant pathway courses. Students can choose courses in Drama, Art, Computer Art, Networking, Carpentry, Stationary Engineering, and Peer Resources. Advanced courses include Biotechnology, Physiology, Advanced Media Arts, Advanced Art, Pre-Engineering, and Programming.

JOCHS prepares students to make meaningful contributions to an ever-changing world. As an equity-focused community, we aspire to prepare students for higher education or the professional working world. We strive to create rigorous classrooms that promote literacy, the use of technology, a sense of independence, and commitment to community and self.

Section A (Conditions of Learning) begins on next page.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Teacher Credentials

This table displays the number of teachers assigned to the school with a full credential, without a full credential, and those teaching outside of their subject area of competence. Detailed information about teacher qualifications can be found at the CDE Web site at <http://dq.cde.ca.gov/dataquest/>.

Quality, Currency, and Availability of Textbooks and Instructional Materials

For High Schools (grades 9-12)

The San Francisco Unified School District adopts instructional materials following the cycle of state frameworks and standards, and provides sufficient textbooks for all students to use in class and to take home in the core curriculum areas of reading/language arts, mathematics, science, and history/social studies. Class sets of health instructional materials were provided for high school health teachers. In addition, other Board-adopted core curriculum materials were provided to remedy all insufficiencies identified through a survey and other activities at the annual Instructional Materials Hearing at the October 10, 2017 meeting of the Board of Education. All adopted high school instructional materials have been evaluated and determined locally to meet state standards for grades 9-12. Appropriate science laboratory equipment is available for all laboratory science courses.

For Elementary and Middle Schools (grades K-8)

The San Francisco Unified School District adopts instructional materials following the cycle of state frameworks and standards, and adopts K-8 materials from the list of standards-aligned materials that have been adopted by the State Board of Education. The district provides sufficient textbooks for all students to use in class and to take home in the core curriculum areas of reading/language arts, mathematics, science, and history/social studies. For 2017-2018, instructional materials were provided for all students in grades K-8. Replacements were provided for core curriculum areas as identified through a survey and other activities preceding the annual Instructional Materials Hearing at the October 10, 2017 meeting of the Board of Education.

For complete lists of adopted textbooks, go to:

Additional Comments:

School Facility Conditions and Improvements

This section provides information about the condition of the school's grounds, buildings, and restrooms, and a description of any planned or recently completed facility improvements.

JOCHS is fortunate to have one of the newest and most technologically advanced school sites in San Francisco Unified. The building was constructed ten years ago with four computer labs and state-of-the-art science classrooms, including a biotechnology lab. Recent construction has included an art wing, locker rooms and showers, a new athletic field with artificial turf, an auditorium, dance studio, weight room, and a state-of-the-art stationary engineering shop for our newest career pathway.

Part B (Pupil Outcomes) begins on the next page.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

California Assessment of Student Performance and Progress Results for All Students

Subject	Percent of Students Meeting or Exceeding State Standards					
	School		District		State	
	2015-16	2016-17	2015-16	2016-17	2015-16	2016-17
English Language Arts/Literacy (grades 3-8 and 11)	46	43	53	55	48	48
Mathematics (grades 3-8 and 11)	16	12	49	50	36	37

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

See Subject - Subgroup results on next pages:

CAASPP Assessment Results - English Language Arts (ELA)
Grades Three to Eight and Grade Eleven (School Year 2016-17)

Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded

Students with Disabilities	11	10	90.91	10
Migrant Education Services	--	--	--	--
Foster Youth	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students that did not receive a score is 10 or less, either because the number of students is too small for statistical accuracy or to protect student privacy.

The number of students tested includes students that did not receive a score; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using students with scores.

CAASPP Assessment Results - Mathematics

Note: Math test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students that did not receive a score is 10 or less, either because the number of students is too small for statistical accuracy or to protect student privacy.

The number of students tested includes students that did not receive a score; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using students with scores.

CAASPP Test Results in Science for All Students

This table displays the percent of students achieving at the Proficient or Advanced level (meeting or exceeding the state standards).

Subject	School			District			State		
	14-15	15-16	16-17	14-15	15-16	16-17	14-15	15-16	16-17
Science (Gr 5,8 and 10)	23	22	--	58	57	--	56	54	--

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternative Performance Assessment (CAPA) in grades five, eight, and ten.

Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The 2016-17 data are not available. CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

Career Technical Education Programs

The section provides information about the Career Technical Education (CTE) programs.

Career Technical Education at SFUSD provides opportunities for high school students to explore and access high-wage high-demand careers, while preparing them for post-secondary education. CTE Pathways offer students a 2-3 year course sequence focused on one industry sector. The CTE curriculum is centered on hands-on, contextualized learning that will help develop student's professionalism and industry-specific skillset. Teachers work with industry advisory boards to provide work-based learning opportunities and a relevant curriculum to students.

SFUSD's model includes rigorous academics, integrated technology, work-based learning and comprehensive support services. This provides avenues for students to draw rich, real world connections across content areas and see the relevance in their day-to-day learning.

We continue to increase the capacity of CTE teachers, counselors and administration, along with local community-based organizations to ensure that non-traditional populations have full access to the Pathways and are set up for success. Specific attention is paid during the recruitment process to support enrollment of populations underrepresented in particular career sectors.

Students enrolled in CTE courses can earn college credit, obtain industry certification(s), participate in a summer internship and build their professional network. Through standards-based curriculum, career readiness activities and supportive cohorts, CTE students are more likely to engage in the school community, persist to graduation and obtain a postsecondary credential, degree or apprenticeship.

The CTE Advisory Committee is chaired by Gary Freund, representing both Cal State East Bay University and the Hospitality/Tourism Advisory Board. The chairs of each of the 10 industry-specific advisory boards serves in a representative capacity on the CTE Advisory Committee.

Career Technical Education Participation (School Year 2016-17)

This table displays information about participation in the school's CTE programs.

C. Engagement

State Priority: Pupil Engagement

The SARC provides the following information relevant to the Pupil Engagement State Priority (Priority 5):

- High school dropout rates; and
- High school graduation rates.

Dropout Rate and Graduation Rate

This table displays the school's one-year dropout rates and graduation rates for the most recent three-year period. For comparison purposes, data are also provided at the district and state levels. Detailed information about dropout rates and graduation rates can be found at the CDE Web site at <http://dq.cde.ca.gov/dataquest/>.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan - Most Recent Year

This section provides information about the school's comprehensive safety plan.

The JOCHS Safety Plan and Crisis Response Team are both focused on ensuring that student and staff safety are top notch. The Safety Plan is a comprehensive plan that is put into practice regularly with drills. The Crisis Response Team at JOHS is a highly qualified group of first responders including a complete security team, a full time nurse, and all members of the team are CPR certificated. The Crisis Response Team and the counseling department meet once a month to review and practice the goals outlined in the Safety Plan.

Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

Subject	School			District			State		
	14-15	15-16	16-17	14-15	15-16	16-17	14-15	15-16	16-17

Expulsions	0.19	0.25	0	0.01	0.01	0.01	0.09	0.09	0.09

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement

This section provides information about opportunities for parents to become involved with school activities.

We have a strong parent community at JOCHS and we believe that regular communication with parents is key to success for students. Teachers and administrators make regular phone calls home and we send a monthly newsletter to all families. A full-time parent liaison works with parents to monitor their students' progress and connect them to the school. The active PTSA meets monthly and has parent-selected topics each meeting. We also have a monthly Principal's Coffee, which gives parents an informal opportunity to meet with the principal and other faculty and hear about the school and give feedback. An ELAC committee meets monthly to discuss the needs of students who are English language learners. Parents sit on the School Site Council to help make decisions. Parents are always welcome here.

If you are interested in parental involvement opportunities, please contact the principal at the school:

Section D - Other SARC Information

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

Average Class Size and Class Size Distribution (Secondary)

This table displays by subject area the average class size and number of classrooms that fall into each size category (a range of total students per classroom).

Subject	Avg Class Size	2014-15			Avg Class Size	2015-16			Avg Class Size	2016-17

Academic Counselors and Other Support Staff (School Year 2016-17)

This table displays, in units of full-time equivalents (FTE), the number of academic counselors and other support staff who are assigned to the school and the average number of students per academic counselor. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50% of full time. Note: For various reasons, including funding sources and employees serving multiple locations, many of the staff in these positions are listed as working at central administrative offices, and so, will not show up under a particular school's staffing count. This includes the following FTE: Counselors - 11.8, Librarians - 31.6, Nurses - 55.3, Psychologists/Social Workers - 111.6 and Resource Specialists - 155. If additional information is needed regarding staffing in these particular support roles, please contact the school.

Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2015-16)

This table displays a comparison of the school's per pupil expenditures from unrestricted (basic) sources with other schools in the district and throughout the state, and a comparison of the average teacher salary at the school site with average teacher salaries at the district and state levels. The option to report expenditures and salaries for the benefit of all schools in the district equally has been used. Detailed information regarding school expenditures and teacher salaries can be found at the CDE Web site at <http://www.cde.ca.gov/ds/fd/ec/> and <http://www.cde.ca.gov/ds/fd/cs/>.

Types of Services Funded (Fiscal Year 2016-17)

This section provides information about the programs and supplemental services that are available at the school and funded through either categorical or other sources.

JOCHS has the benefit of having a full service Wellness Program that includes a full time director, two full time mental health counselors, and a full time nurse. Students participate in the Quiet Time meditation program for stress management. Including community based organizations, approximately 20 mental health and community agents work with the students at JOCHS.

JOCHS also has a comprehensive after school program which offers students daily tutorial Monday - Friday, computer lab access, English Language programs, and a variety of enrichment activities, including silkscreening, gardening, and music.

In addition to the after school programs, JOCHS has a strong athletic department with sports teams in basketball, soccer, volleyball, cross country, track, and wrestling. Our boys' varsity soccer team is generally a contender for the all-city title.

Teacher and Administrative Salaries (Fiscal Year 2015-16)

This table displays district-level salary information for teachers, principals, and superintendents, and compares these figures to the state averages for districts of the same type and size. The table also displays teacher and administrative salaries as a percent of a district's budget, and compares these figures to the state averages for districts of the same type and size. Detailed information regarding salaries can be found at the CDE Web site at:

<http://www.cde.ca.gov/ds/fd/cs/>.

Category	District Amount	State Average For Districts In Same Category
-----------------	------------------------	---

Beginning Teacher Salary	\$42,631	\$47,808
Mid-Range Teacher Salary	\$69,913	\$73,555
Highest Teacher Salary	\$87,660	\$95,850

Advanced Placement Courses (School Year 2016-17)

This table displays for the most recent year the number of Advanced Placement (AP) courses that the school offered by subject and the percent of the school's students enrolled in all AP courses. Detailed information about student enrollment in AP courses can be found at the CDE Web site at <http://dq.cde.ca.gov/dataquest/>.

Subject	Number of AP Classes Offered	Percent of Students in AP Courses
Computer Science	0	----
English	1	----
Fine and Performing Arts	0	----

Mathematics	1	----
Science	0	----
Social Science	0	----
All Courses	3	15.1

Professional Development

This section provides information about the program for training the school's teachers and other professional staff.

Professional development is a part of every site plan and a major component of instructional support to departments. The district's professional development program provides opportunities for teachers to implement the district's core curriculum for all students, update subject area expertise, use data to plan instructional improvement strategies and acquire new instructional strategies. Leadership development across content areas is facilitated centrally, and for educators and parents each school continues to provide some full days of professional development during the academic year.
