The School Accountability Report Card (SARC) is required by law to be published annually, by Feb 1st each year. It contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF), all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP) which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For more information about the school, parents and community members should contact the school principal or district office.

DataQuest is an online data tool located at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. test data, enrollment, graduates, dropouts, course enrollments, staffing and data regarding English learners).

Internet access is available at public libraries and other locations that are publicly accessible.

## About This School

### School Description and Mission Statement

This section provides information about the school's goals and programs.

Sunset School is a diverse community of engaged and joyful learners that is committed to providing the highest academic standards in a safe and nurturing environment that affords all students the opportunity to succeed in the classroom and in lifelong 21st Century learning. Our academic program is designed to be challenging, emphasizing reading, writing, math, social studies, and science. Dance, visual art, rhythm, music, and instrumental music are featured in our Visual and Performing Arts program. Environmental Science is a strong focus and includes Outdoor Science, Gardening and our annual Water Week and Water Fair. Our technology program engages students in using computers, interactive boards, and other technology tools in content-focused projects and multidisciplinary units for research and publications. We are the proud recipient of the 2006 California Distinguished School award and three Title I Academic Achievement awards. We were nominated for the 2007 NCLB Blue Ribbon award.

## A. Conditions of Learning

### **State Priority: Basic**

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

### **Teacher Credentials**

This table displays the number of teachers assigned to the school with a full credential, without a full credential, and those teaching outside of their subject area of competence. Detailed information about teacher qualifications can be found at the CDE Web site at <http://dq.cde.ca.gov/dataquest/>.

### **Teacher Misassignments and Vacant Teacher Positions**

This table displays the number of teacher misassignments (teachers assigned without proper legal authorization) and the number of vacant teacher positions (not filled by a single designated teacher assigned to teach the entire course at the beginning of the school year or semester). Note: Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

### **Core Academic Classes Taught by No Child Left Behind Compliant Teachers, 2015-16**

The Federal Elementary and Secondary Education Act (ESEA), also known as No Child Left Behind (NCLB), requires that core academic subjects be taught by Highly Qualified Teachers, defined as having at least a bachelor's degree, an appropriate California teaching credential, and demonstrated core academic subject area competence. High-poverty schools are defined as those schools with student eligibility of approximately 40 percent or more in the free and reduced price meals program. Low-poverty schools are 39 percent or less in the free and reduced price meals program. More information on teacher qualifications required under NCLB can be found on the CDE Improving Teacher and Principal Quality Web page at <http://www.cde.ca.gov/nclb/sr/tq/>.

See table on next page.

## **Quality, Currency, and Availability of Textbooks and Instructional Materials**

### ***For High Schools (grades 9-12)***

The San Francisco Unified School District adopts instructional materials following the cycle of state frameworks and standards, and provides sufficient textbooks for all students to use in class and to take home in the core curriculum areas of reading/language arts, mathematics, science, and history/social studies. Class sets of health instructional materials were provided for high school health teachers. In addition, other Board-adopted core curriculum materials were provided to remedy all insufficiencies identified through a survey and other activities at the annual Instructional Materials Hearing at the September 27, 2016 meeting of the Board of Education. All adopted high school instructional materials have been evaluated and determined locally to meet state standards for grades 9-12. Appropriate science laboratory equipment is available for all laboratory science courses.

### ***For Elementary and Middle Schools (grades K-8)***

The San Francisco Unified School District adopts instructional materials following the cycle of state frameworks and standards, and adopts K-8 materials from the list of standards-aligned materials that have been adopted by the State Board of Education. The district provides sufficient textbooks for all students to use in class and to take home in the core curriculum areas of reading/language arts, mathematics, science, and history/social studies. For 2016-2017, instructional materials were provided for all students in grades K-8. Replacements were provided for core curriculum areas as identified through a survey and other activities preceding the annual Instructional Materials Hearing at the September 27, 2016 meeting of the Board of Education.

For complete lists of adopted textbooks, go to:

**Additional Comments:**

### **School Facility Conditions and Improvements**

This section provides information about the condition of the school's grounds, buildings, and restrooms, and a description of any planned or recently completed facility improvements.

We have undertaken various school beautification projects. Through the Proposition A Bond Program, ADA renovations and modernization in 2009 we received new ceiling, lighting, flooring, operable windows and shades, interior and exterior painting, an elevator, new counters, sinks, and drinking fountains in classrooms, remodeled bathrooms, and the construction of three new modular classrooms. With the help of the PTA and community, our school has been beautifully landscaped with thriving outdoor gardens. We completed the first phase of the Green Schoolyard project in 2011 and we continue to work on our extended plans. California Distinguished School and Title I award logos adorn the school building's exterior. The school building is well maintained by our custodians and all community members help to keep our school clean.

Part B (Pupil Outcomes) begins on the next page.

## B. Pupil Outcomes

### **State Priority: Pupil Achievement**

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Double dashes (--) appear in the table when the number of students that did not receive a score is 10 or less, either because the number of students is too small for statistical accuracy or to protect student privacy.

The number of students tested includes students that did not receive a score; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using students with scores.

### **State Priority: School Climate**

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

### **School Safety Plan - Most Recent Year**

This section provides information about the school's comprehensive safety plan.

The Emergency Response Team solicits feedback from the school community to review and update the School Site Emergency Plan with current emergency procedures, evacuation routes, and an organizational chart. They meet to discuss safety measures, review resources, and create plans for a safe school climate. We integrate safety and health activities in the core curriculum. The Health Advocate coordinates health education programs and student activities. We support the Caring School Community Program promoting values through class meetings for unity building, cross-age buddies activities for positive experiences, and school wide community building activities. This program creates a climate by deepening the connections of students, faculty, and families. The Caring School Community Program supports our behavior expectations of Be Safe, Be Respectful, and Be Responsible and we integrate Coach Wooden's Pyramid of Success with our values and expectations.

### **Suspensions and Expulsions**

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

<b>Subject</b>	<b>School</b>			<b>District</b>			<b>State</b>

### **State Priority: Parental Involvement**

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

### **Opportunities for Parental Involvement**

This section provides information about opportunities for parents to become involved with school activities.

Parent involvement is a key to our success. Families are encouraged to participate on the School Site Council to contribute to the Balanced Scorecard, budget, and make decisions about school programs. Parents volunteer in the classroom, library, office, cafeteria, schoolyard, field trips, and at school activities and events. The PTA promotes activities to foster closer ties among families. They support

the curriculum, sponsor school events, and provide after school enrichment programs such as language, creative drama, creative writing, and science, as well as sustain fundraising efforts. Together as partners we have the understanding that children need nurturing and developing to be tomorrow's leaders.

If you are interested in parental involvement opportunities, please contact the principal at the school:

## Section D - Other SARC Information

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

### **Federal Intervention Program (School Year 2016-17)**

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the CDE Web site at <http://www.cde.ca.gov/ta/ac/ay/>.

**Academic Counselors and Other Support Staff (School Year 2015-16)**

This table displays, in units of full-time equivalents (FTE), the number of academic counselors and other support staff who are assigned to the school and the average number of students per academic counselor. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50% of full time. Note: For various reasons, including funding sources and employees serving multiple locations, many of the staff in these positions are listed as working at central administrative offices, and so, will not show up under a particular school's staffing count. This includes the following FTE: Counselors - 13.6, Librarians - 27.5, Nurses - 55.8, Psychologists/Social Workers - 169.4 and Resource Specialists - 130.5. If additional information is needed regarding staffing in these particular support roles, please contact the school.

**Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2014-15)**

This table displays a comparison of the school's per pupil expenditures from unrestricted (basic) sources with other schools in the district and throughout the state, and a comparison of the average teacher salary at the school site with average teacher salaries at the district and state levels. The option to report expenditures and salaries for the benefit of all schools in the district equally has been used. Detailed information regarding school expenditures and teacher salaries can be found at the CDE Web site at <http://www.cde.ca.gov/ds/fd/ec/> and <http://www.cde.ca.gov/ds/fd/cs/>.

**Types of Services Funded (Fiscal Year 2015-16)**

This section provides information about the programs and supplemental services that are available at the school and funded through either categorical or other sources.

There are various programs and support services. All classes participate in a library program with a half-time Library Media Specialist. The Learning Support Professional helps students with social and emotional skills, works with individual and small groups of students, and builds strong relationships with families. Through the Student Success Team process, teams develop strategies and an intervention plan in order to support specific students with their individual needs. GATE students participate in after school classes during the spring semester to work on creative hands-on projects. The ExCEL and YMCA After School Programs provide homework support, academic focus on reading and math, and provide enrichment activities. English learners receive academic language instruction daily at their fluency level through specific groupings. Students with disabilities have an IEP and work with the Resource Specialist, Inclusion Teacher, or the Special Day Class Teacher and paraprofessionals. Students with speech and language needs are supported by the Speech Therapist.

**Teacher and Administrative Salaries (Fiscal Year 2014-15)**

This table displays district-level salary information for teachers, principals, and superintendents, and compares these figures to the state averages for districts of the same type and size. The table also displays teacher and administrative salaries as a percent of a district's budget, and compares these figures to the state averages for districts of the same type and size. Detailed information regarding salaries can be found at the CDE Web site at: <http://www.cde.ca.gov/ds/fd/cs/>.

**Professional Development**

This section provides information about the program for training the school's teachers and other professional staff.

Professional development is a part of every site plan and a major component of instructional support to departments. The district's professional development program provides opportunities for teachers to implement the district's core curriculum for all students, update subject area expertise, use data to plan instructional improvement strategies and acquire new instructional strategies. Leadership development across content areas is facilitated centrally, and for educators and parents each school continues to provide some full days of professional development during the academic year.
