The School Accountability Report Card (SARC) is required by law to be published annually, by Feb 1st each year. It contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF), all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP) which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For more information about the school, parents and community members should contact the school principal or district office.

DataQuest is an online data tool located at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. test data, enrollment, graduates, dropouts, course enrollments, staffing and data regarding English learners).

Internet access is available at public libraries and other locations that are publicly accessible.

About This School

School Description and Mission Statement

This section provides information about the school's goals and programs.

June Jordan School for Equity (JJSE) is a small high school located in the Excelsior neighborhood of San Francisco. Named after writer and activist June Jordan, whom Alice Walker called “the universal poet.” JJSE’s mission is framed around three themes -- community, social justice, and independent thinkers. We prepare a diverse group of urban youth to be:

- community members who show respect, integrity, courage, and humility
- agents of change in their school, their neighborhoods, and the world; and
- intellectuals with the skills necessary to succeed in college and life.

JJSE is a small school by design, which means that we enroll no more than 60-70 freshman each year and maintain small class sizes and a personalized Advisory system. We are a college prep school with one of the highest college eligibility rates in SFUSD, especially for Latino and African-American students. For more information on the school, please visit our website at <http://jjse.org>.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Teacher Credentials

This table displays the number of teachers assigned to the school with a full credential, without a full credential, and those teaching outside of their subject area of competence. Detailed information about teacher qualifications can be found at the CDE Web site at <http://dq.cde.ca.gov/dataquest/>.

Quality, Currency, and Availability of Textbooks and Instructional Materials

For High Schools (grades 9-12)

The San Francisco Unified School District adopts instructional materials following the cycle of state frameworks and standards, and provides sufficient textbooks for all students to use in class and to take home in the core curriculum areas of reading/language arts, mathematics, science, and history/social studies. Class sets of health instructional materials were provided for high school health teachers. In addition, other Board-adopted core curriculum materials were provided to remedy all insufficiencies identified through a survey and other activities at the annual Instructional Materials Hearing at the October 10, 2017 meeting of the Board of Education. All adopted high school instructional materials have been evaluated and determined locally to meet state standards for grades 9-12. Appropriate science laboratory equipment is available for all laboratory science courses.

For Elementary and Middle Schools (grades K-8)

The San Francisco Unified School District adopts instructional materials following the cycle of state frameworks and standards, and adopts K-8 materials from the list of standards-aligned materials that have been adopted by the State Board of Education. The district provides sufficient textbooks for all students to use in class and to take home in the core curriculum areas of reading/language arts, mathematics, science, and history/social studies. For 2017-2018, instructional materials were provided for all students in grades K-8. Replacements were provided for core curriculum areas as identified through a survey and other activities preceding the annual Instructional Materials Hearing at the October 10, 2017 meeting of the Board of Education.

For complete lists of adopted textbooks, go to:

School Facility Conditions and Improvements

This section provides information about the condition of the school's grounds, buildings, and restrooms, and a description of any planned or recently completed facility improvements.

JJSE is located in the Excelsior neighborhood next to beautiful McLaren Park. The school was completed renovated for disability access in 2010 and is fully equipped including science labs and a computer lab. We have a small but focused library and a vibrant College Access Center. Next to the park is our large school garden which currently includes many food crops, fruit trees, and chickens. We share the building with our neighbors at City Arts and Technology (CAT) charter school; the two schools are completely separate except that CAT students play on JJSE sports teams.

Part B (Pupil Outcomes) begins on the next page.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

California Assessment of Student Performance and Progress Results for All Students

Subject	Percent of Students Meeting or Exceeding State Standards					
	School		District		State	
	2015-16	2016-17	2015-16	2016-17	2015-16	2016-17
English Language Arts/Literacy (grades 3-8 and 11)	14	40	53	55	48	48
Mathematics (grades 3-8 and 11)	3	3	49	50	36	37

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

See Subject - Subgroup results on next pages:

CAASPP Assessment Results - English Language Arts (ELA)
Grades Three to Eight and Grade Eleven (School Year 2016-17)

Foster Youth				

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students that did not receive a score is 10 or less, either because the number of students is too small for statistical accuracy or to protect student privacy.

The number of students tested includes students that did not receive a score; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using students with scores.

Note: Math test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students that did not receive a score is 10 or less, either because the number of students is too small for statistical accuracy or to protect student privacy.

The number of students tested includes students that did not receive a score; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using students with scores.

CAASPP Test Results in Science for All Students

This table displays the percent of students achieving at the Proficient or Advanced level (meeting or exceeding the state standards).

Subject	School			District			State		
	14-15	15-16	16-17	14-15	15-16	16-17	14-15	15-16	16-17
Science (Gr 5,8 and 10)	28	31	--	58	57	--	56	54	--

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternative Performance Assessment (CAPA) in grades five, eight, and ten.

Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The 2016-17 data are not available. CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

Career Technical Education Programs

The section provides information about the Career Technical Education (CTE) programs.

Career Technical Education at SFUSD provides opportunities for high school students to explore and access high-wage high-demand careers, while preparing them for post-secondary education. CTE Pathways offer students a 2-3 year course sequence focused on one industry sector. The CTE curriculum is centered on hands-on, contextualized learning that will help develop student's professionalism and industry-specific skillset. Teachers work with industry advisory boards to provide work-based learning opportunities and a relevant curriculum to students.

SFUSD's model includes rigorous academics, integrated technology, work-based learning and comprehensive support services. This provides avenues for students to draw rich, real world connections across content areas and see the relevance in their day-to-day learning.

We continue to increase the capacity of CTE teachers, counselors and administration, along with local community-based organizations to ensure that non-traditional populations have full access to the Pathways and are set up for success. Specific attention is paid during the recruitment process to support enrollment of populations underrepresented in particular career sectors.

Students enrolled in CTE courses can earn college credit, obtain industry certification(s), participate in a summer internship and build their professional network. Through standards-based curriculum, career readiness activities and supportive cohorts, CTE students are more likely to engage in the school community, persist to graduation and obtain a postsecondary credential, degree or apprenticeship.

The CTE Advisory Committee is chaired by Gary Freund, representing both Cal State East Bay University and the Hospitality/Tourism Advisory Board. The chairs of each of the 10 industry-specific advisory boards serves in a representative capacity on the CTE Advisory Committee.

Career Technical Education Participation (School Year 2016-17)

This table displays information about participation in the school's CTE programs.

<i>Measure</i>	<i>CTE Program Participation</i>

C. Engagement

State Priority: Pupil Engagement

The SARC provides the following information relevant to the Pupil Engagement State Priority (Priority 5):

- High school dropout rates; and
- High school graduation rates.

Dropout Rate and Graduation Rate

This table displays the school's one-year dropout rates and graduation rates for the most recent three-year period. For comparison purposes, data are also provided at the district and state levels. Detailed information about dropout rates and graduation rates can be found at the CDE Web site at <http://dq.cde.ca.gov/dataquest/>.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan - Most Recent Year

This section provides information about the school's comprehensive safety plan.

At JJSE, safety is our first priority. As a small school with only 250 students, we are able to carefully monitor the campus and work closely with students to establish a culture where everyone can feel safe and supported. We explicitly teach what we call the RICH values -- respect, integrity, courage, and humility -- and expect students to be developing themselves as good human beings first, and then as students and intellectuals. We also know that teenagers make frequent mistakes, and when that happens we provide opportunities for students to make amends -- but as a school for social justice, we do not tolerate continued disrespect, bullying, or other behavior that oppresses or dehumanizes others.

Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

Subject	School			District			State		
	14-15	15-16	16-17	14-15	15-16	16-17	14-15	15-16	16-17
Suspensions	4.88	1.34	0.76	1.59	1.28	1.6	3.79	3.65	3.65
Expulsions	0	0	0	0.01	0.01	0.01	0.09	0.09	0.09

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement

This section provides information about opportunities for parents to become involved with school activities.

JJSE was founded through a community organizing effort by a group of teachers, parents, and youth, with the explicit goal of providing better educational options for students who were not being served well in traditional schools. One assumption underlying this effort was the idea that real accountability is rooted in relationships rather than bureaucracy. As part of our effort to be accountable to students and families, we invite parents to sit in on classes and see what their children are learning, and we ask parents to sit on their children's portfolio committees so they can see the progress they are making toward college. We also do parent-teacher conferences twice a year and have monthly parent leadership meetings.

If you are interested in parental involvement opportunities, please contact the principal at the school:

Section D - Other SARC Information

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

Average Class Size and Class Size Distribution (Secondary)

This table displays by subject area the average class size and number of classrooms that fall into each size category (a range of total students per classroom).

Subject	Avg Class Size	2014-15			Avg Class Size	2015-16			Avg Class Size	2016-17

Academic Counselors and Other Support Staff (School Year 2016-17)

This table displays, in units of full-time equivalents (FTE), the number of academic counselors and other support staff who are assigned to the school and the average number of students per academic counselor. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50% of full time. Note: For various reasons, including funding sources and employees serving multiple locations, many of the staff in these positions are listed as working at central administrative offices, and so, will not show up under a particular school's staffing count. This includes the following FTE: Counselors - 11.8, Librarians - 31.6, Nurses - 55.3, Psychologists/Social Workers - 111.6 and Resource Specialists - 155. If additional information is needed regarding staffing in these particular support roles, please contact the school.

Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2015-16)

This table displays a comparison of the school's per pupil expenditures from unrestricted (basic) sources with other schools in the district and throughout the state, and a comparison of the average teacher salary at the school site with average teacher salaries at the district and state levels. The option to report expenditures and salaries for the benefit of all schools in the district equally has been used. Detailed information regarding school expenditures and teacher salaries can be found at the CDE Web site at <http://www.cde.ca.gov/ds/fd/ec/> and <http://www.cde.ca.gov/ds/fd/cs/>.

Types of Services Funded (Fiscal Year 2016-17)

This section provides information about the programs and supplemental services that are available at the school and funded through either categorical or other sources.

Key elements of JJSE's program include:

- class size of 25 or less
- an advisory system, including frequent parent contact
- all students take a-g university entrance requirements
- partnerships with local colleges (SFSU and CCSF) where all students take university courses
- individualized college advising including financial aid (class of 2011 received over \$1 million in scholarships)
- a performance assessment (portfolio) system to create public accountability for student achievement
- a Wellness Center to address mental and physical health needs
- arts courses in partnership with community artists
- "exceptional ed" program for students with autism and other special needs
- student clubs including Black Student Union, Asian Student Union, Raza Club, Women in Science, Gay-Straight Alliance, Best Buddies
- sports teams including basketball (girls & boys), soccer (girls & boys), volleyball (girls), baseball (boys)
- intersession physical fitness program with mini-courses including hiking/camping, martial arts, dance, biking, soccer, and others

Teacher and Administrative Salaries (Fiscal Year 2015-16)

This table displays district-level salary information for teachers, principals, and superintendents, and compares these figures to the state averages for districts of the same type and size. The table also displays teacher and administrative salaries as a percent of a district's budget, and compares these figures to the state averages for districts of the same type and size. Detailed information regarding salaries can be found at the CDE Web site at:

<http://www.cde.ca.gov/ds/fd/cs/>.

Category	District Amount	State Average For Districts In Same Category

Professional Development

This section provides information about the program for training the school's teachers and other professional staff.

Professional development is a part of every site plan and a major component of instructional support to departments. The district's professional development program provides opportunities for teachers to implement the district's core curriculum for all students, update subject area expertise, use data to plan instructional improvement strategies and acquire new instructional strategies. Leadership development across content areas is facilitated centrally, and for educators and parents each school continues to provide some full days of professional development during the academic year.
