**SCHOOL VISION & CONTEXT**

Downtown High School (DHS) is one of two continuation high schools in San Francisco Unified School District (SFUSD) charged with serving students whose success has been limited in the district's traditional high schools. The school offers a small, personalized environment and a staff dedicated to serving students with a variety of needs, ability levels, academic deficiencies, talents, and aspirations. A majority of DHS students are referred by Pupil Services Dept. due to habitual truancy and/or because they lack sufficient credits to graduate on time. Student assignments to DHS also include disciplinary or safety issues that necessitate a transfer. Students come to DHS from all parts of the city but mostly from the southeast corridor. An area of strength for the school is the utilization of a school-wide project-based model as the primary instructional delivery system. Each project is a small learning community that fosters relationships and teamwork. The school is full inclusion where students with learning disabilities are mainstreamed where all students have equal choice in selecting a project. In addition, the school is on a quarter system so that students can earn credits at a faster pace since they receive final grades every nine weeks. The greatest challenge for the school is inconsistent attendance and truancy that result in diminished academic achievement and inability to persevere to present at the culminating semester-end experience of school-wide exhibitions. Two main areas of focus for the staff are healthy communities and school-wide academic initiatives. All staff participates in healthy communities professional developments where we focus on student and adult behaviors and attitudes to increase access and equity for all students. The school-wide initiatives are focused on consistent implementation of staff developed rubrics to assess students that are aligned to the Critical Academic Skills based upon our Critical Learner Needs as identified in our WASC Action Plan.

In the section above, please include salient points from your SARC School Vision and complete an Executive Summary for your school site. Include the following components:

- **Who are you:** What are three to five facts about your school? What is essential to know about your students, staff, and community?
- **Areas of success or strengths:** What are your school’s top one or two strengths that directly impact student academic success, student social/emotional development, and/or school culture/climate?
- **Areas of challenge:** What are your school’s top one or two challenges that directly impact student academic success, student social/emotional development, and/or school culture/climate?
- **Key strategies:** What are the main two or three strategies driving work across your entire school and/or within a large component of your school? (For instance, if someone were to ask any teacher at the school, “what is the school mainly working on right now,” what would he/she say?)
- **High Schools:** You can include the information you have in your WASC Self-Study Report (School Data Profile Section)

SECTION I: Overview and Key Components

Overview
Vision 2025 stands as an important beacon for all schools in San Francisco Unified School District. It signals an audacious commitment to a uniquely 21st century graduate. The Graduate Profile from Vision 2025 is one embodiment of this commitment, and all schools are called on to consider their contributions to this vision. The Graduate Profile includes:

- Content Knowledge
- Career and Life Skills
- Global, Local, and Digital Identity
- Leadership, Empathy, and Collaboration
- Creativity
- Sense of Purpose and Sense of Self

The Balanced Score Card (BSC) for the 2016-2018 school years is intended to draw all schools into conversations about this vision.

Transform Learning, Transform Lives is SFUSD’s newest strategic plan. It articulates a new round of efforts, drawn from the successes and learning of past plans, that advance our district and all its schools towards Vision 2025. This template is intended to support schools to use student outcome data more deeply; to reflect on successes and challenges in implementing SFUSD’s key priorities from the 2015-2016 school year; and to build with increased specificity on each school’s efforts to realize the goals and strategies outlined in the SFUSD 2016-18 Strategic Plan Transform Learning, Transform Lives.

The Balanced Score Card serves as the site’s Single Plan for Student Achievement (SPSA) and as a platform for continuous improvement. The design is intended to integrate components of the Strategic Plan (specifically the “Strategies in Action: Schools”), the Local Control Accountability Plan (LCAP) and the School Quality Improvement Index (SQII). We believe this redesign will further deepen system-wide coherence and enable communities to have informed conversations about teaching and learning.

<tr>
<td>The School Data Profile section has been added</td>

</tr>
<tr>
<td>The School-Wide Analysis and School Planning sections have been combined into one section, as a single progression.</td>
<td>SFUSD’s Balanced Score Card process has always included a section dedicated to school-wide analysis, including analysis of available data and identification of student groups. This has not changed. This year, however, the School-Wide Analysis and School Planning sections have been combined into one section. Combining these sections pivots the focus away from identifying and gathering data to analyzing data, complementing it with site-based qualitative and anecdotal variables, and determining the appropriate and deliberate actions, interventions and resources. Sites are called on to consider all students and targeted or focus students, across different tiers. This refashioned approach links the analysis to the targets and identified strategies and actions in one section, irrespective of terminology (Problems of Practice, Critical Areas of Need, etc.).</td>

Key Requirements
In addition to its use as a strategic planning tool, the Balanced Score Card (BSC) Single Plan for Student Achievement (SPSA) and accompanying school planning process are designed to meet the requirements outlined in California Education Code § 64001. These requirements include:

- School Site Councils must approve the BSC and categorical budget prior to SFUSD Board of Education approval. In order for this to be valid, the School Site Council must have parity.
- Prior to voting on and approving the BSC and budgets, School Site Councils must receive and use feedback from English Learner Advisory Councils (ELACs).
- The BSC must align with the District’s goals for improving student achievement and outcomes and articulate schools’ indicators and assessments for evaluating progress toward these goals. School goals must be based upon an analysis of verifiable state data.
- The plan must be reviewed annually and updated by School Site Councils and approved by SFUSD’s Board of Education whenever there are material changes that affect the academic program for students.
- Onsite reviews for compliance and/or complaints will continue, and may require revision and resubmission of the school plan and appropriate expenditures, specifically as they involve categorical programs and services.

BSC Development Checklist
To be sure that all schools satisfy the key requirements for the BSC and school planning process, sites are required to PDF and upload all of the below documents, including the SharePoint BSC template, to SharePoint in the 2016-18 School Site Folder found on the “School Balanced Score Card” page by March 25, 2016.
1. Balanced Score Card/ Single Plan for School Achievement

- All 2016-2018 School-Wide Action Steps, aligned to the District’s priorities, should be described completely in the SharePoint BSC template and, as necessary, revised in Fall 2016 in alignment with the release of any additional data and final budget allocations.

2. School Site Council Roster*, Signatures, Bylaws & Agendas

- SSC Roster that has been verified to have parity, designating either “staff-alternate” or “parent/community-alternate” for any alternate members selected. Names listed should reflect elected members.
- SSC Signatures (Please scan the final two pages of your BSC for signatures, and upload them to the SharePoint site). **Note:** Signature from the principal and the SSC Chair are required, other members can sign but it is not required.
- SSC Bylaws
- SSC and Community meeting(s) Agenda, Minutes, Sign-In Sheets and handouts that demonstrate feedback and input in the development of the BSC/ SPSA and Budget.

3. Budget

- Articulation of activities and strategies that both school site-managed funds (e.g. WSF, SCG, QEIA, TIIG, Title I) and any centrally-managed FTE or resource allocations will support
- SIG Carryover Expenditures
- All 2016-2017 Title I funds should be accounted for in the BSC
- Quality Education Investment Act (QEIA) Schools – All 2015-2016 carryover QEIA funds are accounted for in the BSC

4. Title I Parent Involvement Policy*

- All Title I schools have an SSC-approved Parent Involvement Policy (PIP) and Home-School Compact in their upload package

*The 2016-18 BSC template also incorporates your School Site Council Roster, SSC Signature & Assurances page, and Title I Parent Involvement Policy into the body of this document. Please note that ELAC and rosters will be collected in January 2017 at the same time that schools submit their annual revisions to the Lau Protocol.
In previous versions of the BSC, schools were required to transcribe data points from SharePoint into their school’s BSC. This year, the data section has been eliminated and schools are called on to invest their time into the analysis of the data, reflection on current practice, targets, strategies and interventions.

Follow this [link](https://district.sfusd.edu/dept/rpa/aao/DataDisk/default.aspx) to your data. Inside your school folder look for the folder titled "SchNum_Balanced_Scorecard_2016-18". This folder includes the following reports:

NOTES:
- All data is provided to you as an overall school average, as well as disaggregated by grade, ethnicity and program. This disaggregated data is what will guide you in identifying your Tier 1, Tier 2 and Focus students.
- Refer to Illuminate Focal Report List to link to student level data
- *In addition your data disk contains other assessment reports such as F&P.
- ** Only applicable to high school, other high school data reports will include On Track/Off Track, FAFSA Completion, Student Clearinghouse and AP Subject Area Test Results
- WASC Tags are helpful recommendations, they do not represent discrete and perfect alignment. Your Chapters may overlap into other areas of the BSC & vice versa.
SECTION III: School-Wide Analysis and Plan

With the adoption of and transition to the Local Control Funding Formula, the State has also issued the Local Control Accountability Plan (LCAP) that outlines the state’s priorities. These align well with SFUSD’s articulated performance indicators and the work we’ve done with the more holistic measures and targets in the School Quality Improvement Index. As you use the data above and other sources accessible to you, please consider the following guiding questions:

- What are the implications of the data, based on your analysis?
- Beyond the quantitative data provided, have you considered anecdotal and internally developed measures to create a more robust representation of your school’s context?
- In each area, identify targets/outcomes that measure impact on student achievement.
- What shifts, in strategy, actions or initiatives are necessary to meet those successful targets/outcomes for students?

As we move forward in our work, we will continue to work towards the enactment of Vision 2025, and the more specific strategies articulated in the 2016-2018 Strategic Plan Transform Learning. Transform Lives.

Strategies in Action: Classrooms

School Plan
Instructional Core / Engaging and Challenging Curriculum

As a school community, please review “Strategies in Action: Classrooms” prior to completing this section. School teams will also find great value by visiting the websites for each subject area described in the section. Data needed to complete this section of the BSC is included in Section II above.

*Focal Group: Site leaders identify a focal group who is not yet meeting high expectations on outcome measures (such as academic achievement, social-emotional learning, etc.). Site leadership teams set specific goals for a focal group and measure their progress toward these desired outcomes on a daily, weekly and monthly basis.

The majority of students have a mindset that they are "not good at math." Around 40% of students earn a D or F in math. Decrease the D/F list to around 30%. Coordinate planning time for math teachers to create lesson plans together and share student work. All math teachers will receive one intensive coaching session in the fall semester. Trained CI teachers will coach new teachers in the model. Resource teachers will work with gen ed teachers to coach paras to support students in math classes.

### English Language Development (ELD)

School sites are implementing comprehensive Designated and Integrated ELD instruction based on the 2012 California ELD Standards. This happens by working in tandem with ELA and other content standards as a pathway towards accelerated language learning, so English Learners can fully access the core curriculum and grade-level appropriate tasks and texts.

Reflecting on your school site data, including CELDT, what will you do to ensure that all students have access to and success in English Language Development and become **Reclassified Fluent English Proficient (RFEP)**?

Strategies in Action: Schools

In *Transform Learning, Transform Lives*, the “Strategies in Action: Schools” section describes the actions of effective schools. The section is organized in keeping with a framework created by researcher Anthony Bryk, which describes five essential supports found in effective schools: (1) leadership, (2) instructional guidance, (3) professional development, (4) student-centered learning environment, and (5) parent-school-community ties.

School teams are encouraged to refer to “Strategies in Action: Schools” as you consider plans for the coming school year.

Leadership, Instructional Guidance & Professional Development

Schools with coherent instructional guidance can articulate the what and how their site’s instructional program. Student tasks are foundational and assessment plays an integral role in student learning. Teachers are clear as to the steps they will take to differentiate instruction and site leaders create the appropriate conditions to ensure all students reach mastery. As you reflect on your site’s current context, what steps, from a leadership perspective, do you need to take to deepen your site’s coherence and mastery of the vision? How will you resource these steps? (consider: IRFs, coaching, site based instructional rounds, data-driven decision making, lesson design, standards-based grading, district sponsored professional development, teacher collaboration)

How will you structure site-based and district professional development/learning?

Staff is chosen to participate in required district professional development on a voluntary basis that is usually aligned to their site working committee. Site-based professional develop is based on the WASC Action Plan. This year we have funded a full-time teacher facilitator who will be coaching, supporting new teachers and researching resources tailored to the individual needs of teachers. The academic themes for the year will be the site literacy initiative and teaching math through complex instruction. Teachers and paras participate in weekly 3 hour workshops throughout the year.

Student-Centered Learning Climate

A school environment that is safe and orderly communicates an expectation that all students will achieve social emotional and academic success. In keeping with a Response to Instruction and Intervention (RTI2) model, the school maintains a safe and supportive school environment where all students benefit from multiple tiers of support including research-based academic interventions and Positive Behavioral Interventions and Supports (PBIS).

As you complete the table below, consider what shifts would be necessary to create a positive school and classroom climate in which all students are in classrooms, supported, learning and engaged, in the least restrictive environment?

Consider the following items as they relate to each category:

**Students with Disabilities/ Promotion of Inclusive Practices**: percentage of students in Special Education schoolwide (identified internally) and number of referrals to Special Education (total & for subgroups-AA,EL). Your community is called upon to consider SFUSD’s commitment to full...
inclusion and increased expectations for students with disabilities.

**Student Engagement/Attendance:** school attendance rates, chronic absenteeism rates

**School Climate:** suspensions, discipline referrals, middle school and high school dropout rates, high school graduation rates and any indicators from student surveys

### Parent-School Communities Ties

Families are the first and most influential teachers of their children. Respecting and welcoming all families into the school community to deepen relationships and engage them will support student achievement and school improvement. Additionally, a community school approach organizes and maximizes the resources of your school and community-based organization partnerships to support student success. The intent of a community school approach is to intentionally support and align these valuable resources around your school’s key strategies, to ensure coherence within your school community.

Reflecting on quantitative and qualitative data (e.g. site-developed measures, survey questions), identify specific school strategies to promote parent input and participation in alignment with SFUSD’s Family Engagement Standards.

**Family Engagement:** Your school’s family engagement strengths and challenges (And how you know…)

**Deepening A Community Schools Approach:** the depth and breadth of CBO partnerships that are essential to your school community.

### Weighted Student Resources in WSF and Other LCFF-Funded Allocations

In the fields below, list the amount of funds you received and describe how you plan to use these funds to increase and improve services to specific student groups.

#### Special Education Weighted Student Formula (WSF-SpEd)

**Allocation** = 2,150

The funds will be used to purchase new computers for the resource teachers to use current software and supplies for the resource center to support students.

Select the Bryk Essential that most aligns to the use of these funds:

- Instructional Guidance (LCAP Priorities: Implement Standards, Pupil Achievement, Course Access)
- Professional Capacity (LCAP Priorities: Basic)
- Student-Centered Learning Climate (LCAP Priorities: Pupil Engagement, School Climate, Other Outcomes)
- Parent-School-Community Ties (LCAP Priorities: Parental Involvement)

#### Supplemental Concentration Grant-English Learner (SCG-EL) 07091

**Allocation** = 15,783

*How will your site use SCG-EL resources to increase and improve services for English Learners? Why is that the best use?*

The bulk of this resource is used to partially fund a bilingual academic counselor and a classroom para. Remaining funds will be used to purchase instructional supplies.

Select the Bryk Essential that most aligns to the use of these funds:

- Instructional Guidance (LCAP Priorities: Implement Standards, Pupil Achievement, Course Access)
- Professional Capacity (LCAP Priorities: Basic)
- Student-Centered Learning Climate (LCAP Priorities: Pupil Engagement, School Climate, Other Outcomes)
- Parent-School-Community Ties (LCAP Priorities: Parental Involvement)

#### Supplemental Concentration Grant - Low Income (SCG-LI) 07090

**Allocation** = 40,664

*How will your site use SCG-LI resources to increase and improve services for low income students? Why is that the best use?*

The majority of this resource is used to partially fund an academic counselor and the remainder will be used to purchase instructional supplies.

Select the Bryk Essential that most aligns to the use of these funds:

- Instructional Guidance (LCAP Priorities: Implement Standards, Pupil Achievement, Course Access)
- Professional Capacity (LCAP Priorities: Basic)
- Student-Centered Learning Climate (LCAP Priorities: Pupil Engagement, School Climate, Other Outcomes)
- Parent-School-Community Ties (LCAP Priorities: Parental Involvement)

#### LCFF Concentration Grant (SCG-C) 07092

**Allocation** = 35,000

*If your school site receives a Concentration allocation, how will these additional resources be used to increase and improve services for these (EL/LI) populations? Why is that the best use?*

Most of this resource is used to partially fund a special ed para and the remainder will be used for field experiences.

Select the Bryk Essential that most aligns to the use of these funds:

- Instructional Guidance (LCAP Priorities: Implement Standards, Pupil Achievement, Course Access)
- Professional Capacity (LCAP Priorities: Basic)
- Student-Centered Learning Climate (LCAP Priorities: Pupil Engagement, School Climate, Other Outcomes)
- Parent-School-Community Ties (LCAP Priorities: Parental Involvement)

#### Targeted Instruction Improvement Grant (TIIBG) 07940

**Allocation** = 40,000

*If your school site receives a TIIBG allocation, how will these additional resources be used to increase and improve services for these populations? Why is that the best use?*

Most of this resource is used to partially fund a special ed para and the remainder will be used for field experiences.

SECTION V: Recommendations and Assurances

Please print these final two pages of your BSC/SPSA. Be sure that the principal has reviewed, checked, and initialed each assurance and that the principal and SSC president have signed the assurances page, and that all SSC members, along with their role & title, are listed in the roster.

The School Site Council has voted on this school plan and its related expenditures and passes it on to the district governing board for approval, assuring the board of the following:

- The SSC is correctly constituted, and was formed in accordance with district governing board policy and state law.
- The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the school plan requiring board approval.
- The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:
  - English Learner Advisory Committee (ELAC)
  - Community Advisory Committee for Special Education Programs
  - Other (list)
- The SSC reviewed the content requirements for school plans of programs included in this Balanced Scorecard/Single Plan for Student Achievement and believes all such content requirements have been met, including those found in district governing board policies, SFUSD’s strategic plan, and in the Local Improvement Plan.
- This school plan is based upon a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.
- The school held two (2) community meetings prior to the completion of the school site plan.
  1. One meeting to gather input from the school community including all advisory committees.
  2. One meeting to present plan upon its completion before March 25, 2016.
- The SSC reviewed the impact of the school’s categorical programs and made alterations to these investments on the basis of student achievement data. This review was conducted on:
- For Title I School-Wide Program Schools ONLY: Based on our comprehensive review of school data and program goals, our SSC elects to have our site continue as School-Wide Program.
- Our site has a process and budget for replacing lost or damaged textbooks as well as a process for managing textbooks to ensure that each student has standards-aligned textbooks or other required instructional materials to use in class or to use at home in order to complete required homework assignments.
- Our site uses an IEP Master Calendar to ensure compliance with Special Education timelines.

This school plan was adopted by the SSC on:
Please make sure the role listed clearly indicates whether the person is a principal, classroom teacher, other staff, parent, community member or student. Co-Chair and alternates can be identified in addition to role as listed above (i.e., “Teacher/Co-Chair” or “Parent/Alternate”).
