SCHOOL VISION & CONTEXT

June Jordan School for Equity (JJSE) is a small high school located in the Excelsior neighborhood of San Francisco. The school is named after writer and activist June Jordan, whom Alice Walker called “the universal poet.” JJSE was founded in 2003 through a community organizing effort by a group of teachers, parents, and youth, with the explicit goal of providing better educational options for students who were not being served well in traditional schools. JJSE is part of San Francisco Unified School District and as a “Small School by Design” with smaller classes and a high degree of personalization, provides an alternative model within SFUSD’s portfolio of school options. JJSE enrolls the highest percentage of low-income students and special education students among SFUSD high schools. Many of our students struggle daily with the impact of the city’s rapid gentrification, which is forcing long-time residents to leave the city and undermining community-based efforts to stem rising crime and violence. At JJSE, we are committed not only to prepare students for college, but also to honor the traditions of their communities by teaching students to be leaders who are prepared to work for a more equitable world. Our mission is to prepare young people in three key areas: 1- Community: We live with respect, integrity, courage, and humility (the "RICH" Values). 2- Social Justice: We stand against oppression and work to create positive change in ourselves and our communities. 3- Independent Thinkers: We develop ourselves as intellectuals with the skills we need to succeed. This mission is closely aligned with SFUSD's Vision 2025 and its graduate profile. We are proud that our school has high student satisfaction rates, and solid graduation and college access rates. For the past decade, JJSE has had some of the highest 4-year college eligibility rates in SFUSD, especially for Black and Latino students. Our college enrollment and success rates also meet or exceed district and state averages. We are always striving to improve, in particular with respect to our students’ performance on standardized tests, which has not matched our high college access rates. We believe that if we continue to strengthen our school's social and intellectual culture, and provide deeper opportunities for student leadership, we will realize the vision expressed by our namesake June Jordan when she wrote, “We are the ones we have been waiting for.”

In the section above, please include salient points from your SARC School Vision and complete an Executive Summary for your school site. Include the following components:

- **Who are you:** What are three to five facts about your school? What is essential to know about your students, staff, and community?
- **Areas of success or strengths:** What are your school’s top one or two strengths that directly impact student academic success, student social/emotional development, and/or school culture/climate?
- **Areas of challenge:** What are your school’s top one or two challenges that directly impact student academic success, student social/emotional development, and/or school culture/climate?
- **Key strategies:** What are the main two or three strategies driving work across your entire school and/or within a large component of your school? (For instance, if someone were to ask any teacher at the school, “what is the school mainly working on right now,” what would he/she say?)
- **High Schools:** You can include the information you have in your WASC Self-Study Report (School Data Profile Section)
SECTION I: Overview and Key Components

SECTION II: School Data Profile

SECTION III: School-Wide Analysis and Plan

1. Strategies in Action: Instructional Core/Engaging & Challenging Curriculum
   - Language Arts Core Curriculum in English & Other Targeted Languages (including Language Pathways)
   - Mathematics Core Curriculum
   - English Language Development (ELD)
   - Other Subject Areas (Secondary Schools, optional for Elementary)
   - College & Career Readiness

2. Strategies in Schools:
   - Leadership, Instructional Guidance & Professional Development
   - Student-Centered Learning Climate
     - Students with Disabilities
     - School Engagement
     - School Climate

3. Parent-School-Community Ties
   - Family Engagement
   - Deepening a Community Schools Approach

SECTION IV: School Budget & Resource Priorities

SECTION V: Recommendations and Assurances

Supplemental Reference Documents
- Vision 2025 Graduate Profile
- SFUSD’s 2016-18 Strategic Plan Transform Learning, Transform Lives
- Site-Based Budget Guide
SECTION I: Overview and Key Components

Overview
Vision 2025 stands as an important beacon for all schools in San Francisco Unified School District. It signals an audacious commitment to a uniquely 21st century graduate. The Graduate Profile from Vision 2025 is one embodiment of this commitment, and all schools are called on to consider their contributions to this vision. The Graduate Profile includes:

- Content Knowledge
- Career and Life Skills
- Global, Local, and Digital Identity
- Leadership, Empathy, and Collaboration
- Creativity
- Sense of Purpose and Sense of Self

The Balanced Score Card (BSC) for the 2016-2018 school years is intended to draw all schools into conversations about this vision.

Transform Learning, Transform Lives is SFUSD’s newest strategic plan. It articulates a new round of efforts, drawn from the successes and learning of past plans, that advance our district and all its schools towards Vision 2025. This template is intended to support schools to use student outcome data more deeply; to reflect on successes and challenges in implementing SFUSD’s key priorities from the 2015-2016 school year; and to build with increased specificity on each school’s efforts to realize the goals and strategies outlined in the SFUSD 2016-18 Strategic Plan Transform Learning, Transform Lives.

The Balanced Score Card serves as the site’s Single Plan for Student Achievement (SPSA) and as a platform for continuous improvement. The design is intended to integrate components of the Strategic Plan (specifically the “Strategies in Action: Schools”), the Local Control Accountability Plan (LCAP) and the School Quality Improvement Index (SQII). We believe this redesign will further deepen system-wide coherence and enable communities to have informed conversations about teaching and learning.

<table>
<thead>
<tr>
<th>What Has Changed?</th>
<th>Why Has it Changed?</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>The School Data Profile section has been added</strong></td>
<td>In previous versions schools were required to transcribe data points into the BSC. With the advent of the School Quality Improvement Index and our shift toward a more holistic set of measures, we can produce summary data reports that can be easily accessed from the BSC document.</td>
</tr>
<tr>
<td><strong>The School-Wide Analysis and School Planning sections have been combined into one section, as a single progression.</strong></td>
<td>SFUSD’s Balanced Score Card process has always included a section dedicated to school-wide analysis, including analysis of available data and identification of student groups. This has not changed. This year, however, the School-Wide Analysis and School Planning sections have been combined into one section. Combining these sections pivots the focus away from identifying and gathering data to analyzing data, complementing it with site-based qualitative and anecdotal variables, and determining the appropriate and deliberate actions, interventions and resources. Sites are called on to consider all students and targeted or focus students, across different tiers. This refashioned approach links the analysis to the targets and identified strategies and actions in one section, irrespective of terminology (Problems of Practice, Critical Areas of Need, etc.)</td>
</tr>
</tbody>
</table>

Key Requirements
In addition to its use as a strategic planning tool, the Balanced Score Card (BSC) Single Plan for Student Achievement (SPSA) and accompanying school planning process are designed to meet the requirements outlined in California Education Code § 64001.

These requirements include:

- School Site Councils must approve the BSC and categorical budget prior to SFUSD Board of Education approval. In order for this to be valid, the School Site Council must have parity.
- Prior to voting on and approving the BSC and budgets, School Site Councils must receive and use feedback from English Learner Advisory Councils (ELACs).
- The BSC must align with the District’s goals for improving student achievement and outcomes and articulate schools’ indicators and assessments for evaluating progress toward these goals. School goals must be based upon an analysis of verifiable state data.
- The plan must be reviewed annually and updated by School Site Councils and approved by SFUSD’s Board of Education whenever there are material changes that affect the academic program for students.
- Onsite reviews for compliance and/or complaints will continue, and may require revision and resubmission of the school plan and appropriate expenditures, specifically as they involve categorical programs and services.

BSC Development Checklist
To be sure that all schools satisfy the key requirements for the BSC and school planning process, sites are required to PDF and upload all of the below documents, including the SharePoint BSC template, to SharePoint in the 2016-18 School Site Folder found on the “School Balanced Score Card” page by March 25, 2016.
1. **Balanced Score Card/ Single Plan for School Achievement**
   - All 2016-2018 School-Wide Action Steps, aligned to the District’s priorities, should be described completely in the SharePoint BSC template and, as necessary, revised in Fall 2016 in alignment with the release of any additional data and final budget allocations.

2. **School Site Council Roster*, Signatures, Bylaws & Agendas**
   - SSC Roster that has been verified to have parity, designating either “staff-alternate” or “parent/community-alternate” for any alternate members selected. Names listed should reflect elected members.
   - SSC Signatures (Please scan the final two pages of your BSC for signatures, and upload them to the SharePoint site). **Note:** Signature from the principal and the SSC Chair are required, other members can sign but it is not required.
   - SSC Bylaws
   - SSC and Community meeting(s) Agenda, Minutes, Sign-In Sheets and handouts that demonstrate feedback and input in the development of the BSC/ SPSA and Budget.

3. **Budget**
   - Articulation of activities and strategies that both school site-managed funds (e.g. WSF, SCG, QEIA, TIIG, Title I) and any centrally-managed FTE or resource allocations will support
   - SIG Carryover Expenditures
   - All 2016-2017 Title I funds should be accounted for in the BSC
   - Quality Education Investment Act (QEIA) Schools – All 2015-2016 carryover QEIA funds are accounted for in the BSC

4. **Title I Parent Involvement Policy***
   - All Title I schools have an SSC-approved *Parent Involvement Policy* (PIP) and *Home-School Compact* in their upload package

---

*The 2016-18 BSC template also incorporates your School Site Council Roster, SSC Signature & Assurances page, and Title I Parent Involvement Policy into the body of this document. Please note that ELAC and rosters will be collected in January 2017 at the same time that schools submit their annual revisions to the Lau Protocol.*
In previous versions of the BSC, schools were required to transcribe data points from SharePoint into their school’s BSC. This year, the data section has been eliminated and schools are called on to invest their time into the analysis of the data, reflection on current practice, targets, strategies and interventions.

Follow this [link](https://district.sfusd.edu/dept/rpa/aao/DataDisk/default.aspx) to your data. Inside your school folder look for the folder titled "SchNum_Balanced_Scorecard_2016-18". This folder includes the following reports:

<table>
<thead>
<tr>
<th>Report Title (Description)</th>
<th>Contains data for the following Strategies in Action</th>
<th>Data in Report</th>
</tr>
</thead>
</table>
| **Mid-Year Performance Metrics** (School-wide and sub-group performance in comparison to the district) | • Instructional Core: ELA, ELD and Math  
• Student-Centered Learning Climate | 2015-16 Chronic Absenteeism Rates, IAB ELA and Math, F&P English and Spanish, SRI, Math Task and Writing Task |
| **CELDT Performance and Trend** (3-year AMAO Trends and current year school-wide and sub-group performance) | • Instructional Core: ELD | Annual Growth on CELDT (AMAO 1) and Attaining English Proficiency (AMAO 2) for 3-years, 2015-16 CELDT Performance Levels |
| **SQII 2014-15** (SQII Performance, definitions, thresholds and targets) | • Instructional Core: ELA, ELD and Math  
• Student-Centered Learning Climate  
• College and Career Readiness | Overall and sub-group SQII domain and metric data, metric definitions, CORE thresholds and SFUSD suggested targets |
| **Fall 2015 Grades Summary Gr 6-12** (School-wide and sub-group performance in 4-Core Content areas) | • Instructional Core: ELA, Math, Other Subject Areas  
• College and Career Readiness | Overall and sub-group grades – % A’s and % D & F’s for English Language Arts, Math, Science, Social Science and GPA Average |
| **College Readiness School Profile** (Performance on college readiness indicators) | • College and Career Readiness | 3-year trend data on SAT, ACT, AP and EAP with number tested and average scores |

**NOTES:**

- All data is provided to you as an overall school average, as well as disaggregated by grade, ethnicity and program. This disaggregated data is what will guide you in identifying your Tier 1, Tier 2 and Focus students.
- Refer to [Illuminate Focal Report List](https://district.sfusd.edu/dept/rpa/aao/DataDisk/default.aspx) to link to student level data
- *In addition your data disk contains other assessment reports such as F&P.*
- ** Only applicable to high school, other high school data reports will include On Track/Off Track, FAFSA Completion, Student Clearinghouse and AP Subject Area Test Results
- WASC Tags are helpful recommendations, they do not represent discrete and perfect alignment. Your Chapters may overlap into other areas of the BSC & vice versa.
**SECTION III: School-Wide Analysis and Plan**

With the adoption of and transition to the Local Control Funding Formula, the State has also issued the Local Control Accountability Plan (LCAP) that outlines the state’s priorities. These align well with SFUSD’s articulated performance indicators and the work we’ve done with the more holistic measures and targets in the School Quality Improvement Index. As you use the data above and other sources accessible to you, please consider the following guiding questions:

- What are the implications of the data, based on your analysis?
- Beyond the quantitative data provided, have you considered anecdotal and internally developed measures to create a more robust representation of your school’s context?
- In each area, identify targets/outcomes that measure impact on student achievement.
- What shifts, in strategy, actions or initiatives are necessary to meet those successful targets/outcomes for students?

As we move forward in our work, we will continue to work towards the enactment of Vision 2025, and the more specific strategies articulated in the 2016-2018 Strategic Plan *Transform Learning. Transform Lives.*

**Strategies in Action: Classrooms**

**School Plan**

**Instructional Core / Engaging and Challenging Curriculum**

As a school community, please review “Strategies in Action: Classrooms” prior to completing this section. School teams will also find great value by visiting the websites for each subject area described in the section. Data needed to complete this section of the BSC is included in Section II above.

*Focal Group: Site leaders identify a focal group who is not yet meeting high expectations on outcome measures (such as academic achievement, social-emotional learning, etc.). Site leadership teams set specific goals for a focal group and measure their progress toward these desired outcomes on a daily, weekly and monthly basis.*

**Language Arts Core Curriculum in English and Other Targeted Languages (including Language Pathways)**

**Academic Tier One** - Access to the core curriculum for all students: What will you do to ensure that all students have access to and success in the core academic program?

**Analysis of Results Language Arts-All Students**

In a narrative, describe what your analysis of the data says about your school. Consider data points that are internally developed and/or qualitative.

**WASC Ch.2**

<table>
<thead>
<tr>
<th>Based on the analysis of the results, what are your targets/performance goals?</th>
<th>What instructional shifts will be required to achieve these goals?</th>
</tr>
</thead>
<tbody>
<tr>
<td>Increase SRI scores so that more than 50% of students score above basic, and 30% score proficient or above. Increase SBAC scores so that 25% meet or exceed standards.</td>
<td>Implement grading for learning not sorting (growth mindset). Support teachers to develop their practice in the areas of Students as Intellectuals and Teacher as Coach in the JJSE pedagogy Review and standardize school-wide literacy approach (including all subject areas).</td>
</tr>
</tbody>
</table>

**Academic Tier Two** - What intervention strategies will you use to serve students who need additional support to be successful in the core Language Arts program? If you have a centrally allocated Academic RtI Facilitator, please articulate how that staff will be utilized in pursuit of those goals?

**Analysis of Results for Language Arts-Intervention**

On the Fall 2015 SRI reading assessment, 40% of JJSE students scored above basic and only 20% scored proficient or above. On the 2015 SBAC, only 14% of 11th graders met or exceeded standards. Our internal Portfolio system shows that many students initially score at or below minimum standards for 10th grade. According to teachers’ reports, many students enter JJSE needing significant additional support in reading and writing skills.

<table>
<thead>
<tr>
<th>Based on the analysis of the results, what are your targets/performance goals?</th>
<th>What interventions are required to ensure all students reach mastery?</th>
</tr>
</thead>
<tbody>
<tr>
<td>Increase SRI scores so that more than 50% of students score above basic, and 30% score proficient or above. Increase SBAC scores so that 25% meet or exceed standards.</td>
<td>Develop processes for all students to set individualized goals &amp; take ownership of their learning. Refine support systems available through Advisory Expand Youth Leadership Team peer tutoring program. Implement strategies for increased student metacognition of skills. Students will reflect on ELA skills and learning targets twice per year leading up to and during student-led conferences with families. Students will continue to participate in SSR during class and read high-interest texts with authentic themes and stories relevant to their lived experiences.</td>
</tr>
</tbody>
</table>
**Focal Group**: For your focal group, (African American, English Language Learners, Students with Special Needs), what specific goals and shifts will you set to ensure access to the core curriculum and academic success, in both formative assessment measures and SQII?

<table>
<thead>
<tr>
<th>Analysis of results for Language Arts-Focal Group</th>
<th>Based on the analysis of the results, what are your targets/performance goals?</th>
<th>What interventions are required to ensure all students reach mastery?</th>
</tr>
</thead>
<tbody>
<tr>
<td>JJE serves the highest percentage of students with IEPs among SFUSD high schools (about 27%). On the SRI assessment, only 7% of students with IEPs met or exceeded standards, compared to 20% of students overall.</td>
<td>Increase performance of students with IEPs so that it meets or exceeds performance of students overall.</td>
<td>Improve case management and interventions by training and supporting special education staff Improve scaffolding by training general ed staff</td>
</tr>
</tbody>
</table>

**Mathematics Core Curriculum**

**Academic Tier One**: Access to the core curriculum for all students: What will you do to ensure that all students have access to and success in the core academic program?

<table>
<thead>
<tr>
<th>Analysis of Results Mathematics-All Students</th>
<th>Based on the analysis of the results, what are your targets/performance goals?</th>
<th>What instructional shifts will be required to achieve these goals?</th>
</tr>
</thead>
<tbody>
<tr>
<td>On the Spring 2015 SBAC, 0% of 11th graders met standards. This result is consistent with past low performance on math standardized assessments. Our internal portfolio results are slightly better but still reflect low performance. In addition, in Fall 2015, 29% of JJSE math students failed coursework.</td>
<td>Increase SBAC scores so that 20% of students meet or exceed standards. Reduce failure rates in math courses to 20% or less.</td>
<td>We are in the midst of a multi-year effort to improve math instruction and “shift the math culture” at JJSE. We have doubled instructional time in 9th and 10th grade math in order to allow for both deep conceptual work as well as much-needed skill building. The conceptual work has been effective but we are still developing in the area of practice/ skill-building, and are exploring a “blended learning” model.</td>
</tr>
</tbody>
</table>

**Academic Tier Two**: What intervention strategies will you use to serve students who need additional support to be successful in the core academic program? If you have a centrally allocated Academic RtI Facilitator, please articulate how that staff will be utilized in pursuit of those goals?

<table>
<thead>
<tr>
<th>Analysis of Results for Mathematics-Intervention</th>
<th>Based on the analysis of the results, what are your targets/performance goals?</th>
<th>What interventions are required to ensure all students reach mastery?</th>
</tr>
</thead>
<tbody>
<tr>
<td>In addition to standardized results, our teachers have noted that many JJSE students enter high school with huge gaps in their mathematical understanding (e.g., not knowing what a fraction is, or how negative numbers operate, etc.)</td>
<td>Increase SBAC scores so that 20% of students meet or exceed standards.</td>
<td>Implement “blended learning” model to provide individualized practice to address gaps Refine support systems available through Advisory Expand Youth Leadership Team peer tutoring program Student learning targets will be tracked on a weekly basis and uploaded onto school loop. Students will reflect on progress during student-led conferences and weekly during consultancy. Teachers will look at lessons together, do peer-observations. Teachers will collect data based on observations by peers and co-directors and work on questioning strategies and facilitation skills. Teachers will look at grade data together at the beginning of the year and look at grade data each quarter to track student progress.</td>
</tr>
</tbody>
</table>

**Focal Group**: For your focal group (African American, English Language Learners, Students with Special Needs), what specific goals and shifts will you set to ensure access to the core curriculum and academic success?

<table>
<thead>
<tr>
<th>Analysis of results for Mathematics-Focal Group</th>
<th>Based on the analysis of the results, what are your targets/performance goals?</th>
<th>What interventions are required to ensure all students reach mastery?</th>
</tr>
</thead>
<tbody>
<tr>
<td>JJE serves the highest percentage of students with IEPs among SFUSD high schools (about 27%). In Fall 2015, 35% of students with IEPs failed math coursework, compared to 29% of students overall.</td>
<td>Increase performance of students with IEPs so that it meets or exceeds performance of students overall.</td>
<td>Improve case management and interventions by training and supporting special education staff Improve scaffolding by training general ed staff</td>
</tr>
</tbody>
</table>

**English Language Development (ELD)**
School sites are implementing comprehensive Designated and Integrated ELD instruction based on the 2012 California ELD Standards. This happens by working in tandem with ELA and other content standards as a pathway towards accelerated language learning, so English Learners can fully access the core curriculum and grade-level appropriate tasks and texts.

Reflecting on your school site data, including CELDT, what will you do to ensure that all students have access to and success in English Language Development and become **Reclassified Fluent English Proficient (RFEP)**?

<table>
<thead>
<tr>
<th>Analysis of results (including CELDT, F&amp;P or SRI and SBAC) for all ELs (By Typology: Newcomer, Developing, LTELs, recently reclassified)</th>
<th>Based on the analysis of the results, what are your targets/performance goals?</th>
<th>What interventions are required to ensure all students reach mastery?</th>
</tr>
</thead>
<tbody>
<tr>
<td>In a narrative, describe what your analysis of the data says about your school.</td>
<td>Continue to build on this success by increasing the percentage of students meeting target (AMAO 1) to 65%</td>
<td>Implement school-wide literacy strategies such as annotation. Students will track skill-based learning targets in classes and be given time to revise skills if needed. Emphasis on eventual independence in reading and writing strategies including annotations, talking to the text, summarizing, etc.</td>
</tr>
</tbody>
</table>

From 2014-15 to 2015-16, we saw a significant increase in CELDT scores—from 42% to 55% of students showing year-to-year growth (AMAO 1). While we still have work to do on the absolute percentage of students attaining English proficiency (AMAO 2), we did see gains from 8% to 18% in <5 years students, and from 31% to 35% in >5 years students. We also see a clear increase in CELDT levels as grade levels increase, so by 12th grade 86% of students are Early Advanced or Advanced.

**Other Subject Areas (Secondary Schools, optional for Elementary)**

<table>
<thead>
<tr>
<th>Analysis of Results - All Students</th>
<th>Based on the analysis of the results, what are your targets/performance goals?</th>
<th>What instructional shifts will be required to achieve these goals? What resources or support will be required to achieve these goals?</th>
</tr>
</thead>
<tbody>
<tr>
<td>For these departments, data is not collected centrally. Consider data points that are internally developed and/or qualitative.</td>
<td>Reduce failure rates in math and science to less than 20%</td>
<td>Our math and science teams are already working on grading and pedagogical shifts (such as blended learning in math, inquiry-based learning in science) to address these issues. Students will participate in consultancy every Wednesday afternoon in advisory for a study skills session. Develop RICH rubric for students to self-assess as part of the grading system. Peer tutoring in the EDP program as well as honor roll celebrations will be used to celebrate students who are doing well. Continue to make sure that groupwork and community success is more important than each individual students’ success.</td>
</tr>
</tbody>
</table>

### College and Career Readiness

Describe your site’s goals and actions to promote a college and career going culture and to ensure student outcomes are aligned to and support the Graduate Profile and the 10 Big Shifts, as described in Vision 2025.

**High Schools Indicators**: On-Track/Off-Track, SAT/ACT, PSAT, Advanced Placement courses offered/passage rate for underrepresented populations, Career Pathways, internship opportunities, dual/concurrent enrollment, AVID, FAFSA completion, Credit Recovery, etc.

**Middle Schools Indicators**: AVID, High School Readiness, College visits, college and career plans

<table>
<thead>
<tr>
<th>Narrative describing college going culture (using indicators suggested above)</th>
<th>What are your targets/goals?</th>
<th>What shifts will be required to achieve these goals?</th>
</tr>
</thead>
<tbody>
<tr>
<td>JJSE’s college access rates are significantly higher than district and state averages, especially for Black and Latino students. For the classes of 2010 to 2013 (4-year average), 75% of Black JJSE graduates were a-g eligible compared to 27% in SFUSD; 60% of Latino JJSE grads were a-g eligible compared to 35% in SFUSD; and 64% of all JJSE grads were a-g eligible compared to 55% in SFUSD</td>
<td>Our long-term target is 100% of JJSE grads eligible for 4-year university, so all students have that option even if they choose not to take it</td>
<td>Continue to refine our already strong college access program</td>
</tr>
</tbody>
</table>

### Elementary Schools
What is your plan for promoting college and career readiness?

Strategies in Action: Schools

In Transform Learning, Transform Lives, the "Strategies in Action: Schools" section describes the actions of effective schools. The section is organized in keeping with a framework created by researcher Anthony Bryk, which describes five essential supports found in effective schools: (1) leadership, (2) instructional guidance, (3) professional development, (4) student-centered learning environment, and (5) parent-school-community ties.

School teams are encouraged to refer to "Strategies in Action: Schools" as you consider plans for the coming school year.

Leadership, Instructional Guidance & Professional Development

Schools with coherent instructional guidance can articulate the what and how of their instructional program. Student tasks are foundational and assessment plays an integral role in student learning. Teachers are clear as to the steps they will take to differentiate instruction and site leaders create the appropriate conditions to ensure all students reach mastery. As you reflect on your site's current context, what steps, from a leadership perspective, do you need to take to deepen your site's coherence and mastery of the vision. How will you resource these steps? (consider: IRFs, coaching, site based instructional rounds, data-driven decision making, lesson design, standards-based grading, district sponsored professional development, teacher collaboration)

How will you structure site-based and district professional development/learning?

All professional development at JJSE is focused on one or more elements of the JJSE Pedagogy, or "Art of Social Justice Teaching," which all staff are expected to use as their goal for effective teaching. This year, we are prioritizing "Teacher as Coach" and "Student as Intellectual" strategies. PD will include: Students giving feedback to teachers - Teacher self-assessment - Delving more into questioning techniques and facilitation techniques in class. - How to relate content to students' lived experience in an authentic way. - Flip the classroom into student-centered spaces where student leadership and voices are elevated. - Continue PD on growth mindset. - Continue conversations on race and identity with staff. The specific elements of the Pedagogy are as follows: 1) Warm Demander: develop your students as human beings first Family & Culture: understand & honor the strengths of the community Authenticity: model vulnerability and humility, be an ally, respect your students Clear Boundaries: Show Strength, Listen & Affirm, Challenge & Offer a Choice Growth Mindset: believe in the "impossible," embrace failure 2) Safe Classroom Community: protect your students in a potentially dangerous world Prevention: clear expectations, talk about values, Teacher Voice, One Mic Rituals: Mindfulness, Talking Circle, Strong Start, Strong Finish Jedi Awareness & Control the Mood Intervention: assume positive intent, keep it in perspective, deliberate escalation, when to stop the curriculum and when/how to remove students 3) Knowledge of Students: start where your students are, not where you want/imagine them to be Prior Knowledge: what do students know? what are their experiences? (misconceptions?) Student Voice: what do students care about? what do they think? (examples of activities like sort, chalk talk, dot voting, etc.) Individual Needs: differentiation without tracking, adjusting instruction based on formative assessment Choice: students should have real choices about how and what they learn (this does not mean we let students study whatever they want, but rather that students should be active in driving their own learning) 4) Students as Intellectuals: develop your students as a community of warior-scholars Inquiry: there is no "right answer," questioning, evidence, students as sources of knowledge Collective Accountability: classroom as intellectual community Code Switching: academic language & discussion formats Intellectual Challenge: high-level multicultural texts, complex problems, big ideas, less is more 5) Teacher as Coach: let your students do the work Metacognition: students should know how they learn & how to self-assess Academic Skills: binders, annotations, note-taking skills, etc. Culture of Revision & Practice: models of excellent work, multiple revisions, guided practice Team Work: heterogeneous groups, clear roles, focus on the process, address status 6) Social Justice Curriculum: teach a curriculum that helps students understand the real world Clear Purpose: students know what they are doing and why it matters Relevance: the curriculum helps explain the real world & oppression (social justice curriculum in math, science, humanities, arts, language, special education/life skills, multicultural curriculum, community connections, & cross-curricular connections) Encourage Dissecting Opinions: critical thinking is the goal Human Values: the curriculum is grounded in justice, fairness, dignity, & cultural strengths

<table>
<thead>
<tr>
<th>School-Wide Action Step(s)</th>
<th>How will you resource this? (Site Budget, Specific Categorical Fund, People, etc.)(Prop A, MTSS Resource Staff Facilitation, Site Funded Sub release, Title I)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Increase coaching and instructional support for teachers, especially around the &quot;teacher as coach&quot; element of the JJSE Pedagogy</td>
<td>New instructional support position provided by SFUSD</td>
</tr>
</tbody>
</table>

Student-Centered Learning Climate

A school environment that is safe and orderly communicates an expectation that all students will achieve social emotional and academic success. In keeping with a Response to Instruction and Intervention (RTI2) model, the school maintains a safe and supportive school environment where all students benefit from multiple tiers of support including research-based academic interventions and Positive Behavioral Interventions and Supports (PBIS).

As you complete the table below, consider what shifts would be necessary to create a positive school and classroom climate in which all students are in classrooms, supported, learning and engaged, in the least restrictive environment?

Consider the following items as they relate to each category:

Students with Disabilities/ Promotion of Inclusive Practices: percentage of students in Special Education schoolwide (identified internally) and number of referrals to Special Education (total & for subgroups-AA,EL). Your community is called upon to consider SFUSD’s commitment to full inclusion and increased expectations for students with disabilities.

Student Engagement/Attendance: school attendance rates, chronic absenteeism rates

School Climate: suspensions, discipline referrals, middle school and high school dropout rates, high school graduation rates and any indicators from student surveys
**Reflecting on and improving a Student-Centered Learning Climate**

<table>
<thead>
<tr>
<th>Analysis of Data</th>
<th>Targets</th>
<th>Strategies &amp; Interventions</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Students with Disabilities/ Promotion of Inclusive Practices</strong></td>
<td>JJSE serves the highest percentage of students with IEPs among all SFUSD high schools, and our approach is highly inclusive.</td>
<td>Increase GPAs of students with IEPs.</td>
</tr>
<tr>
<td><strong>Student Engagement/ Attendance</strong></td>
<td>JJSE's instructional time rate is around 89-90%, slightly below the district average of 93%– but rates for Black and Latino students are at or above the district average.</td>
<td>Continued increase in attendance as measured by instructional time, for all student groups (baseline is 2013-14 rate: 90% for all students; 88% for Black students; 91% for Latino students; 89% for special education students; 90% for English learners)</td>
</tr>
<tr>
<td><strong>School Climate</strong></td>
<td>JJSE’s suspension rate has remained low (5-6%) over the past several years. We have very few out-of-class referrals due to our “Security Plus”/school cell phone support system. Our dropout rates are near or below the district average.</td>
<td>Continued moderate suspension rates and high levels of student and parent satisfaction with the suspension process, for all student groups. Continued low rates of physical conflict on campus. Reduced rates of classroom disruptions.</td>
</tr>

**Parent-School Communities Ties**

Families are the first and most influential teachers of their children. Respecting and welcoming all families into the school community to deepen relationships and engage them will support student achievement and school improvement. Additionally, a community school approach organizes and maximizes the resources of your school and community-based organization partnerships to support student success. The intent of a community school approach is to intentionally support and align these valuable resources around your school’s key strategies, to ensure coherence within your school community.

Reflecting on quantitative and qualitative data (e.g. site-developed measures, survey questions), identify specific school strategies to promote parent input and participation in alignment with SFUSD’s Family Engagement Standards.

**Family Engagement:** Your school’s family engagement strengths and challenges (And how you know…)

**Deepening A Community Schools Approach:** the depth and breadth of CBO partnerships that are essential to your school community.

**Parent-School-Community Engagement**

<tr>
<td>Our effort to revive the parent organizing committee has made some progress. We have a small core group of parents which meets monthly, and we have had up to 25 parents attend some recent meetings on key issues. Parents have helped organize a new annual schoolwide pot luck lunch called Gratitude Day which we host during the week of Thanksgiving. Parent involvement as measured by Advisors’ frequent contact with parents, including twice yearly parent conferences, has also remained strong. Families are also part of our Performance Assessment System where for every tenth grader, families come and participate in hour-long assessment presentations about what students have learned, how they connect to their learning, and their goals for the future.</td>
<td>Continue to expand parent engagement opportunities and parent participation, including parent organizing</td>
<td>See WASC action plan for details</td>

**SECTION IV: School Budget & Resource Priorities**

### Weighted Student Resources in WSF and Other LCFF-Funded Allocations

In the fields below, list the amount of funds you received and describe how you plan to use these funds to increase and improve services to specific student groups.

**Special Education Weighted Student Formula (WSF-SpEd)**

**Allocation = 5,050**

JJSE has the highest percentages of students with disabilities among SFUSD high schools (about 27%), so students with disabilities are at the center of our budget planning process. Whether it is specialized materials in our “Exceptional Ed” special day classes or professional development for general ed teachers to work with resource students, we make it a priority. The additional WSF funds are used primarily for materials and supplies designed to support students with IEPs.

**Select the Bryk Essential that most aligns to the use of these funds:**

- Instructional Guidance (LCAP Priorities: Implement Standards, Pupil Achievement, Course Access)
- Professional Capacity (LCAP Priorities: Basic)
- Student-Centered Learning Climate (LCAP Priorities: Pupil Engagement, School Climate, Other Outcomes)
- Parent-School-Community Ties (LCAP Priorities: Parental Involvement)

### Supplemental Concentration Grant-English Learner (SCG-EL) 07091

**Allocation = 20,922**

**How will your site use SCG-EL resources to increase and improve services for English Learners? Why is that the best use?**

Approximately 20% of our students are designated as English Learners, so we prioritize teacher training and materials to support English language learners. We pay a portion of a teacher’s salary to provide leadership around EL services and targeted intervention with a focus on lower-level EL students. We teach a course to provide additional support for English Learners, and a Native Speakers Spanish language course to develop bi-literacy. We also set aside a stipend for our English Language Coordinator, a classified staff member who takes on the role of advocating specifically for EL students and families on campus. Finally, we have a supply budget set aside for materials and supplies that are specifically designed to support EL students.

**Select the Bryk Essential that most aligns to the use of these funds:**

- Instructional Guidance (LCAP Priorities: Implement Standards, Pupil Achievement, Course Access)
- Professional Capacity (LCAP Priorities: Basic)
- Student-Centered Learning Climate (LCAP Priorities: Pupil Engagement, School Climate, Other Outcomes)
- Parent-School-Community Ties (LCAP Priorities: Parental Involvement)

### Supplemental Concentration Grant - Low Income (SCG-LI) 07090

**Allocation = 56,999**

**How will your site use SCG-LI resources to increase and improve services for low income students? Why is that the best use?**

Our SCG-LI funds are used to fund a portion of a staff position designed to increase college access rates for low-income, under-performing students, as well as a City College semester course so that first-generation college students can get the experience of taking a college course (and receive college credit) while in high school. We also use funds for other supplemental, materials, supplies and equipment to support target students.

**Select the Bryk Essential that most aligns to the use of these funds:**

- Instructional Guidance (LCAP Priorities: Implement Standards, Pupil Achievement, Course Access)
- Professional Capacity (LCAP Priorities: Basic)
- Student-Centered Learning Climate (LCAP Priorities: Pupil Engagement, School Climate, Other Outcomes)
- Parent-School-Community Ties (LCAP Priorities: Parental Involvement)

### LCFF Concentration Grant (SCG-C) 07092

**Allocation = 20,000**

**If your school site receives a Concentration allocation, how will these additional resources be used to increase and improve services for these (EL/LI) populations? Why is that the best use?**

85% of our student population is low-income and about 20% are English learners. These funds are used to reduce class size and provide a more personalized learning environment for these students.

**Select the Bryk Essential that most aligns to the use of these funds:**

- Instructional Guidance (LCAP Priorities: Implement Standards, Pupil Achievement, Course Access)
- Professional Capacity (LCAP Priorities: Basic)
- Student-Centered Learning Climate (LCAP Priorities: Pupil Engagement, School Climate, Other Outcomes)
- Parent-School-Community Ties (LCAP Priorities: Parental Involvement)

### Targeted Instruction Improvement Grant (TIIBG) 07940

**Allocation = 280,370**

**If your school site receives a TIIBG allocation, how will these additional resources be used to increase and improve services for these populations? Why is that the best use?**

85% of our student population is low-income and about 20% are English learners. These funds are used to reduce class size and provide a more personalized learning environment for these students.

**Select the Bryk Essential that most aligns to the use of these funds:**
- Instructional Guidance (LCAP Priorities: Implement Standards, Pupil Achievement, Course Access)
- Professional Capacity (LCAP Priorities: Basic)
- Student-Centered Learning Climate (LCAP Priorities: Pupil Engagement, School Climate, Other Outcomes)
- Parent-School-Community Ties (LCAP Priorities: Parental Involvement)
In the fields below, list the amount of funds you received and describe how you plan to use these funds to support your work related to either district priorities or school initiatives.

**Title I = 31500**

How do you plan to use these funds?

Select the Bryk Essential that most aligns to the use of these funds:
- Instructional Guidance (LCAP Priorities: Implement Standards, Pupil Achievement, Course Access)
- Professional Capacity (LCAP Priorities: Basic)
- Student-Centered Learning Climate (LCAP Priorities: Pupil Engagement, School Climate, Other Outcomes)
- Parent-School-Community Ties (LCAP Priorities: Parental Involvement)

**1% Title I Parent Set Aside:**
For Title I schools, describe how the school involves parents in an organized, ongoing, and timely way in the planning, review, and improvement of its Title I programs and Parent Involvement Policy. Please ensure that you attach the Parent Involvement Policy’s full text when you upload your BSC to SharePoint.

Select the Bryk Essential that most aligns to the use of these funds:
- Parent-School-Community Ties (LCAP Priorities: Parental Involvement)

**Impact & Innovation Awards = 25,000**

Referencing your plan, how do you plan to use these funds?

In the 21st century, learning with technology is as basic as learning with books and paper was in the 20th century. 96% of 15-year-old students in OECD countries have computers at home, but at JJSE, less than 50% of students have home computer access. Our critical challenge is to provide 1-1 computer access for all JJSE students both inside and outside of regular school hours. Our initial idea was to give every student a school-provided chromebook. But through the design thinking process, we developed an innovative alternative: What if we required every student to have a laptop and provided families with multiple options for getting them? This would allow students to own their devices and empower them to use the computer any time they need it. This spring, we piloted the design concept in 4 Advisories. Initial results are that most families are eager to provide their children with their own computer (and home internet), and can do so when given inexpensive options. A few families need school-based support (such as loaner chromebooks), which we are providing on a case-by-case basis. We are still implementing the pilot, but initial signs are promising. If the pilot is successful, our plan is to expand the program school-wide starting in the fall. The Innovation Grant funds played a critical role by allowing us to purchase enough chromebooks to provide loaners for students whose families cannot purchase their own. The computers allow students access to technology at any time of day, helping level the playing field between them and other more affluent communities where student access to laptops for school and personal use is a privilege accessible by most middle class families.

Select the Bryk Essential that most aligns to the use of these funds:
- Instructional Guidance (LCAP Priorities: Implement Standards, Pupil Achievement, Course Access)
- Professional Capacity (LCAP Priorities: Basic)
- Student-Centered Learning Climate (LCAP Priorities: Pupil Engagement, School Climate, Other Outcomes)
- Parent-School-Community Ties (LCAP Priorities: Parental Involvement)

**Principal’s Innovation Fund:** *(For Middle Schools and PK-8 Schools as applicable)*

How do you plan to use these funds?

Select the Bryk Essential that most aligns to the use of these funds:
- Instructional Guidance (LCAP Priorities: Implement Standards, Pupil Achievement, Course Access)
- Professional Capacity (LCAP Priorities: Basic)
- Student-Centered Learning Climate (LCAP Priorities: Pupil Engagement, School Climate, Other Outcomes)
- Parent-School-Community Ties (LCAP Priorities: Parental Involvement)

**Equity Grant = (as applicable 16-17)**

Identify Sub-group & specific actions

Central Supports & Resources

In addition to the resources included in your site budget, you were also provided a list of the centrally funded, site-based resources that your school will receive. Please identify each support, the intended role as prescribed by the Central Office and two to three high leverage strategies that will be accomplished because of these supports and resources here:

**NOTE:** If the district provides .75 and you supplement .25 for a full FTE of 1.0, below you would enter ".75"

Two to three high leverage strategies that will be accomplished:

As stated in our WASC action plan, if we are to move beyond “good enough” academic data and meet the goal in the JJSE mission of developing students as independent thinkers with the skills expressed in the “PROPEL” learner outcomes, then we must create the conditions for students to take ownership of their own learning and personal development in the school context. Specifically, this might include taking a more inquiry-based, metacognitive approach to issues such as standardized testing and post-high-school options, so that instead of telling students “you need to go to college” we are working collaboratively with them to empower them to determine their own future paths. We are excited about the potential for the new IRF position to support this work.
Please print these final two pages of your BSC/SPSA. Be sure that the principal has reviewed, checked, and initialed each assurance and that the principal and SSC president have signed the assurances page, and that all SSC members, along with their role & title, are listed in the roster.

The School Site Council has voted on this school plan and its related expenditures and passes it on to the district governing board for approval, assuring the board of the following:

- The SSC is correctly constituted, and was formed in accordance with district governing board policy and state law.
- The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the school plan requiring board approval.
- The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:
  - English Learner Advisory Committee (ELAC)
  - Community Advisory Committee for Special Education Programs
  - Other (list)
- The SSC reviewed the content requirements for school plans of programs included in this Balanced Scorecard/Single Plan for Student Achievement and believes all such content requirements have been met, including those found in district governing board policies, SFUSD’s strategic plan, and in the Local Improvement Plan.
- This school plan is based upon a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.
- The school held two (2) community meetings prior to the completion of the school site plan.
  1. One meeting to gather input from the school community including all advisory committees.
  2. One meeting to present plan upon its completion before March 25, 2016.
- The SSC reviewed the impact of the school’s categorical programs and made alterations to these investments on the basis of student achievement data. This review was conducted on:
- For Title I School-Wide Program Schools ONLY: Based on our comprehensive review of school data and program goals, our SSC elects to have our site continue as School-Wide Program.
- Our site has a process and budget for replacing lost or damaged textbooks as well as a process for managing textbooks to ensure that each student has standards-aligned textbooks or other required instructional materials to use in class or to use at home in order to complete required homework assignments.
- Our site uses an IEP Master Calendar to ensure compliance with Special Education timelines.
- This school plan was adopted by the SSC on: 3/14/2016
Please make sure the role listed clearly indicates whether the person is a principal, classroom teacher, other staff, parent, community member or student. Co-Chair and alternates can be identified in addition to role as listed above (i.e., “Teacher/Co-Chair” or “Parent/Alternate”)
