SCHOOL VISION & CONTEXT

Vision: Together we can make a difference! Longfellow Elementary seeks to create and develop a community of life-long learners, empowering all to be active participants in education and the community. Longfellow Elementary seeks to acknowledge, celebrate and use the diversity to make our school and community stronger. Longfellow is a place to raise hopeful and happy learners that use their knowledge and skills to express and advocate for themselves. Our school community takes pride in our unique learning pathways. Mission: Longfellow sets high expectations for all. A partnership among home, school and community promises student success within a safe, engaging and supportive environment. Our educators collaborate in utilizing a rich, rigorous curriculum with differentiated language instruction. We challenge students to achieve academic success while also developing socially and emotionally. Longfellow Elementary School is located in the outer mission district, providing public education with 560 students who live in the surrounding Crocker Amazon community in San Francisco. We are a school with a culturally diverse student population and staff. Our diverse students reflect the neighborhood demographics consisting of 40% Latino, 22% Chinese, 32% Filipino, 4% African American, 2% Pacific Islander. Longfellow offers two language pathways for students in Spanish bi-literacy, and Filipino FLES, Foreign Language and Enrichment in Elementary Setting. We are a school-wide Title I school, serving 80% of our student who are socioeconomically disadvantaged, and 50% are identified as English Language Learners. Our parent community is involved in our school by regularly attending our various family education functions and student celebrations.

In the section above, please include salient points from your SARC School Vision and complete an Executive Summary for your school site. Include the following components: (500 words maximum)

- **Who are you:** What are three to five facts about your school? What is essential to know about your students, staff, and community?
- **Areas of success or strengths:** What are your school’s top one or two strengths that directly impact student academic success, student social/emotional development, and/or school culture/climate?
- **Areas of challenge:** What are your school’s top one or two challenges that directly impact student academic success, student social/emotional development, and/or school culture/climate?
- **Key strategies:** What are the main two or three strategies driving work across your entire school and/or within a large component of your school? (For instance, if someone were to ask any teacher at the school, “what is the school mainly working on right now,” what would he/she say?)
- **High Schools:** You can include the information you have in your WASC Self-Study Report (School Data Profile Section)
SECTION I: Overview and Key Components

Overview
Vision 2025 stands as an important beacon for all schools in San Francisco Unified School District. It signals an audacious commitment to a uniquely 21st century graduate. The Graduate Profile from Vision 2025 is one embodiment of this commitment, and all schools are called on to consider their contributions to this vision. The Graduate Profile includes:

- Content Knowledge
- Career and Life Skills
- Global, Local, and Digital Identity
- Leadership, Empathy, and Collaboration
- Creativity
- Sense of Purpose and Sense of Self

The Balanced Score Card (BSC) for the 2018-2020 school years is intended to draw all schools into conversations about this vision. This document is designed to build on your plan from last year and makes changes where necessary.

Transform Learning, Transform Lives is SFUSD’s newest strategic plan. It articulates a new round of efforts, drawn from the successes and learning of past plans, that advance our district and all its schools towards Vision 2025. This template is intended to support schools to use student outcome data more deeply; to reflect on successes and challenges in implementing SFUSD’s key priorities from the 2018-2019 school year; and to build with increased specificity on each school’s efforts to realize the goals and strategies outlined in the SFUSD 2016-18 Strategic Plan Transform Learning, Transform Lives.

The Balanced Score Card serves as the site’s Single Plan for Student Achievement (SPSA) and as a platform for continuous improvement. The design is intended to integrate components of the Strategic Plan (specifically the “Strategies in Action: Schools”), the Local Control Accountability Plan (LCAP) and metrics and targets used as part of the School Quality Improvement Index (SQII).

Key Requirements
In addition to its use as a strategic planning tool, the Balanced Score Card (BSC)/ Single Plan for Student Achievement (SPSA) and accompanying school planning process are designed to meet the requirements outlined in California Education Code § 64001 as well as for the Local Control Accountability Plan (LCAP).

These requirements include:

- School Site Councils must approve the BSC and categorical budget prior to SFUSD Board of Education approval. In order for this to be valid, the School Site Council must have parity.
- Prior to voting on and approving the BSC and budgets, School Site Councils must receive and use feedback from English Learner Advisory Councils (ELACs).
- The BSC must align with the District’s goals for improving student achievement and outcomes and articulate schools’ indicators and assessments for evaluating progress toward these goals. School goals must be based upon an analysis of verifiable state data.
- The plan must be reviewed annually and updated by School Site Councils and approved by SFUSD’s Board of Education whenever there are material changes that affect the academic program for students.
- Onsite reviews for compliance and/or complaints will continue, and may require revision and resubmission of the school plan and appropriate expenditures, specifically as they involve categorical programs and services.
SECTION II: School Data Profile

Schools are called on to invest their time into the analysis of the data, reflection on current practice, targets, strategies and interventions. Follow this [https://district.sfusd.edu/dept/rapa/aoa/DocDisk/default.aspx](https://district.sfusd.edu/dept/rapa/aoa/DocDisk/default.aspx) to your data. Inside your school 17-18 Results folder look for the folder titled “**###_Mid-Year_Summary_2017-18**”. This folder includes the following reports:

- Refer to Illuminate Report List to link to student level data
SECTION III: School-Wide Analysis and Plan

With the adoption of and transition to the Local Control Funding Formula, the State has also issued the Local Control Accountability Plan (LCAP) that outlines the state’s priorities. These align well with SFUSD’s articulated performance indicators and the work we’ve done with the more holistic measures and targets in the School Quality Improvement Index. As you use the data above and other sources accessible to you, please consider the following guiding questions:

- What are the implications of the data, based on your analysis?
- Beyond the quantitative data provided, have you considered anecdotal and internally developed measures to create a more robust representation of your school’s context?
- In each area, identify targets/outcomes that measure impact on student achievement.
- What shifts, if any, in strategy, actions or initiatives are necessary to meet those successful targets/outcomes for students?

As we move forward in our work, we will continue to work towards the enactment of Vision 2025, and the more specific strategies articulated in the 2016-2019 Strategic Plan Transform Learning, Transform Lives.

Strategies in Action: Classrooms

School Plan
Instructional Core / Engaging and Challenging Curriculum

As a school community, please review “Strategies in Action: Classrooms” prior to completing this section. School teams will also find great value by visiting the websites for each subject area described in the section. Data needed to complete this section of the BSC is included in Section II above.

*Focal Group: Site leaders identify a focal group who is not yet meeting high expectations on outcome measures (such as academic achievement, social-emotional learning, etc.). Site leadership teams set specific goals for a focal group and measure their progress toward these desired outcomes on a daily, weekly and monthly basis.

LANGUAGE ARTS CORE CURRICULUM IN ENGLISH AND OTHER TARGETED LANGUAGES

Define your Focal Group: For your focal group, (African American, English Learners, Students with Special Needs, Foster Youth), based on the data, what specific goals and shifts will you set to ensure access to the core curriculum, academic success & social emotional well-being in both formative and summative assessment measures? You could have more than one.

Identify Focal Group(s):
Longfellow will continue to focus on English Language Learners, who are 50% of the student population, to ensure they have access to the core curriculum, academic success and social emotional well-being, in both formative and summative assessment measures. We will specifically focus on our Long term ELLs, who are 22% of the ELL population.

Academic Tier One - Access to the core curriculum for all students: What will you do to ensure that all students have access to and success in the core academic program?

WASC Ch.2
Based on our Spring 17/18 Mid-year data, after F&P Cycle 1, and RI-window 2, our test results indicate the following: F&P English 51.9% of our students are proficient school-wide. 29.8% of K students are meeting benchmark 58% of 1st grade students are meeting benchmark 63.1% of 2nd grade students are meeting benchmark 59.3% of 3rd grade students are meeting benchmark 56.5% of 4th grade students are meeting benchmark 43.1% of 5th grade students are meeting benchmark F&P Spanish - Bilingual Pathway 47.4% of K students are meeting benchmark F&P Spanish - Bilingual Pathway 42.9% of 1st grade students are meeting benchmark 66.7% of 2nd grade students are meeting benchmark 28.6% of 3rd grade students are meeting benchmark 66.7% of 4th grade students are meeting benchmark 28% of 5th grade students are meeting benchmark RI 29% of our 3-5th grade students met standards on the Reading Inventory. This was progress from the first assessment window, which we were at 18%. 3rd grade made growth from 28% to 33% 4th grade made growth from 9% to 27% 5th grade made growth from 12% to 21%

Classroom teachers K-5 will lead guided reading groups, minimum 4 times a week, and provide immediate feedback/instruction to students. Teachers will use SFUSD Comprehensive Approach to Literacy and Teacher's College Units of Study in Reader's Workshop and Writer's Workshop Grade level teams will continue to analyze and act upon lessons learned from student work samples. Grade level teams will complete/plan/update curriculum maps and unit plans aligned with the Reading Units of Study and Writing spirals. All units will be uploaded onto the shared drive. They are revised yearly. Classroom teachers will continue to assess student reading levels and monitor to make sure students are reading at their appropriate independent/instructional reading levels. Classroom teachers will use strategies such as interactive read aloud and writing, close reading, use of visual supports (sentence frames, anchor charts), and constructive conversations to support students' reading comprehension and writing. Teachers will provide specific, individualized feedback on student work through conferencing and guided reading.

### Academic Tier Two - What intervention strategies will you use to serve students who need additional support to be successful in the core Language Arts program? **ENGLISH LANGUAGE DEVELOPMENT (ELD): Designated & Integrated**

To ensure that all English Learners (ELs) have access to, can engage with, and achieve in grade-level academic content, schools will implement comprehensive Designated and Integrated English Language Development (ELD) instruction based on the California ELD Standards. Designated ELD is instruction for a minimum of 30 minutes daily, tailored to the proficiency level of English Learners. The goal is to provide students with the supports necessary within an English Learner learning environment in order to increase the access to grade-level content. Integrated ELD is embedded within core content instruction (e.g., English Language Arts, Mathematics, Science, Physical Education, etc.) across the instructional day using a variety of strategies to enable ELs to comprehend, use and learn grade-level content as a means toward accelerated language learning.

Reflecting on your school’s data, including English Language Proficiency Assessments for California (ELPAC), formerly CELDT, what will you do to ensure that all students have access to and success in English Language Development (ELD) and become Reclassified Fluent English Proficient (RFEP).

### Analysis of results (including ELPAC (formerly CELDT), F&P/RI and SBAC) for all ELs (By Typology: Newcomer, Developing, LTEls, recently reclassified)

In a narrative, describe what your analysis of the data says about your school. Consider data points that are internally developed and/or qualitative. How will you ensure that all English Learners (ELs) have access to, can engage with, and achieve in grade-level academic content within Designated and Integrated English Language Development (ELD)?

### Based on the analysis of the results, what are your targets/performance goals?

- Increase the number of R-FEP students from 22% to 15%. On the ELPAC.
- Add .5 ARTIF position to support Long Term ELs in the upper grades.

### What instructional practices, strategies & scaffolds will be provided for your ELs to attain mastery?

WASC Ch.5

**HEALTH EDUCATION CORE CURRICULUM**

### Analysis of results: Can include Social Emotional Learning/Culture Climate survey results, BMI/Fitnessgram, Coordinated Program Monitoring Tool (CPM), Youth Risk Behavior Survey (YRBS) trends, qualitative data

In a narrative, describe what your analysis of the data says about your school.

### Based on analysis, describe site’s goals for a balanced, comprehensive health education program.

- What systems are in place to ensure that all students systematically receive the required Health Education lessons each year?

### What shifts will be required to achieve these school-wide goals? What resources or support will be required to achieve these goals?

We will integrate Trauma informed practices / professional learning. Continue to work on Restorative Practices - school wide implementation.

---

**VISUAL AND PERFORMING ARTS**

### Narrative describing site's vision for a balanced, comprehensive arts program.

Refer to The Graduate Profile, Creativity, Sense of Purpose and Self and Leadership, Empathy, Collaboration and the BSC Examples and Exemplars.

Longfellow values a balanced learning elementary learning experience. Our students participate in the following visual and performing arts programs: -SFUSD VAPA visual arts lessons - SFUSD VAPA dance lessons - SFUSD VAPA Instrumental lessons 4th/5th grades - SF Ballet lessons - 3rd grade - YANC - Dance - YANC - Ceramics

### What are your targets/ goals? (Elementary, Middle, High)

- Refer to the VAPA section in the Central Services Supports Guide

### What shifts will be required to achieve these goals? What resources or support will be required to achieve these goals?

We will continue to advocate for high quality services for our students. Integrate arts into curriculum.

---

**PHYSICAL EDUCATION**

To ensure that all students have access to, can engage with, and achieve in grade-level academic content, schools will design and implement physical education programs that provide grade level, developmentally age-appropriate, physical education instruction. Students in grades K - 5 must receive 200 minutes of instruction in physical education from a credentialed teacher every ten-day period. Students in grades 6 - 10 receive 400 minutes of instruction per every ten-day period, unless otherwise exempted.

Reflect on your school’s data, including State mandated physical fitness testing and students ePortfolio. Using this data & guided by the table below, develop comprehensive physical education and activity programs for all students.

### Narrative describing site’s vision for a balanced, comprehensive Physical Education program.

Refer to California Physical Fitness tests (FITNESSGRAM), Students PE ePortfolio, CA Program Monitoring, Review current PE Master

### What are your targets/ goals? (Elementary, Middle, High)

- Refer to the Physical Education section in the Central Services Supports Guide.

### What shifts will be required to achieve these goals? What resources or support will be required to achieve these goals?

How might students use the new PE ePortfolio to monitor, track and assess their cardiovascular fitness,
Schedules to ensure all students have access and required minutes are provided. | social emotional well being and over health? | Teachers will collaborate with PE teacher to learn about engaging activities teachers can use during PE.

| The Longfellow School Community supports a balanced approach to the elementary school experience. Physical education is equally important as academic, social/emotional, and enrichment learning for our students. This year our students participated in a Fun Run Day event. | Classroom teachers will continue to provide 100 minutes of physical education instruction a week. This includes 40 minutes of instruction with a certificated PE teacher. All K-5 students will participate in dance with the VAPA dance instructor and 3rd grade students will dance with the SF Ballet instructors. |

### OTHER SUBJECT AREAS (Secondary Schools, optional for Elementary)

### Elementary Schools

What is your plan for promoting college and career readiness?

For PK-5 Schools: What strategies will be used to increase Kindergarten readiness?

Longfellow will continue to offer students coding and robotics hands-on instruction. We have a 0.8 Librarian who promote learning for 21st century skills. Our librarian provides student with lessons on researching information and navigating different text-based resources. Students will also continue to participate in the Annual Hour of Coding Week. Each grade level now has a chrome cart they are able to use to integrate technology into their instruction. Each grade level has access to a Chrome Cart to use to integrate technology into lessons across content areas.

### Strategies in Action: Schools

In *Transform Learning, Transform Lives*, the “Strategies in Action: Schools” section describes the actions of effective schools. The section is organized in keeping with a framework created by researcher Anthony Bryk, which describes five essential supports found in effective schools: (1) leadership, (2) instructional guidance, (3) professional development, (4) student-centered learning environment, and (5) parent-school-community ties

School teams are encouraged to refer to “Strategies in Action: Schools” as you consider plans for the coming school year.

### LEADERSHIP, INSTRUCTIONAL GUIDANCE & PROFESSIONAL DEVELOPMENT

Schools with coherent instructional guidance can articulate the what and how their site’s instructional program. Student tasks are foundational and assessment plays an integral role in student learning. Teachers are clear as to the steps they will take to differentiate instruction and site leaders create the appropriate conditions to ensure all students reach mastery. As you reflect on your site’s current context, what steps, from a leadership perspective, do you need to take to deepen your site’s coherence and mastery of the vision. How will you resource these steps? (consider: IRFs, coaching, site based instructional rounds, data-driven decision making, lesson design, standards-based grading, district sponsored professional development, teacher collaboration)

### How will you structure site-based and district professional development/learning?

The instructional leadership team will work with the principal to create the professional development calendar for 1819. Based on community meetings/survey feedback topics for professional learning may include the following: - Social Emotional Climate Topics - Trauma informed practices - Mindfulness - Positive Behavior Intervention and Supports - English Language Development Staff Meetings / Teacher Collaboration Meetings - Using staff meeting time for alignment activities - Grade level collaboration time to take a deep dive looking at student work and our teaching moves to increase proficiency - Plan for school wide lesson study opportunities. - Literacy Coach will work with teachers to help facilitate the implementation of high quality literacy instruction. - Administrators will work with teachers to help facilitate the implementation of the new DELD resources "Wonders." - Conduct instructional rounds with ILT Team - Conduct PBIS rounds with PBIS Team

### School-Wide Action Step(s)

**How will you resource this?**

(Site Budget, Specific Categorical Fund, People, etc.) (Prop A, MTSS Resource Staff Facilitation, Site Funded Sub release, Title I)
- Teacher Collaboration Meetings are aligned with school-wide goals/probem of practice. - Lesson Study opportunities - SST planning - classrooms and individual students

Special enrichment classes will continue to be aligned to create teacher collaboration planning time, once a week for 80 minutes. During this time, teachers will have the opportunity to analyze student work, plan lessons and have opportunities for lesson studies. Create different PLC's that would interest teachers Substitute release time will be used to meet with teachers and conduct class-wide SSTs in the beginning of the year and another at the end of the year.

STUDENT-CENTERED LEARNING CLIMATE

A school environment that is safe and orderly communicates an expectation that all students will achieve social emotional and academic success. In keeping with a Response to Instruction and Intervention (RTII) model, the school maintains a safe and supportive school environment where all students benefit from multiple tiers of support including research-based academic interventions and Positive Behavioral Interventions and Supports (PBIS).

As you complete the table below, consider what shifts would be necessary to create a positive school and classroom climate in which all students are in classrooms, supported, learning and engaged, in the least restrictive environment?

Consider the following items as they relate to each category:

- **Students with Disabilities/ Promotion of Inclusive Practices**: percentage of students in Special Education school-wide (identified internally) and number of referrals to Special Education (total & for subgroups- AA, EL). Your community is called upon to consider SFUSD’s commitment to full inclusion and increased expectations for students with disabilities.
- **Student Engagement/Attendance**: school attendance rates, chronic absenteeism rates
- **School Climate**: suspensions, discipline referrals, middle school and high school dropout rates, high school graduation rates and any indicators from student surveys
- **Social Emotional Learning**: interpersonal and intrapersonal skills including but not limited to growth mindset self-efficacy, self-management, and social awareness
- **Wellness Policy**: nutrition and physical activity expectations according to district Wellness Policy to increase healthy behaviors for all school site students, staff, and families, i.e. student-led project-based learning assignments to impact Tier 1

School psychologist and RSP Teacher will be active members of our CARE/SST team. Continue to set high expectations for ALL students and promote growth mindset... as a school wide culture. Consider ways to improve process for teacher identification; document Tier 2 strategies provided by classroom teacher. Students with RSP services will receive support in the classroom to promote inclusive practices. Teachers will be provided with copies of the students' IEPs and routinely check in with the RSP in order to support student learning. Students will received modified instruction that will help them meet IEP goals and access the curriculum. ### School Culture/Climate

- **During the 2017-2018 school year** our suspension rate was 1%. A total of 5 students have been suspended for multiple aggressive acts.

- **A contract with an outside mental health agency (OTTP) will support some of our students, as well as provide trauma informed practices and support teachers with coaching.** We would like to see a decrease in our suspension rate by 5%.

- Integrate lessons with Growth Mindset and Self Efficacy. Student created goals / Reflection Student led parent conferences in Spring 2019. A contract with an outside mental health agency (OTTP) will support some of our students, as well as provide trauma informed practices and support teachers with coaching.

- Continue to work on PBIS strategies: Teaching/Reaching Norms - Peace Corner - Buddy Classroom Staff will continue to develop understanding of Restorative Practices and implementing in classroom. Teachers, Social Worker and Administration will work together to implement Tier 2 interventions with fidelity. Check in/Check out - Behavior Charts - Behavior contracts - Attendance incentives - and record and monitor how the strategies are working for individual students. Longfellow Student Store Green / Gold Tickets Spin to Win - Monday Morning Circle All Longfellow teachers and staff will participate in a book read - Zareta Hammond's - Culturally Responsive Teaching & the Brain.

### Social Culture/Climate

- **Pending SEL 18-19 survey data % of students (#) responded favorably % of staff (#) responded favorably % of family (#) responded favorably.

- **SEL Survey Results will indicate increases in the area of self efficacy and growth mindset, especially for our focal group students.**

- Use of the Panorama toolkit resources Focus on Growth Mindset and Self Efficacy. Continue working on PBIS strategies Seek ways to engage our student leaders - Student Council Consider ways to engage parents in the school expectations. Conduct a mid-year SEL survey to check progress.

### Wellness Policy

- All students engage in physical activity at least 100 minutes per week with their teacher and PE teacher. Longfellow communicates and supports the SFUSD Wellness policy to families via welcome letters at the beginning of the school year, Back to School Night, and Principal chats - every Monday. A cooking class for our Spanish speaking families were implemented once a month in the evening to share and create healthy meals.

- 100% of our students and families will understand our Longfellow Wellness Policy.

- Continue to provide active fun school wide activities, such as Fun Run Day, Get Fit Event with Kaiser Permanante Playworks will continue to provide Class Game Time for all of our students. Students along with classroom teachers will learn engaging activities that can be used for PE.

What actions will you take to deepen the capacity of school staff to authentically partner with families? What actions will you take to offer opportunities for families to deepen their capacity as partners:

Teachers will actively communicate with partners in person, via phone and via Class Dojo to update the progress of students. Parents will be invited to participate in the classroom to assist with small group instruction. Parent leaders will actively engage other parents to attend weekly principal chats, PTA meetings, SSC meetings and ELAC meetings. Longfellow is currently working with Mission Graduates and Jamestown Community Center to provide parent leadership skill building workshops, ESL classes and explain data and budget information.

**How will you measure your impact? Measures can include:** Culture & Climate Surveys, Academic Data, Attendance

We will measure impact by using the culture and climate surveys.

### Community Partnerships

What academic and/or social-emotional needs can community partners help your school site address that align with and support your BSC goals?

| ✔ Academic Support | ✔ Restorative Practices, Violence Prevention, etc. |
| ✔ Behavioral Health & Wellness | ✔ VAPA or Literary Arts |
| ✔ College & Career | ✔ Youth Leadership/Youth Development |
| ✔ Expanded Learning/After-School | ✔ Parent/Family Support or Partnership |
| ✔ Physical Activity/Recreation | | |
| □ School to CTE | □ Other: |

List 1-3 current or potential community partner(s) who are address these needs.

Jamestown Community Center, Mission Graduates, and CREW (Coding, Robotics, Engineer and Woodwork).

**What are your specific goals or objectives for these partnership?**

Longfellow will continue to include our Jamestown after school personnel in our BSI meetings, in the beginning of the school year, as well as during our staff meetings to be in alignment across the school day. Mission Graduates will continue to support our parent activities and will continue to encourage parents to take leadership in community groups. They will assist our ELAC leadership group in planning ELAC meetings and workshops. The parent leaders will have the opportunity to work alongside other parent leaders from various schools.

**What actions will you take to deepen your school's partnership with community organizations?**

The principal will conduct monthly meetings with both organizations to plan/reflect on activities/workshops planned for our families.

**How will you measure the impact? (Quantitative and/or qualitative data)**

Longfellow will measure impact through feedback from surveys.
**SECTION IV: School Budget & Resource Priorities**

**Weighted Student Resources in WSF and Other LCFF-Funded Allocations**
In the fields below, list the amount of funds you received and describe how you plan to use these funds to increase and improve services to specific student groups.

**Special Education Weighted Student Formula (WSF-SpEd)**
**Allocation = $3,650**

This amount will be used for the following: Instructional Materials to support Tier 3 intervention, sensory supports, and positive behavior supports.

**Select the Bryk Essential that most aligns to the use of these funds:**
- Instructional Guidance (LCAP Priorities: Implement Standards, Pupil Achievement, Course Access)
- Professional Capacity (LCAP Priorities: Basic)
- Student-Centered Learning Climate (LCAP Priorities: Pupil Engagement, School Climate, Other Outcomes)
- Parent-School-Community Ties (LCAP Priorities: Parental Involvement)

**Supplemental Concentration Grant-English Learner (SCG-EL) 07091**
**Allocation = $111,886**

How will your site use SCG-EL resources to increase and improve services for English Learners? Why is that the best use?

A total of .5025 FTE will be for our Bilingual ARTIF's (.47 for our K-2 Bilingual ARTIF, .3125 - new ARTIF position to support our upper grade students). A total of .5 - Community Liaison - who supports our families and provides a range of workshops.
