SFUSD Project No. 11866

Notice is hereby given to all prospective bidders that plans and specifications on the subject project are modified as hereinafter set forth. This Addendum shall be attached to and form a part of the plans and specifications. All bidders must acknowledge receipt of this addendum on the Bid Form. In case of difference with previous addenda or communications, this addendum takes precedence.

It is the responsibility of all bidders to notify all subcontractors from whom they request bids and from whom they accept bids of all changes contained in this addendum.

1. Item No. AD1-1
Reference: “THOMAS EDISON CHARTER ACADEMY SEWER LINE REPAIR”
Schematic Drawing (Diagrammatic reference only)
Description: Modified drawing to better reflect new sewer piping extending to sidewalk curb as described during the pre-bid job meeting. (See attached updated drawing). Added language on drawing to require matching the new cast iron vertical piping to the size of the existing vertical piping. Added language on drawings to require matching the new cast iron horizontal piping, and extend to existing house trap.

RFI RESPONSES

1. Question: Will street parking permit be required? Who is responsible for street parking cost on the Dolores Street side?
Response: As stated in the bid package, Contractor will be responsible and is required to secure all permits necessary from relevant city agencies needed to comply and complete project, including Street parking permit, as needed.
