RFO Questions and Answers

Q1. On page 7 of the RFP, under Service Specifications #3, the RFP states:

“The District requires Vendor to warehouse the hardware procured within 100 miles from San Francisco until the District is ready to move forward with installation and migration of systems.”

Our Offices are located over 100 miles from SFUSD. Would you be willing to remove this requirement from the RFP?

A1. Due to the scope of work outlined in the RFO and coordination required with schools undergoing modernization, we cannot remove this requirement. If a prospective bidder does not meet this requirement, the bidder’s proposal will not be disqualified. The bidder may receive a score deduction under Service Specifications as outlined on page 10 of Evaluation Scoring.
