

FULL TEXT OF PROPOSITION _

This full text of the ballot proposition shall be reproduced in any official document required to contain the full statement of the bond proposition.

The specific school facilities projects that the San Francisco Unified School District proposes to finance with proceeds of bonds authorized by this proposition (the "Bond Project List") are listed in the following pages, which is an integral part of the proposition. The Bond Project List was developed by the Board upon evaluation of, among other factors, safety, class size reduction, and information technology needs. Each listed project may include a share of election and bond issuance costs, program planning and analysis, architectural, engineering, and similar planning costs, construction management, relocation costs, legal costs and other costs ordinarily chargeable to capital accounts or otherwise permitted by law, the costs of furnishings and equipping sites contained on the Bond Project List and a customary contingency for unforeseen site acquisition, design, construction and other costs. No bond money will be used for teacher or administrator salaries or any other school operating expenses. The Board of Education may, by a majority approval, replace a facility rather than renovate it if the Director of Facilities finds that it is more economical to do so.

Approval of this proposition does not guarantee that the proposed projects in the San Francisco Unified School District that are the subject of bonds under the proposition will be funded beyond the local revenues generated by the proposition. The San Francisco Unified School District's proposal for the project or projects may assume the receipt of matching State funds, which could be subject to appropriation by the Legislature or approval of a statewide bond measure. If matching State funds become available, they will be used for and applied to projects on the Bond Project List. The Board does not guarantee that the bonds will provide sufficient funds to allow completion of all listed projects.

The Bond Project List describes work that the San Francisco Unified School District may undertake, provided funds are sufficient to complete the work contemplated. The final cost of each project will be determined as plans are finalized, construction bids are awarded, and projects are completed. San Francisco Unified School District commits that no funds obtained through bonds authorized by this measure will be spent except for projects listed on the Bond Project List.

Any Bonds issued pursuant to Section 15100 et. seq. of the Education Code shall have a maturity not exceeding twenty-five (25) years, and any Bonds issued pursuant to Section 53506 et. seq. of the Government Code shall have a maturity of not exceeding forty (40) years, and the Bonds shall bear interest at a rate not exceeding the applicable legal limits.

Pursuant to Section 53410 of the Government Code, upon approval of this proposition and the sale of any bonds approved, the Board shall take actions necessary to establish an

account in which proceeds of the sale of bonds will be deposited. The chief fiscal officer of the District shall cause a report to be filed no later than January 1 of each year in which any proceeds of the Bonds remain unexpended, and any year in which proceeds were expended in the previous year stating 1) the amount of bond proceeds collected and expended in the preceding year and 2) the status of any project funded or to be funded from bond proceeds. The report may relate to the calendar year, fiscal year or other appropriate period as the chief fiscal officer shall determine and may be incorporated in the annual budget, any annual financial or performance audit (including the annual audits required by Proposition 39), or any other appropriate routine report to the Board.

All expenditures by the San Francisco School District of funds obtained through bonds authorized by this proposition shall be subject to the review and oversight of a Citizens' Oversight Committee, which shall actively review and report on the proper expenditure of taxpayers' money for the projects on the Bond Project List.

The Citizens' Oversight Committee shall review annual, independent performance and financial audits of bond fund expenditures and report to the public at least once a year on the results of its activities. The Citizens' Oversight Committee will have the responsibility to report to the public if any bond funds are being spent in violation of Proposition 39 or in a manner inconsistent with the Bond Project List.

BOND PROJECT LIST

The District anticipates that the following scope of work may be completed with proceeds generated by the proposed bond measure, any available State matching funds, as well as funds from any other source:

- Areas identified as health and safety risks to students, faculty, staff, parents and others will be corrected. This includes repair or replacement of items that are either damaged or have outlived their useful lives, and the remediation of hazardous materials.
- Major building systems will be repaired or replaced, including, but not limited to systems such as electrical (including wiring), heating, domestic water, sewers, building enclosure systems (including, but not limited to roofs, walls, windows and associated structural elements), lighting, floors, ceilings and walls, data processing, clocks and bells, security, fire sprinkler and elevators
- Work required to make the facilities accessible to the disabled
- Site work, including, but not limited to, playgrounds, play structures, fences and gates, fields and bleachers, hardscape and softscape.
- Seismic upgrades, as needed
- All facilities undergoing renovation may, if needed, be painted inside and out.

- Replacement of temporary classroom facilities (i.e., aging modular classrooms) with permanent structures if it is determined to be more practical than repairing the temporary facilities
- Replacement of an existing facility with a new facility if it determined to be more practical than repairing the facility
- Work not specifically listed here, but required by any regulations or agencies having jurisdiction
- Facilities found not to be in compliance with the Education Code, Health and Safety Codes and Building Codes will be brought into compliance.
