This Permit gives Permittee a license only, revocable at any time at the will of the District, and notwithstanding anything to the contrary herein, this Permit does not constitute a grant by the District of any ownership, leasehold, easement or other property interest or estate whatsoever in the Permit Area, or any portion thereof. The privilege given to Permittee under this Permit is effective only insofar as the rights of the District in the Permit Area are concerned, and Permittee shall obtain any further permission necessary because of any other existing rights affecting the Permit Area.

2. Use of Permit Area.

2.1 Scope of Permitted Use. Permittee may enter and use the Permit Area for the sole purpose of administering the Green Schoolyard Project on 7/31/17- 8/2/17 (Insert start and ending date) and for no other purpose whatsoever.

3. Installation of Facilities. As part of the Green Schoolyard Project, Permittee may install certain improvements as more particularly described in Exhibit B attached hereto, on the Permit Area, only upon satisfaction of the following conditions, which are for the sole benefit of the District:

3.1 Approval of Plans and Specifications. Permittee shall install the permitted improvements in accordance with plans and specifications approved in advance and in writing by the District.

3.2 Permits and Approvals. Before beginning any work, Permittee shall obtain all permits, licenses and approvals (collectively referred to hereinafter as, "approvals") of any regulatory agencies required to commence and complete the permitted work. Promptly upon receipt of such approvals, Permittee shall deliver copies of them to District. Permittee recognizes and agrees that no approval by District for purposes of Permittee's installation work hereunder shall be deemed to constitute the approval of any federal, state or local regulatory authority with jurisdiction, and nothing herein shall limit Permittee's obligation to obtain all such regulatory approvals, at Permittee's sole cost.

3.3 Pre-Construction Baseline. Permittee shall document the condition of the Permit Area prior to the commencement of any construction through the use of photographs, maps and any other appropriate documentation to provide a pre-construction baseline to monitor impacts. Appropriate documentation shall be determined in consultation with the District. Permittee shall provide the District with a copy of such documentation prior to the commencement of construction.

3.4 Exercise of Due Care Permittee shall use, and shall cause its Agents (as defined below) to use, due care at all times to avoid any damage or harm to District's property and to native vegetation and natural attributes of the Permit Area and to minimize slope erosion. Permittee shall take all reasonable soil and resource conservation and protection measures with the Permit Area as District may request. District shall have the right to approve and supervise any excavation work. Permittee shall do everything reasonably within its power, both independently and upon request by District, to prevent and suppress fires on and adjacent to the Permit Area attributable to Permittee's use hereunder.

3.5 Cooperation with District Personnel. Permittee and its Agents shall work closely with District personnel to avoid disruption (even if temporary) of District property in, under, on about, or adjacent to the Permit Area. Construction sites shall be screened with temporary fencing where possible to reduce visual impact. Permittee shall notify Simon Reyes (Insert name of District's project manager) of the District, (telephone number: 415-241-4311 (Insert PM's telephone number) of the date such work shall commence and the intended schedule.

3.6 Restoration of Permit Area. Immediately following completion of any work permitted hereunder, Permittee shall remove all debris, any excess dirt, tools, materials or supplies and leave the Permit Area in the condition contemplated by the description of the Green Schoolyard Project set forth in Exhibit B, to the reasonable satisfaction of the District.

3.7 Installation of Above-Ground Markers. Permittee shall install above-ground markers identifying the location of any underground improvements that are installed pursuant to this Permit. The location, type and installation of markers and identifying information on the markers shall be subject to the prior written approval of the District.

3.8 As-Built Drawings. Promptly upon completion of the installation of the improvements, Permittee shall furnish District with a complete copy of final as-built drawings for the improvements.

3.9 Acceptance of Permitted Work. Upon completion of installation of the Green Schoolyard Project, the District shall accept the installation in writing to the Permittee. Upon acceptance, ownership and responsibility for maintenance and supervision of the Green Schoolyard Project shall be with the District. District may, in its sole discretion, refuse to accept Permittee's Green Schoolyard Project as constructed if District finds that the Green Schoolyard Project does not comply with applicable laws, including laws relating to persons with disabilities, or that Permittee is in breach of any obligation under this Permit. If District rejects Permittee's installation, District shall provide written notice to Permittee with a statement of the reasons therefore and a reasonable time to cure any defect. Permittee shall repair or reconstruct the Green Schoolyard Project to meet applicable legal requirements and fulfill Permit obligations within the time provided. If Permittee determines that additional time is required, District shall allow Permittee such time extensions as are reasonable in light of the requirements that Permittee must satisfy.

3.10 Revocability. Permittee acknowledges and agrees that the installation of the facilities permitted hereunder shall not in any way whatsoever limit District's right to revoke this

Permit pursuant to the terms hereof or any of the District's other rights hereunder. Upon revocation of this Permit, Permittee's obligations hereunder shall terminate and District shall assume responsibility for the improvements made to the Permit Area as of the time of termination of the Permit.

4. Restrictions on Use. Permittee agrees that, by way of example only and without limitation, the following uses of the Permit Area by Permittee, or any other person claiming by or through the Permittee, are inconsistent with the limited purpose of this Permit and are strictly prohibited as provided below:

4.1 Improvements. Except as otherwise expressly provided in this Permit or as necessary to perform its obligations hereunder, Permittee shall not construct or place any temporary or permanent structures or improvements on the Permit Area, nor shall Permittee alter any existing structures or improvements on the Permit Area.

4.2 Dumping. Permittee shall not dump or dispose of refuse or other unsightly materials on, in, under or about the Permit Area.

4.3 Hazardous Material. Permittee shall not cause, nor shall Permittee allow any of its Agents or Invitees to cause, any Hazardous Material (as defined below) to be brought upon, kept, used, stored, generated or disposed of in, on or about the Permit Area, or transported to or from the Permit Area. Permittee shall immediately notify District when Permittee learns of, or has reason to believe that, a release of Hazardous Material has occurred in, on or about the Permit Area. Permittee shall further comply with all laws requiring notice of such releases or threatened releases to governmental agencies, and shall take all action necessary to mitigate the release or minimize the spread of contamination. In the event that Permittee or its Agents or Invitees cause a release of Hazardous Material, Permittee shall, without cost to the District and in accordance with all laws and regulations, return the Permit Area to the condition immediately prior to the release or to the condition required by any regulatory agency with jurisdiction over the response to the release. In connection therewith, Permittee shall afford District a full opportunity to participate in any discussion with governmental agencies regarding any settlement agreement, cleanup or abatement agreement, consent decree or other compromise proceeding involving Hazardous Material. For purposes hereof, "Hazardous Material" means material that, because of its quantity, concentration or physical or chemical characteristics, is at any time now or hereafter deemed by any federal, state or local governmental authority to pose a present or potential hazard to public health, welfare or the environment. Hazardous Material includes, without limitation, any material or substance defined as a "hazardous substance, pollutant or contaminant" pursuant to the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended, 42 U.S.C. Sections 9601 *et seq.*, or pursuant to Section 25316 of the California Health & Safety Code; a "hazardous waste" listed pursuant to Section 25140 of the California Health & Safety Code; any asbestos and asbestos containing materials whether or not such materials are part of the Permit Area or are naturally occurring substances in the Permit Area, and any petroleum, including, without limitation, crude oil or any fraction thereof, natural gas or natural gas liquids. The term "release" or "threatened release" when used with respect to Hazardous Material shall include any actual or imminent spilling, leaking, pumping, pouring, emitting, emptying, discharging, injecting, escaping, leaching, dumping, or disposing in, on, under or about the Permit Area. Notwithstanding the foregoing, the term "Hazardous Materials" does not include materials customarily used in the installation of improvements such as the Green Schoolyard Project, or in the operation of equipment used in making such improvements, so long as such materials are used in only such quantities as are reasonably necessary for making such improvements and at all times are used, handled and disposed of in accordance with applicable laws and regulations.

(a) Nuisances. Permittee shall not conduct any activities on or about the Permit Area that constitute waste, nuisance or unreasonable annoyance (including, without limitation, emission of objectionable odors, noises or lights) to the District, to the owners or occupants of neighboring property or to the public.

4.4 Damage. Permittee shall not do anything about the Permit Area that will cause damage to any of District's property.

5. Permit Fee. Permittee shall be required to pay the District the custodial overtime cost related to this project.

6. Term of Permit. The privilege given to Permittee pursuant to this Permit is temporary only and shall commence on the date of final approval of the District, set forth below. The Permit shall expire upon the District's final written acceptance as set forth in Section 3.10 above, unless sooner terminated pursuant to the terms hereof. Without limiting any of its rights hereunder, District may at its sole option freely revoke this Permit at any time prior to such expiration date, without cause and without any obligation to pay any consideration to Permittee, whereupon Permittee's obligations hereunder shall terminate and District shall assume responsibility for the improvements made to the Permit Area as of the time of termination of the Permit.

7. Insurance.

7.1 Permittee shall procure and keep in effect at all times during the term of this Permit, at Permittee's expense, and cause its contractors and subcontractors to maintain at all times during any construction activities on the Permit Area insurance as follows:

(i) General Liability Insurance with limits not less than \$1,000,000 each occurrence Combined Single Limit for Bodily Injury and Property Damage, including coverages for Contractual Liability, Personal Injury, Independent Permittees, Explosion, Collapse and Underground (XCU), Broadform Property Damage, Sudden and Accidental Pollution, Products Liability and Completed Operations;

(ii) Automobile Liability Insurance with limits not less than \$1,000,000 each occurrence Combined Single Limit for Bodily Injury and Property Damage, including coverages for owned, non-owned and hired automobiles, as applicable; and

(iii) Workers' Compensation Insurance with Employer's Liability Coverage with limits of not less than \$1,000,000 each accident.

7.2 All liability policies required hereunder shall provide for the following: (i) name as additional insureds the District, its officers, agents and employees; and (ii) specify that such policies are primary insurance to any other insurance available to the additional insureds, with respect to any claims arising out of this Permit and that insurance applies separately to each insured against whom claim is made or suit is brought. Such policies shall also provide for severability of interests and that an act or omission of one of the named insureds which would void or otherwise reduce coverage shall not reduce or void the coverage as to any insured, and shall afford coverage for all claims based on acts, omissions, injury or damage which occurred or arose (or the onset of which occurred or arose) in whole or in part during the policy period.

7.3 All policies shall be endorsed to provide thirty (30) days prior written notice of cancellation, non-renewal or reduction in coverage to District.

7.4 Prior to the commencement date of this Permit, Permittee shall deliver to District certificates of insurance in form and with insurers satisfactory to District, evidencing the coverages required hereunder, together with complete copies of the policies at District's request. In the event Permittee shall fail to procure such insurance, or to deliver such policies or certificates, District may procure, at its option, the same for the account of Permittee, and the cost thereof shall be paid to District within five (5) days after delivery to Permittee of bills therefore.

7.5 Should any of the required insurance be provided under a form of coverage that includes a general annual aggregate limit or provides that claims investigation or legal defense costs be included in such general annual aggregate limit, such general aggregate limit shall double the occurrence or claims limits specified above.

7.6 Should any of the required insurance be provided under a claims made form, Permittee shall maintain such coverage continuously throughout the term of this Permit and, without lapse, for a period of three (3) years beyond the Permit expiration, to the effect that, should any occurrences during the Permit term give rise to claims made after expiration of the Permit, such claims shall be covered by such claims-made policies.

7.7 Upon District's request, Permittee and District shall periodically review the limits and types of insurance carried pursuant to this Section. If the general commercial practice in the District and County of San Francisco is to carry liability insurance in an amount or coverage materially greater than the amount or coverage then being carried by Permittee for risks comparable to those associated with the Permit Area, then District in its sole discretion may require Permittee to increase the amounts or coverage carried by Permittee hereunder to conform to such general commercial practice.

7.8 Permittee's compliance with the provisions of this Section shall in no way relieve or decrease Permittee's indemnification obligations under this Permit or any of Permittee's other obligations hereunder. Notwithstanding anything to the contrary in this Permit, this Permit shall terminate immediately, without notice to Permittee, upon the lapse of any required insurance coverage. Permittee shall be responsible, at its expense, for separately insuring Permittee's personal property.

8. Compliance with Laws. Permittee shall, at its expense, conduct and cause to be conducted all activities on the Permit Area allowed hereunder in a safe and prudent manner and in compliance with all laws, regulations, codes, ordinances and orders of any governmental or other regulatory entity (including, without limitation, the Americans with Disabilities Act), whether presently in effect or subsequently adopted and whether or not in the contemplation of the parties. Permittee shall, at its sole expense, procure and maintain in force at all times during its use of the Permit Area any and all business and other licenses or approvals necessary to conduct the activities allowed hereunder. Permittee understands and agrees that District is entering into this Permit in its capacity as a property owner with a proprietary interest in the Permit Area and not as a regulatory agency with police powers. Nothing herein shall limit in any way Permittee's obligation to obtain any required regulatory approvals from City departments, boards or commissions or other governmental regulatory authorities or limit in any way City's exercise of its police powers.

9. Covenant to Maintain Permit Area. In connection with its use hereunder, Permittee shall at all times, at its sole cost, maintain the Permit Area in a good, safe, secure, and sanitary condition, so far as the Permit Area may be affected by Permittee's activities hereunder.

10. Removal or Alteration of Improvements. In the event of an emergency District may, at its sole option and without notice, alter, remove or protect, any and all facilities, improvements, plantings or other property installed or placed in, on, or adjacent to the Permit Area by Permittee.

11. Surrender. Upon the expiration of this Permit or within ten (10) days after any sooner revocation or other termination of this Permit, Permittee shall surrender the Permit Area, broom clean, free from hazards and clear of all debris. At such time, Permittee shall remove all of its property from the Permit Area. Permittee's obligations under this Section shall survive any termination of this Permit.

12. Waiver of Claims.

12.1 Neither District nor any of its commissions, departments, boards, officers, agents or employees shall be liable for any damage to the property of Permittee, its officers, agents, employees, contractors or subcontractors, or their employees, or for any bodily injury or death to such persons, resulting or arising from the condition of the Permit Area or its use by Permittee.

12.2 Permittee acknowledges that this Permit is freely revocable by District and in view of such fact, Permittee expressly assumes the risk of making any expenditure in connection with this Permit, even if such expenditures are substantial. Without limiting any indemnification obligations of Permittee or other waivers contained in this Permit and as a material part of the consideration for this Permit, Permittee fully RELEASES, WAIVES AND DISCHARGES forever any and all claims, demands, rights, and causes of action against, District, its departments, commissions, officers, directors, volunteers, and employees, and all persons acting by, through or under each of them, under any present or future laws, statutes, or regulations, including, but not limited to, any claim for inverse condemnation or the payment of just compensation under the law of eminent domain, or otherwise at equity, in the event that District exercises its right to revoke or terminate this Permit.

12.3 District would not be willing to give this Permit in the absence of a complete waiver of liability for consequential damages due to the acts or omissions of District or its Agents, and Permittee expressly assumes the risk with respect thereto. Accordingly, without limiting any indemnification obligations of Permittee or other waivers contained in this Permit and as a material part of the consideration for this Permit, Permittee fully RELEASES, WAIVES AND DISCHARGES forever any and all claims, demands, rights, and causes of action for consequential damages (including without limitation, lost profits) District, its departments, commissions, officers, directors, volunteers, and employees, and all persons acting by, through or under each of them, arising out of this Permit or the uses authorized hereunder, including, without limitation, any interference with uses conducted by Permittee pursuant to this Permit, regardless of the cause, and whether or not due to the negligence of District or its Agents, except for the gross negligence or willful misconduct of the District or its Agents."

12.4 In connection with the foregoing releases, Permittee acknowledges that it is familiar with Section 1542 of the California Civil Code, which reads:

A general release does not extend to claims which the creditor does not know or suspect to exist in his favor at the time of executing the release, which if known by him must have materially affected his settlement with the debtor.

Permittee acknowledges that the releases contained herein include all known and unknown, disclosed and undisclosed, and anticipated and unanticipated claims. Permittee realizes and acknowledges that it has agreed upon this Permit in light of this realization and, being fully aware of this situation, it nevertheless intends to waive the benefit of Civil Code Section 1542, or any statute or other similar law now or later in effect. The releases contained herein shall survive any termination of this Permit.

12.5 Permittee shall cause all volunteers to execute the damage waiver and hold harmless agreement, attached and incorporated herein as **Exhibit C**. Permittee shall maintain the waiver forms for one year after the termination of this Permit, and produce such forms upon District's request.

13. Repair of Damage. If any property of District located on or adjacent to the Permit Area is damaged by any of the activities conducted by Permittee hereunder, Permittee shall immediately, at its sole cost, repair any and all such damage and restore the property to its previous condition or to a condition substantially similar to its previous condition in function and appearance.

14. Location of Utilities. District has no responsibility or liability of any kind with respect to any utilities that may be on, in or under the Permit Area. Permittee has the sole responsibility to locate such utilities and protect them from damage. Permittee shall arrange and pay for any necessary temporary relocation of District and public utility company facilities, subject to the prior written approval by District and any such utility companies of any such relocation. Permittee shall be solely responsible for arranging and paying directly for any utilities or services necessary for its activities hereunder.

15. District's Right to Cure Defaults by Permittee. If Permittee fails to perform any of its obligations under this Permit or repair damage, or if Permittee defaults in the performance of any of its other obligations under this Permit, then District may, at its sole option, remedy such failure for Permittee's account and at Permittee's expense by providing Permittee with five (5) business days' prior written notice of District's intention to cure such default and a reasonable time thereafter to cure such default if Permittee provides written notice to District of its intent to cure (except that no such prior notice shall be required in the event of an emergency). Such action by District shall not be construed as a waiver of any rights or remedies of District under this Permit, and nothing herein shall imply any duty of District to do any act that Permittee is obligated to perform. Permittee shall pay to District upon demand, all costs, damages, expenses or liabilities reasonably incurred by District, including, without limitation, reasonable attorneys' fees, in remedying or attempting to remedy such default. Permittee's obligations under this Section shall survive the termination of this Permit.

16. No Costs to District. Permittee shall bear all costs or expenses of any kind or nature in connection with its use of the Permit Area during the term of this Permit, and shall keep the Permit Area free and clear of any liens or claims of lien arising out of or in any way connected with its use of the Permit Area.

17. Indemnity. Permittee shall indemnify, defend and hold harmless District, its directors, officers, agents, employees and contractors (collectively, "Indemnitees"), and each of them, from and against any and all demands, claims, legal or administrative proceedings, losses, costs, penalties, fines, liens, judgments, damages and liabilities of any kind (collectively, "Losses"), arising in any manner out of (a) any injury to or death of any person or damage to or destruction of any property occurring in, on or about the Permit Area, or any part thereof, during the term of

this Permit whether the person or property of Permittee, its officers, agents, employees, contractors or subcontractors (collectively, "Agents"), its invitees, guests or business visitors (collectively, "Invitees"), or third persons, relating in any manner to any use or activity under this Permit, (b) any failure by Permittee during the term of this Permit to faithfully observe or perform any of the terms, covenants or conditions of this Permit, (c) the use of the Permit Area or any activities conducted thereon by Permittee, its Agents or Invitees during the term of this Permit, or (d) any release or discharge, or threatened release or discharge, of any Hazardous Material caused or allowed by Permittee, its Agents or Invitees during the term of this Permit, on, in, under or about the Permit Area, any improvements permitted thereon, or into the environment; except solely to the extent of Losses resulting from the District's breach of this Agreement or the negligence or willful misconduct of an Indemnitee, or any of their agents or authorized representatives. The foregoing indemnity shall include, without limitation, reasonable attorneys' and consultants' fees, investigation and remediation costs and all other reasonable costs and expenses incurred by the indemnified parties, including, without limitation, damages for decrease in the value of the Permit Area and claims for damages or decreases in the value of adjoining property. Permittee specifically acknowledges and agrees that it has an immediate and independent obligation to defend District from any claim which actually or potentially falls within this indemnity provision even if such allegation is or may be groundless, fraudulent or false, which obligation arises at the time such claim is tendered to Permittee by District and continues at all times thereafter. Permittee's obligations under this Section shall survive the expiration or other termination of this Permit.

18. As Is Condition of Permit Area; Disclaimer of Representations. Permittee accepts the Permit Area in its "AS IS" condition, without representation or warranty of any kind by District, its officers, agents or employees, including, without limitation, the suitability, safety, or duration of availability of the Permit Area or any facilities on the Permit Area, for Permittee's use. Without limiting the foregoing, this Permit is made subject to all applicable laws, rules and ordinances governing the use of the Permit Area, and to any and all covenants, conditions, restrictions, easements, encumbrances, claims of title and other title matters affecting the Permit Area, whether foreseen or unforeseen, and whether such matters are of record or would be disclosed by an accurate inspection or survey. It is Permittee's sole obligation to conduct an independent investigation of the Permit Area and all matters relating to its use of the Permit Area hereunder, including, without limitation, the suitability of the Permit Area for such uses. Permittee, at its own expense, shall obtain such permission or other approvals from any third parties with existing rights as may be necessary for Permittee to make use of the Permit Area in the manner contemplated hereby. Notwithstanding the foregoing, during the term of this Permit, District will take reasonable steps to prevent its employees, invitees and students from entering upon the Permit Area or interfering with Permittee's activities on the Permit Area.

19. No Assignment. This Permit is personal to Permittee and shall not be assigned, conveyed or otherwise transferred by Permittee under any circumstances. Any attempt to assign, convey or otherwise transfer this Permit shall be null and void and cause the immediate termination and revocation of this Permit.

20. Cessation of Use. Permittee will not terminate its activities on the Permit Area pursuant hereto without prior written notice to District.

21. No Joint Ventures or Partnership; No Authorization. This Permit does not create a partnership or joint venture between District and Permittee as to any activity conducted by Permittee on, in or relating to the Permit Area. Permittee is not a State actor with respect to any activity conducted by Permittee on, in, or under the Permit Area. The giving of this Permit by District does not constitute authorization or approval by District of any activity conducted by Permittee on, in or relating to the Permit Area.
