RE: Lowell High School- Painting

Dear Ms. Harper:

This is a formal request for information on the above referenced project. We are requesting the information pursuant to the California Public Records Act, Government Code Section 6250, et seq. The information we are requesting includes:

- ◆ Bid ad date.
- ◆ Notice to proceed or start date and length of project.
- ◆ Name, address, license number of the apparent low bidders and subcontractors (Public Contract Code Section 4104, et seq. Requires that the general contractor list the complete name, location of the place of business and license number of each subcontractor at the time of submission).

The Work Preservation Fund is a nonprofit organization formed for the purpose of maintaining high standards in the painting, drywall, glazing, floor covering and allied trades industries. To achieve this purpose, the Work Preservation Fund carries out an active program to assure that laws governing public works construction - - labor laws, public contract laws and contractor license laws - - are enforced by the public agencies charged with their enforcement.

Please fax the requested information to our office at (925) 724-2320 or email me at cgarig@wpfcompliance.org. If you have any questions on this matter, please contact me. I look forward to your prompt response.

Sincerely,

Corinna Garig
Administrative Assistant
