

San Francisco Unified School District

REQUEST FOR STATEMENT OF QUALIFICATIONS NOTICE
SAN FRANCISCO UNIFIED SCHOOL DISTRICT
ASBESTOS CONTROL PROGRAM
ENVIRONMENTAL AND/OR INDUSTRIAL HYGIENE CONSULTANT

The San Francisco Unified School District is looking for firms to submit a statement of qualifications to support asbestos and lead-impacting construction projects as well as other industrial hygiene support services. The selection of a firm in this pool does not automatically guarantee a contract will be awarded. **Proposals are to be submitted to the Contracts Office at 135 Van Ness Avenue, Room 208, San Francisco, 94102 by Thursday, April 11, 2013 by no later than 2:00 PM.**

Consulting firms responding to this request should be familiar with the District's procedures and protocol in terms of material submittals and close-out documentation. More information will be discussed in detail in the SOQ packet. This program has rigid schedule requirements driven by both fiscal and construction considerations so firms will be expected to demonstrate the ability to provide services within time frames that meet schedule requirements as dictated by the District.

Statement of Qualification (SOQ) information packages will be available online starting Monday, March 18, 2013. SOQ packets may also be obtained via email by contacting the District contact below.

The provisions of Public Contract Code Sections 101 15 et seq. as defined in the State Allocation Board regulation 1862.12.5(g) for implementation of Disabled Veteran Business Enterprise Goals shall apply to this project.
