Fax (415) 241-6699

SAN FRANCISCO UNIFIED SCHOOL DISTRICT, 135 Van Ness Avenue #320, San Francisco, CA 94102

This Public Works project is subject to the prevailing wage requirements stipulated in the California Labor Code Section 1770 et seq. The SFUSD Labor Compliance Program web site explains the requirements in detail. Please go to:

<http://web.sfusd.edu/partners/laborcompliance/Portal/default.aspx>

Go to the Department of Industrial Relations (DIR) web sites for publications:

To verify Prevailing Wage Rates for Journeymen:

<http://www.dir.ca.gov/dlsr/PWD/index.htm>

To verify Prevailing Wage Rates for Apprentices:

<http://www.dir.ca.gov/DAS/PWAppWage/PWAppWageStart.asp>

To verify Apprentices are properly registered with DAS:

<http://www.dir.ca.gov/DAS/appcertpw/AppCertSearch.asp>

To verify Electricians are certified by DAS:

<http://www.dir.ca.gov/das/ElectricalTrade.htm>

Special Notes:

The Department of Industrial Relations has new certified payroll and LCP rules effective January 21, 2009. Late submittal of paper or electronic certified payroll records may lead to LC 1776(g) penalties. LCP administrators must complete review of certified payrolls within 30 days after receipt. Owner Operators and/or 2nd Tier Subcontractors are not exempt from labor compliance requirements.

Pre-determined increases may apply for specific crafts with double asterisks (**) in applicable prevailing wage determinations. This may also be the case when work is being completed during second or later shifts that may require a higher rate of pay.

As of January 1, 2008, the ratio requirement for Roofers is as follows: one (1) Journeyman to one (1) Apprentice. Metal Roofing Systems Installation requires the usage of the Statewide wage determination on Page 2J-10 (attached) for San Francisco County. Fire Alarm Installation needs to be completed by Inside Wireman in San Francisco County.
