Who We Are
The San Francisco Unified School District (SFUSD) is California’s seventh largest school district. Every year, more than 55,000 students, speaking more than 44 documented languages, have powerful learning experiences in the 130 public schools within the City and County of San Francisco. We aim to provide each student with an equal opportunity to succeed by promoting intellectual growth, creativity, self-discipline, cultural and linguistic sensitivity, democratic responsibility, economic competence, and physical and mental health so that each student can achieve his or her maximum potential.
