

RAVE Team Nominee

Team Name: Spanish Immersion Team

Department/School: Daniel Webster Elementary

Why are you nominating this team?

They have overcome many difficulties in starting a brand new program at DW this year, a year earlier than was planned. And they have made my family's entry into SFUSD a positive one.

What are some of the positive qualities that distinguish this team's work?

The staff at DW has shown great patience and commitment to the parents and students that are a part of the school community.

Please give us a specific example of something that this team did/does that you would like to recognize:

Mrs. Machado shows caring for each student and parent at the school; she works very hard and has attended and participated every PTA meeting.

Mrs. Strong IS always smiling and friendly and spreading her great attitude.

Mrs. Suit has become involved in wanting to make great changes in the whole school bringing some of her past experience in dance and music and trying to incorporate new programs for the students.

Mrs. Foster has welcomed all the change at the school where she has taught for years. She even cooked all the Kindergarten parents an appreciation breakfast.

Is there anything else you would like to tell us about why you think this team should be recognized?

Nominated By: Current SFUSD parent
