WHEREAS: California law requires that all pupils in grades 7 through 12 must attend physical education (PE) courses for at least 400 minutes each 10 schooldays, unless the Board of Education has authorized an exemption (Education Code 51220); and

WHEREAS: The Education Code lists several exemptions to the PE requirement that may be adopted by local governing Boards.

THEREFORE BE IT RESOLVED: That pursuant to Education Code Section 51241, the Board of Education of the San Francisco Unified School District ("Board") authorizes the Superintendent or designee to exempt students from the physical education requirement in the following circumstances: (1) a temporary exemption for students who are either ill or injured and a modified program to meet the needs of the pupil cannot be provided, or if the student is enrolled for one-half, or less, of the work normally required of full-time pupils; (2) with the student's consent, for up to 2 years between grades 10-12 if the student has met satisfactorily any 5 of the 6 standards of the physical performance test (Fitnessgram); (3) a permanent exemption for students who are 16 years of age or older and have been enrolled in the 10th grade for one academic year or longer; (4) a permanent exemption for students who are enrolled as postgraduate pupils; or (5) a permanent exemption for pupils who are enrolled in a juvenile home, ranch, camp, or forestry camp school where pupils are scheduled for recreation and exercise pursuant to the requirements of Section 4346 of Title 15 of the California Code of Regulations; and

If a pupil is excused from physical education classes pursuant to this section, the minimum school day for the student in their regular high school is 180 minutes, and

FURTHER BE IT RESOLVED: That pursuant to Education Code Section 51246, the Board authorizes the Superintendent or designee to exempt any pupil enrolled in his last semester or quarter, as the case may be, of the 12th grade who, pursuant to Section 46145 (reduced day due to medical prescription) or 46147 (work experience education program), is permitted to attend school less than 240 or 180 minutes per day, from attending courses of physical education; provided, however, that such pupil may not be exempted pursuant to this section from attending courses of physical education if such pupil would, after such exemption, attend school for 240 minutes or more per day; and

BE IT FURTHER RESOLVED: That the Board hereby adopts the attached Board Policy entitled "Physical Education Exemptions" to implement this Resolution. The Board also hereby modifies Board Policy 6105.2 (High School Graduation Policy), Section A, Additional Notes, Physical Education, to amend the first bullet point to substitute the word "*exemption*" for the word "waiver," and to add the following bullet point: "*At least two years of Physical Education are required to graduate unless otherwise exempted pursuant of Board Policy (See Attached); and*

FURTHER BE IT RESOLVED: That the Board requests the Superintendent to implement Administrative Regulations to administer these exemptions; and

ADDITIONAL NOTES:

World Languages

- An approved course in American Sign Language shall be deemed as meeting this requirement.
- Students studying a World Language in a private school at the same time they are enrolled in a district high school may qualify to receive high school course credit for their instruction. Up to 20 credits, at a maximum of 10 credits per year, will be granted to students who meet the criteria listed in the Administrative Regulation regarding alternative means for meeting credit and course requirements.
- English Learner (EL) students who can demonstrate proficiency in their primary language that is equal to or exceeding what is expected of students after two years of classroom World Language study may be exempted from the World Language requirement. The purpose of this exemption is to provide secondary EL students the opportunity to take additional ELD courses and to give recognition to the primary language skills that they have already acquired. In no way is the intent of the exemption to discourage English Learner students from taking World Language courses. All students planning to attend college should investigate the foreign language requirement.

Physical Education

- Students must pass 5 of 6 sections of the Fitnessgram by the end of 10th grade to be eligible for a 2 year exemption from Physical Education. Students who fail to pass the Fitnessgram by the end of 10th grade will be required to re-enroll in PE until s/he passes the Fitnessgram or meets exemption criteria outlined in Board Policy. Failure to pass the Fitnessgram is not grounds for withholding a diploma.
- Swimming proficiency test: It is recommended that each student pass the SFUSD Swimming Proficiency test.
- At least two years of Physical Education are required to graduate unless otherwise exempted pursuant of Board Policy.

SECTION B: CALIFORNIA HIGH SCHOOL EXIT EXAM (CAHSEE)

Students must successfully pass CAHSEE to receive a high school diploma. Students must earn a scale score of 350 or higher on each part of the CAHSEE (English/Language Arts and Mathematics) in order to pass the exam.

The CAHSEE will be administered at the school site during regular school hours. As required by state law, Grade 10 students may take the CAHSEE only during the Spring administration. Grade 10 students who do not pass the exam will have several opportunities in grades 11 and 12 to retake the part(s) not passed.

Permissible testing variations for students shall be described in an Administrative Regulation approved by the Superintendent.

1. English Learners (EL)

EL students are to receive at least six months of instruction in reading, writing and comprehension in English within their first 24 calendar months of enrollment in the California public school system. During this period, LEP students shall take the CAHSEE in order to maximize their opportunities to take and pass the examination. EL students must pass the CAHSEE in English in order to obtain a diploma.

Permissible testing variations for EL students shall be described in an Administrative Regulation approved by the Superintendent.

2. Students with Disabilities

Students with disabilities are required to take the CAHSEE in grade 10 as part of the census administration for compliance with No Child Left Behind. Students with disabilities intending to earn a regular high school diploma must meet the CAHSEE requirement and complete all state and district graduation requirements, as specified above. For students with disabilities, the CAHSEE requirement can be met in the following ways:

1. Take the exam without accommodations or modifications and earn a score of 350 or more.
2. Take the exam with accommodations pursuant to the student’s IEP or 504 plan and earn a score of 350 or more.
3. Take the exam with modifications pursuant to the student’s IEP or 504 plan, earn a score of 350 or more, and be granted a waiver of the requirement to pass the CAHSEE by the Board of Education. (See “Waiver for Students with Disabilities,” below.)

In the alternative, students with disabilities who meet the relevant eligibility criteria will not be required to pass the CAHSEE as a condition of receiving a high school diploma of graduation or of graduation from high school. (See “Exemption for Students with Disabilities,” below.)

(i) Exemption for Students with Disabilities

The district shall not require a student with a disability to pass the CAHSEE as a condition of receiving a high school diploma of graduation or of graduation from high school if all of the following criteria are satisfied:

1. The student has an IEP or Section 504 plan in place. *(It is prohibited by law to adopt an IEP or 504 Plan for the sole purpose of exempting the student from the high school exit exam requirement. A student who reaches 19 years of age and has not already been found to be eligible for special education services may not be found to be a student with a disability for purposes of developing an IEP.)*
2. The IEP or 504 plan states that the student is scheduled to receive a high school diploma, and that the student has satisfied or will satisfy all other state and district graduation requirements for the receipt of a high school diploma on or after July 1, 2009.

Note: This exemption is provided pursuant to Education Code Section 60852.3, and shall last until the state board makes a determination that the alternative means by which an eligible pupil with disabilities may demonstrate the same level of academic achievement in the portions of, or those content standards required for passage of, the high school exit examination are not feasible or that the alternative means are implemented.

Adopted, on Suspension of the Rules at First Reading, and as amended, by the Board of Education at its Special Meeting of
June 17, 2008

Superintendent's Proposal

Subject: Resolution No. 86-17Sp1

Adoption of Exemptions to High School PE Requirement

WHEREAS: California law requires students to engage in physical education classes in grades 9-12 unless they are exempted from taking PE pursuant to exemptions listed in the Education Code; including one exemption that has historically allowed students to opt to cease taking PE after 2 years; and

WHEREAS: Recent legislation (SB 601) modified this exemption to require students to pass 5 of the 6 standards of the physical fitness test given to 9th graders (Fitnessgram) before they are allowed to cease taking PE after 2 years; and

~~**WHEREAS:** The Board is considering a resolution to cease providing PE credit for JROTC courses in 2008-2009; which will require changes to school master schedules and student schedules at the end of the school year, and could potentially require additional PE courses for students; and~~

WHEREAS: In light of these issues, the District wishes to provide its students and schools with maximum flexibility to comply with the change in the law and District practice; and

WHEREAS: The Education Code lists several exemptions to the PE requirement that may be adopted by local governing Boards.

THEREFORE BE IT RESOLVED: That Pursuant to Education Code Section 51241, the Board authorizes the Superintendent or designee to exempt students from the physical education requirement in the following circumstances: (1) a temporary exemption for students who are either ill or injured and a modified program to meet the needs of the pupil cannot be provided, or if the student is enrolled for one-half, or less, of the work normally required of full-time pupils; (2) with the student's consent, for up to 2 years between grades 10-12 if the student has met satisfactorily any 5 of the 6 standards of the physical performance test (Fitnessgram); (3) a permanent exemption for students who are 16 years of age or older and have been enrolled in the 10th grade for one academic year or longer; (4) a permanent exemption for students who are enrolled as postgraduate pupils; or (5) a permanent exemption for pupils who are enrolled in a juvenile home, ranch, camp, or forestry camp school where pupils are scheduled for recreation and exercise pursuant to the requirements of Section 4346 of Title 15 of the California Code of Regulations; and

PLEASE NOTE: THIS RESOLUTION FROM 6/17/2008 INCLUDED FOR INFORMATIONAL PURPOSES ONLY

Subject: Resolution No. 86-17Sp1

Adoption of Exemptions to High School PE Requirement

FURTHER BE IT RESOLVED: That Pursuant to Education Code Section 51242, the Board authorizes the Superintendent or designee to exempt high school students from PE courses if they are engaged in a regular school-sponsored interscholastic athletic program carried on wholly or partially after regular school hours; and

BE IT FURTHER RESOLVED: That Pursuant to Education Code Section 52316, the Board authorizes the Superintendent or designee to exempt students from PE who are in grades 10-12 and are attending a ROP class or center if attendance creates a hardship due to travel time involved. If a pupil is excused from physical education classes pursuant to this section, the minimum school day for the student in their regular high school is 180 minutes, and

FURTHER BE IT RESOLVED: That the exemption listed above that authorizes a permanent exemption for students who are 16 years of age or older and have been enrolled in the 10th grade for one academic year or longer shall only be implemented for the Class of 2009 and 2010 (next year's 11th and 12th graders) in order to minimize the disruption of established student schedules and expectations and to ease the transition for schools adopting the new law and new District practice; and this exemption shall not be used to permit a student to take less than 2 years of PE; and

BE IT FURTHER RESOLVED: That the Board instructs the Superintendent to implement Administrative Regulations to administer these exemptions; and

FURTHER BE IT RESOLVED: That the District's physical education graduation requirement shall match the state physical education graduation requirement outlined in Education Code Section 51225.3 (a)(F), which requires two years of physical education unless the pupil has been exempted pursuant to the Education Code exemptions authorized by the Board.
