Willie L. Brown Jr. Middle School
A State of the Art Learning Facility & School Experience
School Building Construction
A Work in Progress as of September 9, 2014
School Building Construction
A Work in Progress as of July 27, 2015
Graduate Profile

1. Graduate Profile
   The SFUSD Graduate Profile will define the knowledge, skills, dispositions, and behaviors we expect our graduates to possess so they are prepared to thrive in life and career.

2. Personalized Pathways
   All students will have personalized learning and development pathways.

3. Reimagined Space and Time
   We will reframe the school day, keeping learning standards constant while we explore new ways to use space and time.

4. Motivation and Mastery
   We will embrace engaging new ways to demonstrate mastery while motivating and inspiring ever-greater levels of learning.

5. Real-Life Tasks
   We will integrate rich and meaningful real-life tasks into all levels of the curriculum.

6. Cultural Competence and Multilingualism
   Students will be globally aware, multilingual and culturally competent, and fluent in a range of "second languages," including sign language and computer coding. Our graduates will see diversity in its many forms as an asset.

7. Blended Learning
   All our schools will be equipped with technologies that support blended learning and increase personalization.

8. Talent and Collaboration
   We will attract and grow talent to fuel our students' success and to embody a culture of boundless aspiration, innovation, and collaboration.

9. Innovative System
   SFUSD will be a center of innovation and a leader in creating an engaging new learning ecosystem in the Bay Area—and beyond.

10. Aligned Investments
    Funding and other forms of investment from public, private, and philanthropic sources will be more tightly aligned to our vision.

2025
Willie L. Brown Jr. Middle School’s mission is to provide an education that uses engineering practices as a guide for students to develop the foundational skills and beliefs needed to successfully major in Science, Technology, Engineering, and Mathematics (STEM) degrees and secure employment in STEM professions. Students will use technology as a tool to explore their identities, expand their possibilities, and be of service to others. Ultimately, students will become advocates of social justice, learning to protect and expand the rights of humanity.
Theory of Action

From Elementary School

Who is the student walking into Willie Brown beginning in 6th grade?

Academic Development

Psycho-Social Emotional Development

Healthy Habits of Mind & Lifestyle

Prepared to be successful in High School

Who is the student walking out of Willie Brown at the end of 8th grade?
Strategic Priorities

- Student Success
- Healthy Habits of Mind & Lifestyle
- Psycho-Social Emotional Development
- Academic Achievement
