Automotive Technology is a comprehensive course that aims to teach a basic understanding of shop safety, automotive design and maintenance, and develop first-hand work experience.

MAKE YOUR SUMMER COUNT!

You will have the opportunity to:

- Use a wide variety of shop tools and automotive equipment while on site at George Washington High School
- Develop first-hand work experience through prearranged internships with the San Francisco Municipal Transportation Agency (Muni).
- Observe and aid Muni employees, while applying course content in the real world
- Gain 10 high school elective units
- Earn a $600 stipend for participating in the summer program

Required Documents:
1. Student Internship Application
2. SFUSD Human Resources Emergency Contact Information Form
3. SFUSD Human Resources Personal Information Form
4. Work-Permit Application
5. Employment Eligibility Verification (I-9 Form)
6. Employees Withholding Allowance Certificate (W-4 Form)
7. Social Security Card – submit photocopy
8. School ID*, CA Identification Card, Driver’s License, or valid Passport – submit photocopy
9. High School Scholarship Record/Transcript (it does not have to be an official transcript. Please get this from your counselor)

* Students must have a CA ID, Driver’s License, and/or valid Passport to activate their bank card. A school ID is not valid.

Application Due: May 15, 2014

Download the application online at www.sfusd.edu/cte and click on “Resources”. Please send the application and required documents to: Career Technical Education, 750 25th Ave., San Francisco, CA 94121.
