BSC 1.0 - Budget in the BSC

All Admin Meeting - February 3, 2015
Welcome

- Sign In
- Process observer
- Time keeper
Know that how we budget reflects our equity priorities
Understand budget timelines, cycles and resources
Review restricted school budget funding sources and how those funds can be used
Examine school budget templates
Think about questions and information School Site Councils should consider in developing the BSC/SPSA
SFUSD’s Six Strategies for Success

These, our highest leverage strategies to achieve our goals, will have impact at all levels of the system and are our shared roadmap for raising student achievement.

1. Implement the SFUSD Core Curriculum and use student data to make informed decisions and monitor our progress toward goals.

2. Provide tiered levels of academic and behavior support to all students using a Response to Instruction and Intervention (RTP) model.

3. Build a clear vision, culture and conditions for college and career readiness at all school levels.

4. Differentiate central office supports to schools through a Multi-Tiered System of Supports (MTSS).

5. Recruit, develop and retain highly qualified teachers, leaders, and staff.

6. Increase awareness and build the supports necessary to fully implement SFUSD’s Family Engagement Standards.
Educational Equity

The practice of:

- holding a stance,
- developing policies and processes,
- using a set of tools, and
- making decisions and taking actions...

towards the explicit and intended goal of “equal and excellent results” for students regardless of external or internal, social or cultural contexts.

(borrowed from SF-CESS)
What are some ways your school or department has used/can use the budget development process to address educational inequity for students?
### Budget Planning Timeline

**Fall-Winter 2014**
- Review the school site plan (BSC/SPSA) goals
- Gather and review data about current student needs from SSC/ELAC & others
- Review alignment of current budget to priorities

**Spring 2015**
- Mid-Plan check
- Review preliminary budget allocations
- Complete Mid-Plan Addendum
- Review with SSC/ELAC & others and get preliminary approval from SSC
- **DUE: March 27**

**Fall-Winter 2015**
- Review the priorities and check against Fall data and final budgets
- Update and finalize BSC/SPSA Mid-Plan Addendum with data and revised budget numbers
- Review final BSC/SPSA with SSC/ELAC and get approval from SSC
Important Budget Terms

- Weighted Student Formula (WSF)
- Supplemental v. Restricted v. Categorical
- State Resources - Supplemental
  - Supplemental Concentration Grant-English Learner (SCG-EL) *
  - Supplemental Concentration Grant – Low Income (SCG-LI) *
  - Concentration Grant *
  - Targeted Instructional Improvement Block Grant (TIIG)
  - School Library Improvement Block Grant (SLIBG)
  - Quality Education Investment Act (QEIA)
- Federal Resources – Categorical and Supplemental
  - Title I *
What is WSF?
- A way to distribute funds to schools that takes into account the student count and specific attributes of the students at each school.

How is our school’s WSF amount calculated?
- Enrollment by grade level
- Enrollment of students with special characteristics
  - English Language Learners
  - Socio-Economic Status
  - Special Education

Money follows each student to his/her school, and each school’s budget is expressed in dollars instead of FTE’s (positions)
Elementary School A
Preliminary Weighted Student Formula and Consent Decree Allocation for SY 2013-14

Total Student Allocation: $2,061,805

Foundation Allocation

“Floor Plan” Funds

Total Weighted Student Formula Allocation (Excluding Special Education) $2,061,805

Targeted Instructional Improvement Block Grant

Total funds from Weighted Student Formula (WSF)
How can our school spend WSF funds?

- Fund the Core program first AND

- Specific core services necessary for the identified student populations (e.g. ELD for English Learners, support classes for under-performing students)

- Additional funds may be spent on “any lawful purpose to support student achievement”

- Additional funds should be spent to support the priorities identified in your school’s BSC/SPSA
Unrestricted Funds

Most unrestricted funds come from WSF

Restricted Funds

Restricted funds come from various sources:
  - Federal or State grants
  - Local grants
### Unrestricted Funds

- Core funding
- Schools have some latitude in spending these funds after meeting core program requirements

### Restricted Funds

- Categorical or supplemental funding
- Schools must comply with state, federal or local restrictions when spending these funds
- Should be used to *supplement not supplant* the Core Program
- Subject to additional reporting requirements
Title I
- Provides support to improve instruction in high poverty schools to ensure all students meet academic proficiency
- At least 1% must be used for Parent Involvement

SCG - EL
- Provides increased and/or improved services that assist English Language Learners (ELs) in achieving proficiency in the English language and improving academic achievement for these identified students

SCG - LI
- Provides increased and/or improved services for students achieving below the level appropriate for their age or grade
Each school site receives **restricted funds** from multiple sources.

For 14-15: grouped this way
For 15-16: supplemental for improved/increased services

</table>

| **Grand Total**                                        | **$1,641,609**  |

*Includes carryover from prior year.
You cannot spend restricted dollars on core or basic programs

In other words: You cannot use categorical dollars to pay for something you would normally have in your core program

Example: Restricted funding cannot be used to pay for administrators, the classroom teachers (except for those that reduce class size), the school secretary, and a minimal level of supplies.
• Special Education, English Learners, Low Income Students
  ▫ Categorical funds force us to think about students in special populations and the issues they confront, so make sure you ask:
    • What are we doing to support the academic achievement of these students through the general fund?
    • What are we doing to support the academic achievement of these students with our categorical funds?
Questions for SSC to consider:

- What are our school’s priorities for this two-year plan as identified on the BSC/SPSA?
- What is the data telling us about how our plan is working?
- How do our current expenditures support our school priorities?
- Are our current expenditures working? Are we making measurable progress? How do we know?
- What do we want to continue? What might we do differently?
Making resource decisions and completing the budget section on the Mid-Plan Addendum
### SECTION IV: MID-PLAN CHANGES TO SCHOOL BUDGET AND RESOURCE PRIORITIES

Using your updated data analysis and changes to your school plan, please outline how you will prioritize your site’s resources dedicated for specific student groups the coming school year. As reference, the Site Based Budget Guide can be found here: [http://www.ausd.edu/en/assets/staff-staff/councils-committees/finance/BSC_Budget_Guide_Fall_2014.pdf](http://www.ausd.edu/en/assets/staff-staff/councils-committees/finance/BSC_Budget_Guide_Fall_2014.pdf)

WSF funds are part of your school site budget and funds the core program. Recognize that there are additional weights in WSF for the purpose of providing specific services for English Learners and Low Income students. This should be reflected in the budgets submitted on FileMaker Pro.

</tr>
</thead>
</table>

**BSC/SPSA**

Supplemental Funds in Section IV should support program goals

**MTSS Supports**
Recommendations for Developing a Better Budget

- Make sure the budget directly supports the priorities identified in the BSC/SPSA
- Make sure the budget is balanced to the allocation
- Confront tough choices
  - Prioritize all non-Core Program spending options
  - Be honest about trade-offs
  - Avoid the tendency to preserve the status quo
- Think holistically
  - Consider other funding sources (PTA, private grants)
  - Coordinate with other groups where possible
- Don’t start from scratch – use templates
Documentation required by state and federal regulations for staff salary funded with categorical funding.

Two reporting types:

- **Time and Effort Report**: Monthly reports for staff funded from more than one resource, at least one of which is federal (Title I)

- **Time Certification Report**: Semi-annual report for staff funded from a single federal or state resource

This means: If you don’t multi-fund an employee across a federal resource then you can do semi-annual time certification
