Apply by January 11, 2019
Mission Statement
Every day we provide each and every student with the quality instruction and equitable support required to thrive in the 21st century.

Vision of Student Success
Every student who attends SFUSD schools will discover his or her spark, along with a strong sense of self and purpose. Each and every student will graduate from high school ready for college and career and equipped with the skills, capacities and dispositions outlined in SFUSD’s Graduate Profile.

Dear parents, families and students:
Thank you for choosing San Francisco public schools. Here at SFUSD, we are motivated every day by the goal of fostering engaged and joyful learners. We pride ourselves on our diverse school offerings, and our staff is dedicated to developing each student’s creativity, critical thinking and collaboration skills, no matter which school your child attends.

Our district has talented teachers who believe in providing all students with engaging learning experiences that build strong thinking habits and support mastery of skills to prepare them for lifelong success.

We value diversity and are committed to supporting students from all backgrounds and learning styles.

Every school offers students opportunities to cultivate their academic growth, creativity and well being through:

- Math and English courses aligned to rigorous state standards;
- Visual and performing arts and music programs;
- Comprehensive physical education each week;
- Social and emotional learning, like communicating feelings and resolving conflicts;
- Support for student health and wellbeing from school nurses and social workers;
- Healthy school breakfasts and lunch;
- Enhanced learning through libraries and technology; and
- Out-of-school learning opportunities.

We take a holistic approach to supporting all students in achieving success in their lives and positively impacting our community.

This guide will help you and your child learn about the opportunities at SFUSD. Our multilingual website at sfusd.edu/enroll and enrollment counselors at the Education Placement Center, 555 Franklin Street, are here to assist you with the SFUSD school application process.

Your child’s education is our priority. We look forward to serving you!

Warm regards,

Dr. Vincent Matthews, Superintendent
San Francisco Unified School District
The SFUSD Enrollment Guide explains the application and enrollment process for San Francisco public schools. This guide also has information about SFUSD schools, programs, services and policies. Families should reference this guide when researching their child’s school options, completing their child’s application, or when they have questions about the process.

Information may change
The information in this guide is accurate as of the time of publication (September 2018). However, it is possible that some programs could be moved, eliminated, reduced, modified, or added. Major changes will be publicized on www.sfusd.edu as soon as they are known.

Tips on Choosing Schools

SFUSD offers many high-quality schools and programs. Explore your options to find which schools will best meet your child’s needs.

Research schools
Use this guide or visit www.sfusd.edu/en/schools/all-schools.html

Attend the SFUSD Enrollment Fair
Talk to school representatives directly on October 13, 2018 at John O’Connell High School.

Visit schools
Meet staff, find out about programs, and get a feel for the campus.

Talk to parents
Hear directly about their experiences.

Start ranking your school options
You can list an unlimited number of choices in order of your preference.

All San Francisco public schools are listed in this guide on the following pages:

• Early Education (pre-kindergarten) schools starts on page 44
• Transitional kindergarten schools starts on page 48
• Elementary schools starts on page 52
• Middle schools starts on page 80
• High schools (including continuation and charter high schools) starts on page 90

Each school includes a brief description to help you understand the school’s programs and features, and compare schools across locations and programs. Are you looking for special programs like STEAM or language immersion? Perhaps schools that offer afterschool programs? The following icons can help:

- Uniform required at this school
- Before school program available on site
- Afterschool program available on site
- Language pathway offered
- School has STEAM focus (Science, Technology, Engineering, Arts, Math)
- School bus available from certain zip codes
- After school supper provided
DEVELOPING

STUDENTS WHO THRIVE

THE SAN FRANCISCO UNIFIED SCHOOL DISTRICT GRADUATE PROFILE

CONTENT KNOWLEDGE
Ready to Think, Learn and Grow
Master the fundamentals for success—like math, English, computer science and art—and develop problem-solving and critical-thinking skills.

CREATIVITY
Ready to Create
Have the freedom, confidence and ability to express your unique self. Be creative and at the center of solutions.

CAREER & LIFE SKILLS
Ready for Career, Ready for Life
Acquire the knowledge, skills and experience needed to navigate the world, solve problems and communicate effectively.

GLOBAL, LOCAL & DIGITAL IDENTITY
Ready to Tackle a Changing World

LEADERSHIP, EMPATHY, & COLLABORATION
Ready to Lead, Ready to Work with Others
Learn to work together in diverse teams and with partners inside and outside the classroom. Be a positive influence.

SENSE OF PURPOSE & SENSE OF SELF
Ready to Be Your Best
Recognize your purpose and value. Reach your full potential.

Jan. 16, 2019
Last day to submit application for Ruth Asawa SOTA (see page 105)

Week of Mar. 18, 2019
Families who applied by January 11 receive their offer letters by mail

Mar. 25-29, 2019
Spring Break - all schools closed

Week of May 20, 2019
Families who applied by April 5 receive their offer letters by mail

Apr. 5, 2019
Last day to register to accept March offer // Last day to submit application for May Placement Period

May 31, 2019
Last day to register to accept May offer
How to Apply: Steps 1-4

01 Prepare Documents

Families applying for TK or kindergarten and families who are new to SFUSD should gather the following documents and be prepared to submit them with their application.

- Photo identification for the child’s parent/guardian
- Proof of the child’s birth (birth certificate, hospital record). If the document does not list the parent/guardian’s name, additional verification to prove guardianship is required.
- One document proving home address with the name of the parent/guardian listed.

Acceptable proofs of home address (must be original and include the name and address of the parent or guardian):

- Utility service contract, statement or payment receipts from agencies such as PG&E, water, cable, or garbage dated within 45 days (no cell phone bills will be accepted)
- Both automobile registration and auto insurance policy (declarations page), must be current (count as one proof)
- Homeowner’s or renter’s insurance policy, must be current
- Property tax statement, must be current assessment year
- Correspondence from a government agency dated within 45 days
- Grant deed, title of property
- Rental property contract, lease, or payment receipts within 45 days
- Section 8 agreements, must be current
- Affidavit of residency executed by the parent or legal guardian of a pupil
- Pay stubs dated within 45 days
- Voter registration, must be current

We cannot accept cell phone bills as proof of address.

For current SFUSD parents/guardians who haven’t changed their home address, only photo identification is required. If the home address has changed, parents/guardians must provide one proof of address and photo identification.

02 Complete the Application

Applications for 2019-20 will be available on October 15, 2018 at the Educational Placement Center or at any SFUSD school. You can also download and print the application from sfusd.edu/enroll. Please complete all sections of the application. Incomplete applications cannot be processed as on time. Remember to sign the application to verify that the information provided is accurate. Applications should list the schools and programs where your child wants to enroll in order of preference. Students can request any SFUSD school within their grade level. There is no limit to the number of schools that students can request.

03 Submit the Application

If you are a student who is...
Submit your application at...

- New to SFUSD
  - Applying for grades 1-5, 7-8 or 10-12 and are transferring schools within SFUSD
    - Educational Placement Center
    - West Portal Elementary School
    - Daniel Webster Elementary School
    - Leola Havard EES
  - Educational Placement Center
  - 8 a.m. to 4:30 p.m. Monday-Friday
- Applying for grades K, 6, or 8 at SFUSD schools
  - Educational Placement Center
  - West Portal Elementary School
  - Sutro Elementary School
  - Daniel Webster Elementary School
  - Leola Havard EES
  - 8:30 a.m.-2:30 p.m. throughout school year
- Applying for kindergarten and have an older sibling currently attending an SFUSD elementary
  - The sibling’s SFUSD school

TIP: Students who submit their applications by January 11, 2019 and request multiple school choices will have the best chances of being assigned to their requested school.

04 Schedule Language Assessments (as needed)

Students who speak a language other than English and list a Dual Language Pathway as a school choice may be assessed for their current language skills to evaluate their proficiency in the pathway language. Parents/guardians should submit their child’s enrollment application early to meet with an EPC counselor and complete the necessary assessments. More information on assessments can be found in the English Learners section on page 22.

Who should apply?

Students new to SFUSD, students entering transitional kindergarten or kindergarten, students transitioning from elementary to middle school or middle school to high school, or students who wish to change schools next year should apply by January 11, 2019.
School Application Deadline: January 11, 2019

Getting Help for Your Application

**Placement Counselors**
The Educational Placement Center (EPC) is where parents/guardians can apply to enroll their child in an SFUSD school. Placement Counselors are available to assist families in the enrollment process year-round by answering questions, explaining the assignment process and assisting other enrollment-related needs. No appointments are necessary to meet with a Placement Counselor. Please visit during EPC’s hours of operation.

**Enrollment Workshops**
The EPC also offers workshops to help families with important enrollment information. Completed applications can also be submitted at these workshops. All workshops are located at 555 Franklin St., San Francisco, CA 94102. To request translation services during an EPC workshop or event, call 415-522-7343. To learn more about EPC events and workshops, visit www.sfusd.edu/enroll.

**EPC Location and Office Hours**
555 Franklin St., Room 100
San Francisco, CA 94102
Phone: 415-241-6085 | Fax: 415-241-6087
Hours: 8:00 a.m. to 4:30 p.m. Monday-Friday
Due to staff development, the EPC opens at 10 a.m. once a month. Please check our website for dates.
The EPC will be closed on the following holidays:
- Nov. 12, 2018 (Veterans Day)
- Nov. 22-23, 2018 (Thanksgiving)
- Dec. 25, 2018 (Christmas Day)
- Jan. 1, 2019 (New Year’s Day)
- Jan. 21, 2019 (Martin Luther King Jr. Day)
- Feb. 18, 2019 (Presidents’ Day)
- May 27, 2019 (Memorial Day)
- Jul. 4, 2019 (Independence Day)
- Sep. 2, 2019 (Labor Day)
- Oct. 14, 2019 (Columbus Day/Indigenous People’s Day)

**Language support at the EPC**
To obtain further assistance, you may call the EPC to speak to an individual staff person. To reach EPC staff, please call 415-241-6085. This phone number will direct you to an individual staff person in the following languages: Cantonese, English, Filipino, Mandarin, Spanish and Vietnamese. The staff that provide this support include:
- Lynn Kwong – 415-241-6085 ext. 1138 (English/Cantonese/Mandarin)
- Tomás Beccar Varela – 415-241-6085 ext. 1134 (English/Spanish)
- Hans Gong – 415-241-6085 ext. 1129 (Vietnamese)
- Catalina Pajar – 415-241-6310 (Filipino)

**Non-Discrimination Policy**
San Francisco Unified School District programs, activities, and practices shall be free from unlawful discrimination, harassment, intimidation, and bullying based on actual or perceived race, color, ancestry, national origin, ethnic group identification, age, religion, marital or parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, or gender expression; or on the basis of a person’s association with a person or group with one or more of these actual or perceived characteristics.

If you believe you have been subjected to discrimination, harassment, intimidation, or bullying, you should immediately contact the school site principal and/or Director of the Office of Equity (CCR Title 5 and Title IX Officer), Keasara (Kiki) Williams, at 415-355-7534 or williamsk3@sfusd.edu. A copy of SFUSD’s uniform complaint policy and SFUSD’s non-discrimination policy are available online at www.sfusd.edu.

**Enrollment Workshops**
All workshops will be hosted at 555 Franklin Street on the following days and times:
- **Tuesday, Nov. 13, 2018, 5:00-6:30 p.m.**
  (and accepting applications until 7:30 p.m.)
- **Saturday, Nov. 17, 2018, 9:00-10:30 a.m.**
  (and accepting applications until 12:00 p.m.)
- **Saturday, Dec. 1, 2018, 9:00-10:30 a.m.**
  (and accepting applications until 12:00 p.m.)
- **Friday, Dec. 7, 2018, 5:00-6:30 p.m.**
  (and accepting applications until 7:30 p.m.)

Staff will also be accepting completed applications at these workshops.
Residency Requirements

A student’s residence is the legal residence of the parent(s)/guardian(s) who have physical custody of the child. To enroll in SFUSD, the student must continually reside in San Francisco when he/she applies for school, and while attending an SFUSD school.

Students cannot temporarily reside in San Francisco solely to attend an SFUSD school. Also, parents/guardians who own property in San Francisco, but do not live in the city, are not considered a resident. (This residency policy does not apply to students who are homeless.)

To verify San Francisco residency, parents/guardians must:
• Remain at the home when not elsewhere for labor or other temporary reasons;
• Maintain their residency, or move to another residency in San Francisco; and
• Have their child physically reside in San Francisco for at least 50 percent of the time during the school year if the parents/guardians live separately.

Special Residency Situations

There are special circumstances when a student can declare residency in San Francisco without a parent/guardian. They include: students who are emancipated, living in foster care or with a caregiver, receiving temporary medical care in San Francisco, or who have an interdistrict permit. Students living with an adult caregiver, specifically to attend a particular school, may have their school request denied.

Students Moving Inside/Outside SF

Students moving with their legal parents/guardians from a San Francisco address to a new San Francisco address must submit a Change of Address Form to the Educational Placement Center within 14 days of moving. Failure to submit a Change of Address Form by the deadline could result in a student’s enrollment being revoked.

Students who move out of San Francisco but want to continue attending a SFUSD school can apply for an interdistrict permit from the new school district of residence to attend an undersubscribed SFUSD school that has available seats. An undersubscribed school is defined as a school that was not full and did not have outstanding choice requests at the beginning of the current school year. If enrollment has been revoked, the student will not be eligible to apply for an interdistrict permit for a year. Please see page xx for details about the permit.

Residency Fraud

SFUSD reserves the right to request additional documents and/or conduct an investigation if the Superintendent (or designee) reasonably believes, or has a reasonable suspicion, that the parent/guardian of a student has given false or unreliable evidence of residency. SFUSD can verify residency at any time, or require proof of continued residency at certain intervals (monthly, quarterly, annually) as deemed appropriate. The Director of the Educational Placement Center (EPC) is the designee charged with overseeing residency fraud investigations.

Age Requirements

California law requires that a child must be five years old on or before September 1 of the school year to be legally eligible for kindergarten and six years old on or before September 1 of the school year to be legally eligible for first grade. Students who will have their fifth birthday between September 2 and December 2 of the school year are eligible for transitional kindergarten, which you can learn more about on page 50.

Application Requirements

Student Health Requirements

Immunizations

According to the California School Immunization Law, children must have their required immunizations (vaccinations or shots) before they can attend school.

TB Clearance

New students also must provide evidence of tuberculosis (TB) clearance, such as a negative test result, or verification that the child is not at risk for TB, dated within one year before starting school.

Physical Exam

Students enrolling in kindergarten must also have had a physical examination within 6 months of the first day of kindergarten. First-graders must have had a physical examination within 18 months prior to the first day of first grade. The School Health Form for the physical exam and TB clearance are in the SFUSD School Health Manual (section E) available at www.healthiersf.org/resources/SHM.php. Information about required immunizations can be found in the SFUSD School Health Manual (section E) or at www.shotsforschool.org.

Students with Medical Conditions

Students who have a health condition that may affect their education should state this on their enrollment application in the “Special Needs” section, along with a brief description of what the child will need for functioning at or attending school. In addition, health documents should be given to the school and/or attached to the application. Do not include information about the medical condition of relatives or non-medical issues like transportation. Any need for health or medical services should be reviewed by an SFUSD School District Nurse before services are provided so that staff who will be providing those services could be identified and properly trained.

Health Documents for Schools

If needed, the student’s healthcare provider should complete an Emergency Care Plan so the student can receive the proper care while at school. If the student needs medication while at school, the healthcare provider must complete a Medication Form for each medication needed. If the student requires specialized healthcare procedures while at school, medical orders must be given to the school before services can be provided.

Emergency Care Plans and Medication Forms for common conditions are available in the SFUSD School Health Manual (sections B and C) or at www.healthiersf.org/resources/SHM.php.

SFUSD Wellness Policy

The purpose of the SFUSD Wellness Policy is to ensure that students are safe, healthy and ready to learn. Schools are encouraged to create an environment where the healthy choice is the easiest, most desired choice among students, staff, families and the community. For more information about the Wellness Policy, visit sfusd.edu/BeWell.
Interdistrict Transfers

Living in San Francisco, Applying to Another District
Parents/guardians must submit an interdistrict permit to the Educational Placement Center (EPC) if he/she lives in San Francisco and wants their child to attend a public school outside of San Francisco. Verification of the San Francisco home address is required. Students receiving Special Education Services must also submit a copy of their Individualized Educational Plan.

Interdistrict applications are reviewed weekly and forwarded to the requested district. Final approval is made by the requested district. Students who request interdistrict transfers cannot be guaranteed enrollment in SFUSD. Interdistrict permits must be applied for annually.

Living Outside of San Francisco, Applying to SFUSD
Students who do not live in San Francisco but want to apply for an SFUSD school should enroll in the school district where they live as a precaution in case they are not assigned to an SFUSD school. SFUSD grants interdistrict transfers if seats are available.

Students living outside San Francisco applying for interdistrict transfer permits will not be assigned an SFUSD school through the regular student assignment process. Instead, the EPC will begin reviewing requests five weeks before school starts. School assignment offers will first be made to students living in San Francisco.

Applying for Interdistrict Transfer Permits
Students living outside of San Francisco who want to attend a SFUSD school must apply for an interdistrict transfer permit from the school district where they live. If the student’s district of residence approves the permit, it will be forwarded to the SFUSD EPC for approval. Students must submit a SFUSD enrollment application with their out-of-district address, and the documents needed for SFUSD enrollment.

Students who need special education services and want to attend a SFUSD school must have their interdistrict transfer applications approved by the Special Education Local Plan Area (SELA) Director or the Assistant Superintendent of Special Education Services before students will be placed in a school.

Interdistrict permits must be renewed for students each school year. Students also must maintain satisfactory standards of academic progress, behavior and attendance for interdistrict transfers. School assignments are made in the order that the applications are received.

Approving Interdistrict Transfers
Interdistrict transfer requests will be approved on a case-by-case basis. SFUSD reserves the right to limit the number of incoming students and establish priorities according to types of requests.

Interdistrict transfers will not be granted for high-demand schools, which are schools filled to capacity at the end of the first placement period. The requests also are not granted for Lowell High School and Ruth Asawa San Francisco School of the Arts (SOTA).

Potential Reasons for Interdistrict Transfer Permit Approvals:
- To meet the child care needs of the student
- Because the parent/guardian is employed in San Francisco
- Because the student has a sibling attending school in the requested district
- To allow students to complete a school year if their parents/guardians moved out of the SFUSD boundaries during the school year
- When there is a valid interest in a particular educational program not offered in the school district where the student lives

Students who are victims of bullying at the school district where they live will have priority for interdistrict transfers under any existing interdistrict transfer agreements the student has, or will be given additional consideration for an interdistrict transfer agreement.

Related Policies and Services

Undocumented Students
Any child whose parents/guardians live in San Francisco is guaranteed access to a free public education in SFUSD. Students will not be denied access to school because of their immigration status.

Foreign Exchange Students
SFUSD does not participate or issue the federal Student Exchange Visitor Information System (SEVIS) I-20 form for potential F1 students (international students with an F1 visa attending an academic program or English Language Program at a school in the United States).

Approved J1 student exchange organizations must contact the SFUSD Educational Placement Center (EPC) when requesting placement of a foreign exchange student.

J1 visas are issued to students attending cultural and educational exchange opportunities in the United States through programs overseen by the U.S. State Department. J1 students will be assigned to an SFUSD school if space is available.

Foreign Transcript Translations
High school students who are immigrants and want to enroll in a SFUSD school should bring school transcripts from their country of origin and required documents for SFUSD enrollment.

The EPC will provide translations of transcripts if needed. EPC placement counselors also will make recommendations for placement at the appropriate grade level.

Education Outside
Practicing Science and Connecting to Nature
More than half of all elementary students at SFUSD participate in Education Outside during the school day. The program transforms school gardens into living outdoor classrooms, and brings hands-on, experimental science and environmental education to students.
Students in Transition

SFUSD ensures educational rights and protections for students experiencing homelessness or students in transition who lack a fixed, regular, adequate nighttime residence, according to the federal McKinney-Vento Act and Every Student Succeeds Act (ESSA). SFUSD students, pre-kindergarten through 12th grade, will have equal access to public education and educational resources deemed appropriate for their individual needs.

Students who are homeless and in transition can apply for enrollment to any SFUSD school at the Educational Placement Center (EPC), 555 Franklin Street, room 100. School assignment will be based on space available for the grade level, or the student’s need for attending a specific program with the support of an EPC placement counselor and consistent with the McKinney-Vento Act.

Documents for Students in Transition

Schools, agencies and shelters can start the enrollment process for students in transition by contacting the EPC. The school selected should immediately enroll the student, regardless of the student having the required documents for enrollment (past academic records, medical records, proof of residency), in accordance with the McKinney-Vento Act and ESSA. To obtain a student’s academic records, the enrolling school must immediately contact the last school the student attended.

The enrolling school must maintain the student’s documents, including immunization or medical records, academic records, birth certificates, guardianship records, and evaluations for special services or programs, for students who are homeless and in transition. The records must be maintained and available within 14 days of the student’s enrollment into a new school or SFUSD. Records also must be maintained according to the General Education Provisions Act.

Students in transition can receive additional services for school (Muni monthly passes, uniforms, tutoring, and school supplies) by contacting the District Liaison, Teri Gee. Students who lack immunizations or medical records should also contact the District Liaison for support.

Who Qualifies as Students in Transition?

According to the McKinney-Vento Act and per SFUSD policy, students in transition are children and youth who “lack a fixed, regular and adequate nighttime residence.” This includes the following situations:

- Children and youth who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason.
- Children and youth who may be living in motels, hotels, trailer parks, shelters, or awaiting foster care placement.
- Children and youth who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings.
- Children and youth who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings.
- Migratory children who qualify as homeless because they are children who are living in similar circumstances listed above.

Questions? Contact Students and Families Experiencing Homelessness, 20 Cook St., or call District Liaison Teri Gee, 415-750-4500 x1408.

Enrollment Disputes for Students in Transition

If a dispute arises over school selection or enrollment for a student in transition, the student must be immediately enrolled in the school where the student is seeking enrollment, pending resolution of the dispute. Parents/guardians should contact the District Liaison, Teri Gee, to resolve disputes as quickly as possible. For students not accompanied with a parent/guardian, the liaison must ensure that the dispute resolution process is performed.

A written explanation of the decision regarding school selection or enrollment must be provided to the parent/guardian or unaccompanied youth. If the dispute remains unresolved or is appealed, the Program Administrator will forward all written materials to the Executive Director of the Students and Families Experiencing Homelessness program for review. A decision will be made within five working days. If the dispute is not resolved, the documents will be sent to the State Homeless Coordinator at 866-856-8214.
Language support at the EPC

To obtain further assistance in understanding the language assessments, you may call the EPC to speak to an individual staff person. To reach EPC staff, please call 415-241-6085. This phone number will direct you to an individual staff person in the following languages: Cantonese, English, Filipino, Mandarin, Spanish and Vietnamese. The staff that provide this support include:

- Lynn Kwong - 415-241-6085 ext. 1138 (English/Cantonese/Mandarin)
- Tomás Beccar Varela - 415-241-6085 ext. 1134 (English/Spanish)
- Hans Gong - 415-241-6085 ext. 1129 (Vietnamese)
- Catalina Pajar - 415-241-6310 (Filipino)

English Learners: How to Apply

The San Francisco Unified School District is committed to ensuring that English Learners acquire high levels of English and home language proficiency (where available), academic achievement and skills that will lead to success in the 21st century. As such, we provide various educational programs and language pathways for students who are English Learners. This section provides a general overview of the enrollment process for English Learners. For a complete description, see the English Learner Program Guide, available though the Educational Placement Center or at www.sfusdmultilingualpathways.org.

Who is an English Learner?

Your child is classified as an English Learner (EL) if when you filled out the “Home Language Survey” on the SFUSD Enrollment Application, you answered at least one of the following questions with a language other than English:

- What language did your child first learn when s/he began to talk?
- What language do you use most frequently to speak with your child?
- What language does your child use most frequently at home?

And if at grades Transitional Kindergarten (TK) and above, your child did not receive an overall score of “Initial Fluent English Proficient” on the Initial English Language Proficiency Assessment for California (ELPAC) or your child has not yet been reclassified as an English-proficient student by SFUSD.

If my child is an English Learner, how do I enroll them in school?

Students who speak a language other than English and list a Language Pathway as a school choice may be assessed for their current language skills to evaluate a child’s proficiency in the pathway language before they can enroll in school. Parents/guardians should submit their child’s enrollment application early to meet with an EPC counselor and complete the necessary language assessments.

Where does my child take the assessment test?

All assessments will be conducted by the staff at the Educational Placement Center, Room 100, 555 Franklin Street, or a designated school site. Assessments will be scheduled and conducted prior to families receiving a school assignment.

What happens after the test?

Once the test is completed and scored the parents/guardians meet with a counselor at the EPC to discuss test results, program options, and support services. Parents will have the opportunity to change the school or program requests on their child’s application if they so choose and/or if their child is not eligible for a selected language pathway.

What are the language pathways available for English Learners?

SFUSD provides 6 pathways:

- Dual Language Pathways
- Biliteracy Pathways
- Secondary Dual Language Pathways
- Newcomer Pathways
- World Language Pathways
- English Plus Pathways

We encourage parents and guardians to learn more about how each pathway can help English Learners academically succeed.

Reclassification for English Learners

English Learners can be reclassified as Fluent English Proficient (RFEP) students after meeting linguistic and academic criteria set by the state and district. The Multilingual Pathways Department regularly distributes a list of students who potentially qualify for reclassification to schools. Schools are responsible for starting the reclassification process for each student.

When a student is reclassified, the student’s academic progress must be monitored for two years. For details on reclassification requirements by grade level, visit www.sfusdmultilingualpathways.org/reclas-sification. Information also is available in the English Learner Program Guide, available online and at the Enrollment Placement Center.

Special Education for English Learners

Information on Special Education Services for English Learners with Individual Education Programs (IEPs) is available at www.sfusd.edu/sped, and in the English Learner Program Guide, available online at www.sfusdmultilingualpathways.org and at the Enrollment Placement Center, 555 Franklin St. (room 100) in San Francisco.

More details on eligible programs for English Learners and classification requirements can be found in the English Learner Program Guide, available at the Educational Placement Center and online at sfusdmultilingualpathways.org.

Where can I find more information about these pathways?

Please see page 24-25 of this Enrollment Guide.

School Application Deadline: January 11, 2019
Language Pathways provide all students, including English Learners, with culturally and linguistically relevant education to maximize access to quality education. Below are the language pathways for grades pre-kindergarten through 12 offered by SFUSD. Information about all language programs are available at www.sfusdmultilingual-pathways.org or in the English Learner Program Guide, available at the ELP in multiple languages.

### Language Pathway: Dual Language Learner
- **Prekindergarten**
  - English Learners
  - Bilingual students
  - English-proficient students
  - 70% of the time in Cantonese and 80% of the time in Spanish

- **K-5 Elementary Dual Language Immersion (DLI)**
  - English Learners
  - Bilingual students
  - English-proficient students
  - Start with 80% instruction in pathway language in kindergarten and decrease to 50% by 5th grade

- **K-5 Elementary Bilinguality**
  - English Learners
  - Bilingual students
  - Instruction similar to DLI but designed for potential ELs who are native speakers of a language.

- **K-8 Foreign Language in Schools by Language**
  - **CANTONESE**
    - Civic, John Vlah (K-2)
    - E.R. Taylor ES
    - Hillcrest ES
    - Lu, Gordon ES
    - Moscone ES
    - Parker, Jean ES
    - Monroe ES
    - Spring Valley ES
    - Sunnyside ES
    - Visitacion Valley ES

  - **SPANISH**
    - Bryant ES
    - Chávez, César ES
    - Cleveland ES
    - Glen Park ES
    - Guadalupe (K-3)
    - Moscone ES
    - Peralta, E.R. ES
    - Redwood ES
    - Longfellow ES
    - Muir, John ES
    - Sanchez ES
    - Serra, Jefferson ES
    - Spring Valley ES

  - **KOREAN**
    - Lillenthal, Claire ES

  - **MANDARIN**
    - Ortega, Jose ES
    - Starr King ES

  - **ARABIC**
    - Alvarado ES
    - Buena Vista Horace Mann
    - Harte, Bret ES
    - Webster, Daniel ES
    - Flynn, Leonard ES
    - Huerta, Dolores ES (formerly Fairmont ES)
    - Marshall ES
    - Monroe ES
    - Revere, Paul

- **K-5 Foreign Language in Elementary School (FLES)**
  - All students
  - 30-60 minutes of language and cultural enrichment 3-5 days a week

- **TK-12 English Plus Pathway**
  - All students
  - Sheltered content instruction with 20 minutes of Designated ELD

- **K-5 Elementary Newcomer**
  - English Learners
  - Instruction in the native language with 60 minutes of Designated ELD

**Language Pathway: Chinese Immersion**
- **Chinese Immersion Pilot Program**
  - All students
  - 45 - 55 minutes language and culture elective course (5 days/week)

**Language Pathway: Japanese Immersion**
- **Japanese Immersion School at De Avila**
- **Spanish Immersion School at De Avila**
- **Korean Immersion School at De Avila**
- **Chinese Immersion School at De Avila**

**Language Pathway: Spanish Immersion**
- **K-5 Elementary Newcomer**
  - Sheltered content instruction with 45-90 minutes of Designated ELD

**Language Pathway: Spanish Immersion**
- **K-5 Elementary Newcomer**
  - Sheltered content instruction with 45-90 minutes of Designated ELD

**Language Pathway: Mandarin Immersion**
- **K-5 Elementary Newcomer**
  - Sheltered content instruction with 45-90 minutes of Designated ELD

**Language Pathway: Korean Immersion**
- **K-5 Elementary Newcomer**
  - Sheltered content instruction with 45-90 minutes of Designated ELD

**Schools by Language**
- **CANTONESE**
  - Yu, Alice Fang (K-8)
  - Gallo, HS (9-10)
  - Hoover, Herbert MS (6-8)
  - Marina MS (6-8)
  - Roosevelt, Theodore MS (6-8)
  - Yu, Alice Fang Immersion Pilot (6-8)

- **SPANISH**
  - Buena Vista Horace Mann (6-8)
  - Everett MS (6-8)
  - Hoover, Herbert MS (6-8)
  - Luck, James MS (6-8)
  - Revere, Paul (6-8)

- **KOREAN**
  - Lillenthal, Claire ES (K-8)
  - MANDARIN
  - Apto MS (K-5)
  - Lincoln HS (K-5)

- **JAPANESE**
  - Everett MS
  - Luck MS
  - Marina MS
  - Presidio MS
  - Visitacion Valley MS

- **ALL LANGUAGES**
  - San Francisco International HS
  - Gallo HS
  - Lincoln HS
  - Marshall HS
  - Mission HS
  - Washington HS

1 For each Japanese Bilingual Bicultural Program (JBBP), in order to support peer language modeling, the district will assign an appropriate balance of students who are proficient in the Japanese language (10 out of the 44 seats) and students who have not demonstrated proficiency in the Japanese language (34 out of the 44 seats). To demonstrate proficiency, students who indicate Japanese on the home language survey are assessed in the respective pathway language.

2 At Clarendon Elementary, the Japanese Bilingual Bicultural Program provides authentic language instruction and cultural experiences through Japanese bilingual teachers who implement grade-appropriate lesson plans aligned with state standards and the core curriculum.

3 At Rosa Parks Elementary, the Japanese Bilingual Bicultural Program provides authentic language instruction and cultural experiences through native Japanese-speaking instructors (sensei) who work with the classroom teachers to implement grade-appropriate lesson plans aligned with state standards and the core curriculum.
Children identified with a disability that affects their education may be eligible for special education services and an Individual Education Program (IEP). An IEP may include specialized academic instruction, related services, the use of supplementary aids and services, curriculum accommodations and modifications, and other individually determined services.

How do students with special education needs apply for school?

Students with an IEP may be required to submit an enrollment application if they are new to SFUSD, entering a transitional grade (TK, kindergarten, sixth and ninth). Access/Transition Services, transferring to another school, or if there are changes to their special education needs. The same SFUSD enrollment application is used for all students. Families should attach their student’s IEP (if available) to the application and meet with a Special Education placement counselor.

Most students with disabilities can attend a school of their choice. Although certain highly specialized services for disabilities are only available at specific schools, all schools have some special education services available. Families should complete the enrollment application and list any school preferences by the specified enrollment deadlines to receive their child’s school choice.

Outside of the regular enrollment period, the Educational Placement Center (EPC) will assign students to schools that meet their educational needs and have seats available. Students with special needs or mobility, vision or hearing impairments and who request to be in the same school as their siblings will receive a sibling tiebreaker preference as long as their selected school also provides the special education services required in their IEPs.

The SFUSD Schools section of this guide (starting on page 46) states what special education services are offered at each school. Special education services at schools are subject to change. For the latest information, visit www.sfusd.edu/sped before completing your application.

Does your child need special education services?

If you think that your child may need special education services, please call SFUSD Screening and Assessment at 415-759-2222. More information is available at www.sfusd.edu/sped.

Need help?

Special Education placement counselors at the EPC are available to assist with enrollment. Appointments are recommended but not required. Call 415-355-6995 to make an appointment.

Special Education Services

General Education with Supports (TK-12)

General Education-based services are available at every TK-12 school. This service offers the necessary accommodations, modifications and supplementary aids and supports designated in a student’s IEP. Students are assigned to the general education classroom for the majority of the school day.

Related Services (TK-12)

Related Services are available at every TK-12 school. Related Services provide specific and specialized instructional supports that increase access to core curriculum and grade-level peers. Students requiring only Related Services are assigned to the general education classroom for most of the day. However, Related Services may be delivered in a separate education setting per the student’s IEP. Related Services are:

- Speech and language services
- Audiological services
- Augmentative and alternative communication
- Orientation and mobility
- Vision services
- Adaptive physical education
- Occupational therapy
- Physical therapy
- Assistive technology
- Counseling and mental health services
- Vocational education and career development

Resource Specialist Services (TK-12)

These services are available at every TK-12 school for students with disabilities and assigned to the general education classroom for most of the school day. The services focus on accessing grade-level content with grade-level peers, as well as individualized instructional supports. Each student is assigned a special education teacher (also called an Education Specialist), who is the student’s case manager. Resource Specialist services may be provided in the general education classroom and/or a separate setting as indicated in the student’s IEP. Students with low incidence disabilities may receive all, or a portion of their instruction, in a regular class and/or may also be enrolled in a separate class to receive specialized academic instruction as indicated in IEP.

Special Day Class (SDC)/Separate Class (TK-12)

Special Day Classes are for students who require separate class instruction and a smaller class size for the majority of the day. These classes are offered at select SFUSD schools. Students in separate classes for the majority of the day are assigned to a multi-grade classroom with a special education teacher. Instruction focuses on students accessing common core standards through accommodations, modifications and specialized academic instruction. SDC classrooms are assigned additional adult support.

Access - Adult Transition Program (ages 18-22)

Students eligible for Access, the Adult Transition Program, are on track for a Certificate of Completion at the end of 12th grade. Access classes are offered at select SFUSD schools. Students in separate classes for the majority of the day are assigned to a multi-grade classroom with a special education teacher. Individual student needs, strengths, preferences and interests inform IEP services for instruction, related services, community experiences, employment development, and other post-school adult living objectives. SFUSD students on IEPs are eligible for special education services through Access until they are 22 years of age or complete a high school diploma.

2019-2020 Enrollment Key Dates

Oct. 13, 2018
SFUSD Enrollment Fair at John O’Connell High School, 9am - 2pm

Dec. 14, 2018
Last day to submit application for Lowell High 9th grade (see page 106)

Jan. 11, 2019
Last day to submit application for SFUSD TK-12 schools for March Placement Period

Jan. 16, 2019
Last day to submit application for Ruth Asawa SOTA (see page 105)

Week of Mar. 18, 2019
Families who applied by January 11 receive their offer letters by mail

Mar. 25-29, 2019
Spring Break - all schools closed

Week of May 20, 2019
Families who applied by April 5 receive their offer letters by mail

Apr. 5, 2019
Last day to register to accept March offer // Last day to submit application for May Placement Period

May 31, 2019
Last day to register to accept May offer
How to Enroll: Steps 1-3

01 Receive your assignment offer letter

All assignment offers are mailed to the applicant's home address that they list on their application. If you do not receive your assignment letter within one week of the date listed in Enrollment Key Dates on page 31, please visit the Educational Placement Center (EPC) starting the Wednesday after the letters are mailed. Due to identity security, we cannot provide the assignment offer information over phone or email. You must visit the EPC in person and provide a photo ID and one proof of address to receive a copy of your assignment letter.

02 Register at your assigned school

When your child receives the school assignment letter in the mail, you must bring the letter with you to register him/her at the assigned school within the time frame stated in your letter. Students who do not register by the deadline are not guaranteed their seat at their school. Therefore, it is highly recommended that you register for your assigned school even if you choose to apply for other schools in subsequent placement periods.

03 If needed, apply for new school assignments

Families who wish to get a higher choice school than the one they are assigned may participate in the May Placement Period. This allows families to list a new set of preferred school options that is processed through the student assignment process. The deadline for this application is April 5, 2019, with new assignment letters mailed May 17, 2019. Families who receive a new assignment are immediately dropped from their previously registered school. To apply for the May Placement Period, follow the instructions in your assignment letter to complete and submit an application.

Withdrawing from SFUSD

If you are withdrawing from SFUSD because you have moved, are entering private school, or other reasons, please notify the Educational Placement Center right away. Cancelling your school assignment allows other students who requested that school to receive it. Please email enrollinschool@sfusd.edu with your student's name, ID number (if available), date of birth and your request to withdraw.

The SFUSD Student Assignment Policy uses school choice as a way to help create diverse learning environments. Students applying for a SFUSD school submit a ranked list of choices. If there are no space limitations, students are assigned to their highest ranked choice. If more students request a particular school than there are seats available, then the assignment process uses a series of preferences, called tiebreakers, and random numbers to assign students to the limited number of openings. More information about tiebreakers is listed in the next section. Students not assigned to one of their choices because of space limitations are assigned to a school with available seats closest to the student's home.

Attendance Area

Attendance areas are geographic borders around most elementary schools. There are no attendance areas for K-5 language immersion schools, K-8 schools, middle or high schools. Attendance areas help students get assigned to their nearby elementary school if requested. Students are not required to attend their elementary attendance area school, and there is no guarantee that students will be placed at their elementary attendance area school.

Citywide Schools and Programs

Citywide means there is no attendance area, and therefore no attendance area tiebreaker. These schools and programs include high schools, middle schools, K-8 schools, language immersion schools and programs, newcomer schools and programs, and the SF Public Montessori School. Citywide programs are at a limited number of schools, and have different enrollment capacity.

Non-Choice Assignments

Students who cannot be assigned to one of their choices because of a lack of space will be assigned to a school that was not listed as a choice. These are the policy guidelines that determine non-choice assignments:

- Students who attend a SFUSD school will receive an offer to their current school if there is space in the requested grade.
- Students applying to grades K-5 will receive an offer to their attendance area school if space is available, or to the school closest to their home with openings.
- Students applying to sixth grade will receive an offer to their feeder middle school if space is available, or to the school closest to their home with openings.
- Students in grades 7-12 will receive an offer to the school closest to their home with openings if space is not available at their current school.
- Students who applied for a SFUSD language pathway can request on the application form to be assigned to the closest language pathway with openings, instead of the closest school with openings.
- Students who only requested Lowell and/or Ruth Asawa SOTA high schools, and did not get assigned those schools, must contact the EPC to request other SFUSD high schools.
Student Assignment Policy
(Updated Oct. 10, 2018, replaces previous versions of pages 34-35)

Tiebreakers

Tiebreakers are preferences used to place students in their requested school when the number of requests for that school is greater than the number of spaces available. Random numbers will be used for school assignments if tiebreakers do not resolve ties, or if there are no tiebreakers. Requests may qualify for more than one tiebreaker. In that case, requests with the highest ranked tiebreaker are always assigned before requests with multiple lower ranked tiebreakers.

Tiebreakers are not used for students applying to Lowell High School or Ruth Asawa San Francisco School of the Arts (SOTA). Lowell High School uses academic admission criteria, and Ruth Asawa SOTA has an audition process. More information can be found on pages 105 and 106.

Siblings

Students who live at the same address and have the same parent/guardian are considered siblings. During enrollment, sibling priority assists families who want their children to attend the same school. Younger siblings can be assigned to their older sibling’s school if the older sibling is attending the school during the upcoming school year, and if space is available. There is no sibling priority for older siblings who wish to attend a younger sibling’s school, with the exception of TK applications. The Sibling tiebreaker for TK application works both ways: applicant has a younger sibling in PreK or an older sibling who is enrolled in PreK or an older sibling at an elementary school where TK is offered.

Twins, Triplets and Multiples

Students who are twins or other multiples and request to attend the same school should:

- list the same school on all applications in the same order; and
- check the box stating they want their twins or multiples to attend the same school.

If one of the students is assigned to their school of choice, the student assignment process will place the other twin or multiples into the same school if seats are available. If an assignment to one of the requested schools is not available, the students will be assigned together to a school that is closest to their home and has available seats.

Tiebreakers are ranked according to the school type and grade level. The table below describes the ranked order.

<table>
<thead>
<tr>
<th>Grade Level or Program</th>
<th>Tiebreaker Ranking</th>
</tr>
</thead>
<tbody>
<tr>
<td>Transitional Kindergarten</td>
<td>1. PreK at the same school, 2. Sibling, 3. Test Score Area (CTIP1)</td>
</tr>
<tr>
<td>Elementary Attendance Area Schools</td>
<td>1. Sibling, 2. PreK/TK Attendance Area, 3. Test Score Area (CTIP1), 4. Attendance Area</td>
</tr>
<tr>
<td>Elementary Citywide Schools</td>
<td>1. Sibling, 2. PreK/TK Citywide, 3. Test Score Area (CTIP1)</td>
</tr>
<tr>
<td>Citywide Language Pathways</td>
<td>1. Language Pathway Sibling, 2. Language Pathway, 3. Sibling, 4. Test Score Area (CTIP1)</td>
</tr>
<tr>
<td>Middle Schools</td>
<td>1. Sibling, 2. Middle School Feeder, 3. Bayview Elementary School to All Middle Schools, 4. Test Score Area (CTIP1)</td>
</tr>
<tr>
<td>Middle Schools Language Pathways</td>
<td>1. Language Pathway Sibling, 2. Language Pathway, 3. Sibling, 4. Middle School Feeder, 5. Test Score Area (CTIP1)</td>
</tr>
<tr>
<td>Willie Middle School</td>
<td>1. Sibling, 2. Bayview, 3. 94124, 4. Test Score Area (CTIP1)</td>
</tr>
<tr>
<td>High Schools</td>
<td>1. Sibling, 2. Willie Brown Middle School, 3. Test Score Area (CTIP1)</td>
</tr>
</tbody>
</table>

If you do not check the box, the twins or multiples will participate in the assignment process as individual students. Twins or other multiples who wish to attend different schools can submit different requests on their application forms and they should not check the box saying they want to attend the same school. When the box is not checked, the assignment process does not try to place the students in the same school.

Tiebreaker Rankings for Grade Levels and Programs

Tiebreaker Definitions

<table>
<thead>
<tr>
<th>Tiebreaker</th>
<th>Definition</th>
</tr>
</thead>
<tbody>
<tr>
<td>94124</td>
<td>Students living in 94124 who apply to Willie Brown Middle School.</td>
</tr>
<tr>
<td>Attendance Area</td>
<td>Elementary school students who live in the geographic borders drawn around the elementary school requested.</td>
</tr>
<tr>
<td>Bayview</td>
<td>Students enrolled in Carver, Drew, Harte or Malcolm X elementary schools who apply to Willie Brown Middle School.</td>
</tr>
<tr>
<td>Bayview Elementary School to All Middle Schools</td>
<td>Incoming sixth-grade students who attended Carver, Drew, Harte or Malcolm X elementary schools from grades K through 5 and apply to any SFUSD middle school.</td>
</tr>

Vision for Family Partnerships in SFUSD

**Support Strong Relationships:**
Schools welcome and respect families, build community across diverse groups, and actively engage families to resolve conflicts.

**Encourage Two-Way Communication:**
Schools actively reach out to hear from families. Steps for communication are clear and encourage an exchange of information and perspectives.

**Link to Learning:**
Families are encouraged and supported to be involved in their child’s learning at home and school.

**Value Diversity:**
Schools respect and affirm students’ diverse cultures, backgrounds and families. School and District staff demonstrate and promote cultural competence.

**Speak Up for Every Student:**
Families are empowered to be advocates for all students to be treated fairly and have equitable access to learning opportunities.

**Share Power and Decision-Making:**
Families are encouraged to participate in formal and informal decisions about their children, schools and the District.

**Connect Families to Community Resources:**
Family-friendly structures help provide access to community resources and services.
Family Engagement and Resources

The Community Schools and Family Partnerships Department connects students and families with SFUSD and community services to inform, engage and empower families to advocate for their child’s success. Parents/guardians can find support from many SFUSD departments and partner agencies that are listed below.

Family Partnerships and Empowerment

This program offers workshops and training through the SFUSD Partnership Academy, launching in many elementary, K-8 and middle schools in fall 2018. For more information, call Raquel Wells or Kashina Turner Pierce at 415-750-4500 (ext. 1016), or email familypartnerships@sfusd.edu.

Community Partnerships

This program convenes the SFUSD Partnerships Network and coordinates with the San Francisco Community Schools initiative. We provide technical support to schools to strengthen partnerships with community organizations and city agencies, and help community partners to navigate the district’s systems for formal partnerships. For more information, contact the Community Partnerships office at 415-241-6185 or email partnerships@sfusd.edu.

Office of Family Voice

Parents/guardians can call the Office of Family Voice for help reporting concerns that could not be resolved at their child’s school. SFUSD staff use a collaborative process to resolve conflict, and familiarize families with the process. The office follows procedures described in the SFUSD Student and Family Handbook, available at www.sfusd.edu/family-and-community-support. A Concern Form is available at www.sfusd.edu. For more information contact Ramon Martinez Flores at 415-241-6150 or martinezr@sfusd.edu.

Special Education Services

Parents/guardians who have questions, concerns or complaints regarding Special Education services for their child can report concerns to the Ombudsperson for Special Education, Laura Savage, at 555 Franklin Street, or by contacting 415-759-2231, 415-447-7802, or savagel@sfusd.edu.

Family Leadership Opportunities

Families can participate in the following leadership opportunities. To participate on any of these committees, contact your school principal or call the SFUSD Office of Family Partnerships and Empowerment at 415-750-4500 (ext. 1016).

School Site Council (SSC):
Families can participate in the following leadership opportunities. To participate on any of these committees, contact your school principal or visit www.sfusd.edu/toolkit to explore the Leadership and Governance Tool Kit with information and resources.

English Learner Advisory Committee (ELAC):
Schools that have 21 or more English Learners must have an ELAC. The role of the ELAC is to advise the principal and School Site Council on programs and services for English Learners. Visit www.sfusd.edu/elac for more information.

African American Parent Advisory Council (AAPAC):
This is a district-wide committee where parents/guardians can address issues affecting African American student achievement. AAPAC provides opportunities for families to network, learn more about district programs and services, and strengthen advocacy skills. Many schools also offer African American family affinity groups. Find more information at www.sfusd.edu/aapac.

District English Learner Advisory Committee (DELAC):
Every ELAC can send representatives to the DELAC. The DELAC provides recommendations on ways to improve programs and services for English Learners. More information is available at www.sfusd.edu/delac.

Community Advisory Committee for Special Education (CACP-SPELD):
State law requires every district to have a Community Advisory Committee for Special Education. The CAC advocates for effective Special Education programs and services, and advises the Board of Education on policies related to Special Education services. At least half of the CAC’s members are family of students. More information is available at www.cacspeds.org.

Indian Education Parent Advisory Committee (Indian Ed PAC):
The Indian Ed PAC meets monthly to help determine the Indian Education Program’s goals and advises on the distribution of funds for the services provided by the program. More information is available at 415-517-4573.

Parent Advisory Council (PAC):
Families in the PAC, created by the Board of Education, help with the District’s decision-making process. PAC members engage families in District policy discussions and with representing family concerns to District leaders. More information is available at www.pacsf.org.

Before and Afterschool Programs

Before-School Opportunities in SFUSD Schools
Some schools have before-school options, which means they open before instructional hours and provide breakfast and/or group activities. Please check directly with the school or the school’s website for details.

Afterschool Opportunities in San Francisco
SFUSD offers two afterschool programs: the Early Education Department Out-of-School Time (EED OST) Program, and the ExCEL (Expanded Collaborative for Excellence in Learning) Program that partners with local organizations. Families can also look for non-SFUSD programs run by local organizations at SFUSD schools and at other locations throughout the city.
Both the EED OST and ExCEL programs offer academic support, recreation and enrichment for students. These programs reinforce school-day learning and support families by creating high-quality, safe, youth-centered, and culturally-responsive learning experiences for social-emotional, physical and cognitive development.

Early Education Department Out-of-School Time (OST)
The OST program serves grades TK-5. Applications are available at the Educational Placement Center, sfusd.edu/eed and any SFUSD schools that offer OST. For a list of OST sites, go to sfusd.edu/eed.
• 80 classrooms at SFUSD elementary and early education school sites
• Run by SFUSD staff with Child Development Permits
• Available 5 days a week year-round with varying hours per site
• Services range from before-school, after-school, Spring Break and Summer Break care

ExCEL Program
The ExCEL program serves grades TK-12. This program is state and federally funded, and is available at some SFUSD schools with limited capacity. Applications for elementary, middle and high school ExCEL programs are available at those schools. For a list of schools with ExCEL, visit healthiersfexcel.org/school-sites.
• 89 locations at SFUSD schools
• Run by schools and community based organizations
• Available 5 days a week during the school year until 6 p.m.

More Resources for Afterschool Programs
www.SFKids.org • www.sfelc.org • www.childrenscouncil.org
www.afterschoolalliance.org • www.niost.org

Other Afterschool Programs at SFUSD
Local organizations provide independently-run afterschool programs at several SFUSD schools. Most charge fees for participation, but many offer financial assistance. Applications and more information are available by contacting the individual programs.

Afterschool Programs at Other Locations
Afterschool programs also are available outside of SFUSD schools, including licensed school-age care programs and San Francisco Recreation and Parks Department programs. More information about Recreation and Parks Department programs is available at www.sfreconline.org.
Transportation to School

The district offers limited general education transportation services to a limited number of SFUSD's elementary and middle schools.

If your child is in a special education program and receives special transportation services please refer to your child's Individual Education Plan (IEP) for more information.

If your child is enrolled in one of the SFUSD schools receiving general education transportation services they may participate in transportation services, subject to availability. To ensure equitable access to this limited resource, you must request general education transportation services on behalf of your student(s). You can do this by filling out the online form: www.sfusd.edu/en/transportation/transportation-enrollment-form.html. Alternatively, you can submit your request by picking up a copy at the Transportation Department at 1000 Selby Street.

The table below lists the zip codes that have limited stops and the schools served by those stops.

There is no guarantee that general education transportation services will be available, and all requests for service are subject to the SFUSD Transportation Department's review and approval. SFUSD reserves the right to change, reduce, allocate, or deny services or service routes, at any time, based on budgetary and other constraints. Parents will be notified in advance of any changes that impact their student's transportation services.

### Free Muni Program

This program provides low- and moderate-income San Francisco youth ages 5-18 free access to Muni services when using a Clipper card. Apply for the Free Muni Program at www.sfmta.com/freemuni.

Prekindergarten (PreK) at SFUSD

SFUSD has 12 Early Education Schools and 23 elementary schools offering pre-kindergarten (PreK). A list of PreK schools and programs can be viewed on the following pages, with more detailed descriptions to be found in the Early Education Department (EED) PreK Application Guide, available at the EED Enrollment Offices.

Prekindergarten has two options, full-time and school-day, both with subsidized and tuition-based enrollment. Subsidized enrollment is low- or no-cost for income-eligible families. Tuition-based enrollment is available on a first-come, first-serve basis for $1,350 a month.

Families also have the option of applying to Dual Language programs located at certain schools. These programs aim to strengthen students’ foreign language and English skills, in addition to teaching them about diverse cultures.

Full-time PreK

This is a year-round program. Children must be at least 3 years old on or before December 2 of the academic year. PreK programs are open five days a week. Check with individual sites for PreK hours.

School-day PreK

This program runs for six hours per school day during the academic year. Children must be ages 3 or 4 on or before December 2 of the academic year, with priority given to 4-year-olds. PreK programs are open five days a week. Check with individual sites for PreK hours.

How to Apply

Families enrolling in PreK should apply at the Early Education Department (EED). Applications are accepted year-round and are available at the EED offices and at sfusd.edu/eed. Families who qualify for subsidized enrollment can also apply through San Francisco Child Care Connection (SF3C) at www.sf3c.org.

SFUSD currently has fewer available PreK slots than students applying. SFUSD aims to accommodate all children, but completing a PreK application does not guarantee enrollment. If you have questions about your child’s eligibility, the cost or the enrollment process, call the EED offices.

PreK/TK Tiebreakers for Citywide Schools

Students attending these PreK/TK sites and requesting the respective Citywide elementary school for kindergarten receive the PreK/TK tiebreaker, regardless of where the student lives in San Francisco. For more info on tiebreakers, see page 36.

For more information about each school, please read the Early Education Department PreK Application Guide or visit sfusd.edu/eed.
Discover SFUSD Transitional Kindergarten

What is Transitional Kindergarten?
Transitional kindergarten (TK) bridges the pre-kindergarten and kindergarten years. It is the first year of a two-year kindergarten program that has been implemented in California for children who are not old enough yet for kindergarten, but want to build their social, developmental and academic skills. TK classrooms are taught by a multiple-subject credentialed teacher and the TK curriculum is based on the California Preschool Learning Foundations and the Kindergarten Common Core Standards. TK is offered at select SFUSD Early Education Schools and elementary schools. Please see the list of TK school sites on the next page.

What are TK requirements?
TK is for students who will be turning age 5 between September 2 and December 2, 2019. (California law requires that children be age 5 on or before September 1, 2019 to be eligible for kindergarten, and age 6 on or before September 1, 2019 to be eligible for first-grade.) See the age chart below.

Students who complete TK will be required to apply for kindergarten the following year and will receive a tiebreaker preference if they choose to continue in their existing elementary school.

How to Apply
Applying for TK is similar to the application and enrollment process for elementary school grades. Families should complete the application form and submit it to the Educational Placement Center (EPC) by January 11, 2019. Families who apply by January 11, 2019 will be mailed their school assignments on March 15, 2019. For more information, contact the EPC at 415-241-6085.

Transitional Kindergarten Map
Discover SFUSD Elementary Schools

All SFUSD elementary schools offer students the following:

- Math and English courses aligned to rigorous state standards;
- Visual and performing arts and music programs;
- Comprehensive physical education each week;
- Social-emotional learning, like communicating feelings and resolving conflicts;
- Support for student health and wellbeing from school nurses and social workers;
- Healthy school breakfasts and lunches;
- Enhanced learning through libraries and technology; and
- Out-of-school learning opportunities.

The school descriptions on the following page have more details on academic programs, student services, meal options, middle school feeders, and other offerings.

Middle School Feeders

All SFUSD elementary schools have a middle school into which they feed. This establishes a tiebreaker preference - called “Middle School Feeder” - when students apply for that middle school in fifth grade. Families should be aware of their middle school feeder when choosing an elementary school because of this tiebreaker preference. See page 83 for a list of all middle school feeders.

Elementary Attendance Area Schools

Attendance areas are geographic borders drawn around most SFUSD elementary schools. Attendance areas give students a tiebreaker preference to attend a nearby elementary school in their attendance area, if requested. Families do not have to request their Elementary Attendance Area School, nor are they guaranteed placement in that school. Please note there are no attendance areas for K-5 language immersion programs or middle, high or K-8 schools.

Elementary Citywide Schools

Citywide schools do not have attendance areas. Therefore, there are no attendance area tiebreakers for Citywide schools.

How to Apply

Students entering kindergarten may apply for any SFUSD school. Students entering grades 1 to 4 may apply for a transfer to, or be placed in, a different school than which they currently attend.

To apply for elementary schools, submit your application by January 11, 2019 to the Educational Placement Center or other collection sites (see page 13 for addresses). There is no limit to the number of school choices families can request. Schools should be listed on the application in order of preference.

Families who apply by January 11, 2019 will be mailed their school assignments on March 15, 2019.

The first day I didn’t know anybody. But then my friends invited me to be their friend. Now I know half of the students here. It’s a fun, caring school.”

Rico, eighth-grader at Visitacion Valley Middle School

Discover SFUSD Middle Schools

All SFUSD middle schools offer students the following:

- Math and English courses aligned to rigorous state standards;
- Visual and performing arts and music programs;
- Comprehensive physical education each week;
- Social-emotional learning, like communicating feelings and resolving conflicts;
- Support for student health and wellbeing from school nurses and social workers;
- Healthy school breakfasts and lunches;
- Enhanced learning through libraries and technology; and
- Out-of-school learning opportunities.

The school descriptions on the following pages have more details on academic programs, student services, meal options, and other offerings.

Elementary-to-Middle School Feeders

Every K-5 school in the district is matched with a middle school, known as the middle school feeder. This was created to ease the transition from fifth to sixth grade, and provide some predictability on school assignments. Students entering sixth grade receive a tiebreaker preference to their middle school feeder if they request their middle school feeder on their application. Applicants are not required to list their middle school feeder, nor are they guaranteed a placement if they do list them; however, they do get a priority.

How to Apply

Students may apply to any SFUSD middle school. To apply for middle schools, submit your application by January 11, 2019 to the Educational Placement Center or other application collection sites (see page 13 for addresses). There is no limit to the number of school choices families can request. Schools should be listed on the application in order of preference. Families who apply by January 11, 2019 will be mailed their school assignments on March 15, 2019.

SFUSD partners with the California design organization New Tech Network to innovate middle school learning. Through project-based learning, students develop skills like collaboration and communication to prepare for high school, college and career. Teachers first introduced the curriculum to sixth graders in the 2017-18 school year at Dr. Martin Luther King, Jr. Middle School, Willie L. Brown, Jr. Middle School and Visitacion Valley Middle School, and rolled out to seventh and eighth graders in the 2018-19 school year.

Photo taken at Willie L. Brown Jr. Middle School
Discover SFUSD High Schools

All SFUSD high schools offer students the following:

- Math and English courses aligned to rigorous state standards;
- Visual and performing arts and music programs;
- Comprehensive physical education each week;
- Social-emotional learning, like communicating feelings and resolving conflicts;
- Support for student health and wellbeing from school nurses and social workers;
- Healthy school breakfasts and lunches;
- Enhanced learning through libraries and technology; and
- Out-of-school learning opportunities.

The school descriptions on the following pages have more details on academic programs, student services, meal options and other offerings.

How to Apply

Students entering 9th grade may apply for any SFUSD high school. Students entering grades 10 to 12 may apply to transfer or be placed into a different high school.

SFUSD students in eighth grade will be mailed an application in October 2018 to their homes. Submit your application by January 11, 2019 to the Educational Placement Center or other application collection sites (see page 13 for addresses). Families who apply by January 11, 2019 will be mailed their school assignments on March 13, 2019.

Applying to Lowell and SOTA

Lowell High School and the Ruth Asawa San Francisco School of the Arts (SOTA) have separate application processes and deadlines. Please see pages 103 to 105 for more information.

Career Technical Education

Career Technical Education (CTE) Academies are high school small learning communities where students develop technical skills, leadership and career experience in a specific industry (see full list below). CTE students learn the newest technology and job skills from professionals and outside of school by visiting companies, touring colleges and shadowing/interning at work sites all across the San Francisco Bay Area.

High school students can participate in CTE academies for up to three years, typically in grades 10-12. CTE courses are "A-G" approved, and many CTE programs result in the students earning college credits and certifications that make the student a step ahead in college credit, entry into an apprenticeship or when heading directly into a career. CTE students write resumes, have mock interviews, take college classes, work in paid summer fellowships, and receive additional support to graduate and transition from high school to college and career.

Choosing a CTE Academy

Students may request a high school with a CTE academy that reflects their educational interests and career goals. For example, if a student is interested in Automotive Repair, a student might rank Washington HS as their #1 choice because that's where the Auto program is. Students are encouraged to learn about CTE academies when considering high schools. Once a student is in high school, counselors may help students start planning in 9th grade to create a three-year CTE plan, based on what CTE programs are offered at that school. More information about CTE can be found at www.sfusd.edu/cte and on Twitter at @sfusd_WBL

Career Technical Education

Preparing Students for College and Careers

Through Career Technical Education (CTE), high school students can explore high-demand, real-world careers while preparing for college. Students learn about specific industries through job shadowing, internships and other partnerships with Bay Area businesses.

Applying to Ruth Asawa San Francisco School of the Arts (SOTA)

Application Deadline and Audition
Students who apply to Ruth Asawa San Francisco School of the Arts (SOTA) must complete two applications: 1) the SOTA application and portfolio materials due by January 16, 2019 at 3 p.m. to the SOTA Main Office; and 2) the SFUSD general application due by January 11, 2019 to the Educational Placement Center (SOTA should be listed on the SFUSD general application in the order of preference). The SOTA application is available online at sfsota.org and the SFUSD application will be mailed to eighth graders at their homes in October 2018.

Questions about the auditions or portfolio materials should be directed to the school at 415-695-5700 or admissions@sfsota.org.

What's the SOTA selection process?
Students who have qualified by audition and list SOTA as their first choice school will receive an assignment offer to SOTA. Those who have qualified, but list another school as a higher choice than SOTA, will go into the assignment process for their higher choices. If they receive a placement into a higher choice school, he/she will not receive an offer to SOTA but to the higher choice school. If a qualified student does not receive a higher requested school, they will be assigned to SOTA. Because of the student assignment process, it's important that students list schools by preference. Students who do not qualify for SOTA will not be negatively impacted for their other school choices, and will be included in the assignment process for all the other choices listed on their applications.

Admission to SOTA is solely based on audition outcomes. There is no waiting pool or appeal process for SOTA.

Residency Requirement
Admission to SOTA is limited to students who reside in San Francisco only. Residents who subsequently move out of the district will not be allowed an interdistrict permit to continue.
Applying for Lowell High School into 9th Grade

Lowell High School is the only high school in SFUSD with academic and merit-based admissions criteria.

Proof of Residency

Students who apply to Lowell must reside in San Francisco with a parent/legal guardian at the time of application, and continue to live in San Francisco while attending Lowell. Interdistrict permits are not allowed for admission to Lowell. Any application with falsified information will nullify any application or result in a canceled assignment.

Current SFUSD students in eighth grade do not need to submit additional documents for proof of address unless the student’s address has been recently changed. Non-SFUSD students must submit a picture ID of their parent/guardian, proof of birthdate and one proof of address when submitting applications.

Application Deadline

Ninth-grade Lowell Applications must be submitted along with an SFUSD application listing Lowell as one of the school requests. Applications are due to the Educational Placement Center or current SFUSD middle school by December 15, 2017. In addition to Lowell, students can list any number of other SFUSD high schools on the application. All requested schools, including Lowell, should be listed in order of preference. Lowell does not need to be the first choice.

Admissions Test

Lowell applicants who have not taken the seventh grade Smarter Balanced Assessment (SBA) in a California public school must take the Lowell Admission Test on one of these scheduled dates:

- Wednesday, January 9, 2019
- Saturday, January 12, 2019

Applicants must select one of these test dates on their Lowell application. Report card grades from seventh and eighth grades, and SBA or Lowell Admission test results, will be obtained by EPC from the District or the applicant’s current school. Complete information about the process is available on the Lowell application form and the Lowell Admissions Policy, available at sfusd.edu/enroll.

What’s the Lowell selection process for 9th grade?

All applications received for Lowell are reviewed, and students who meet the admissions criteria are identified before the school assignments in March. Students who meet the admission criteria and list Lowell as their first choice will receive an assignment offer to Lowell. Those who meet the requirements, but list another school as a higher choice, will go into the school assignment process for their higher choice. If they are assigned that higher choice, he/she will not receive an offer to Lowell. However, if they do not receive their higher choice, they will be assigned to Lowell.

Students who do not meet the admissions criteria for Lowell will not be negatively impacted for other school choices. They will still be included in the assignment process for other school choices listed on their application. Due to the student assignment process, it is very important that students list their school choices by their preference.

Assignment offers will be mailed by March 15, 2019. There is no wait pool or appeal process for Lowell. There also is no sibling tiebreaker for Lowell. All students must meet the admissions criteria to enroll.

Applying for Lowell High School into Grades 10-12

The Lowell application process for grades 10-12 for the 2019-20 school year begins May 6, 2019. Applications will be available at the Educational Placement Center (EPC), all SFUSD high schools and sfusd.edu/enroll. The application must be submitted in person to EPC by the student’s parent/guardian between May 6-June 21, 2019. Applications submitted after the June 21, 2019 deadline, or those received by mail or fax, will not be considered.

To qualify for Lowell admission in grades 10-12, students must take four of the five academic subjects for each semester of high school – English, Laboratory Sciences, Social Studies, Mathematics and Foreign Language – and have the classes listed in their official transcript. No more than one course from each of the five academic subject areas will be considered. Courses completed in summer school are not acceptable.

Current SFUSD students do not need to submit transcripts. Students who attend school outside of SFUSD or attend an SFUSD charter school must submit their official transcripts to the EPC by July 1, 2019. Transcripts can be submitted separately from the application by the July 1, 2019 deadline. Transcripts must arrive sealed to be considered official and may be mailed or emailed directly from the applicant’s current school.

Availability for grades 10-12 depends on the number of available seats at Lowell. Students who meet eligibility requirements for admission will be sent an assignment offer to Lowell no later than July 26, 2019. There is no waiting pool for admission.
Alternative High Schools

Alternative high schools offer programming optimized to meet the specific educational needs of non-traditional students. All schools offer intensive guidance, a variable credit system and individualized learning plans. They also offer students the opportunity to earn a high school diploma or to transfer to a traditional high school. Students are referred to alternative high schools through the SFUSD Office of Pupil Services. These schools are not included in the Educational Placement Center’s general high school application.

Downtown High School

Downtown High School is a project-based continuation high school for students 16 years or older who have been unsuccessful in a traditional high school setting and are interested in exploring an alternative educational experience. The school offers project-based learning with an emphasis on critical thinking across subjects, and a strong connection with the School-to-Career Program.

Ida B. Wells High School

Ida B. Wells High was established to serve students who are ages 16 and older and who are seeking to complete high school with smaller classes, credit recovery opportunities and a supportive, family-like environment. The school provides students with the opportunity to establish academic and career goals, and to acquire the skills and self-reliance needed to achieve those goals. Students who transfer to Wells are asked to make a commitment to Three A’s: Attendance, Attitude and Achievement.

1099 Hayes St. | 415-242-5000 | sch # 743

Independence High School

Independence High is an independent-study school offering a flexible schedule to students in grades 9-12. Students attend small classes in math, science, arts and world languages, in addition to working independently in English and history. Students meet weekly with advisors to develop academic plans and build life skills. Tutoring, study skills and intervention classes are offered through the school’s Learning Lab.

County Schools

In addition to schools in the SFUSD, San Francisco also operates schools under the County Office of Education. County schools serve as an additional safety net for youth whose temporary circumstances require specialized supports and structures. County schools focus on addressing the unique needs of their students and building the skills they will need for their next transition. San Francisco County students receive regular SFUSD credits. These schools are also not included in the Educational Placement Center’s general high school application.

Center for Academic Re-entry & Empowerment (C.A.R.E.)

C.A.R.E. provides individualized support services for truant and dropped out youth who have not enjoyed success in a traditional school setting. Students attending this program can re-acclimate themselves to the academic experience and develop resilient life skills. Each student develops an individualized Path to Graduation and begins earning credits to get back on track to earn a high school diploma or GED.

Civic Center Secondary School

Civic Center Secondary School provides educational services to students in grades 7-12 who are assigned due to expulsion proceedings or assigned by the Juvenile Probation or Court. The school seeks to break the prison pipeline by providing a caring and safe educational space where building relationships is the focus. We provide support for job and career readiness, substance use awareness and individual case management.

727 Golden Gate Avenue | 415-241-3000 | sch# 483

Hilltop School

The Hilltop School Pregnant Minors Program enables pregnant and parenting teens to complete high school. Students work towards high school graduation and receive assistance to become responsible, effective parents. The school has on-site childcare, a nurse, child development specialist and nutritionist. Childcare is available to all SFUSD teen parents, whether or not they enroll at Hilltop. Hilltop is WASC accredited.

1325 Florida St. | 415-695-5606

Woodside Learning Center

Woodside Learning Center (WLC) serves the youth ages 12-18 years that are detained in San Francisco Juvenile Hall. The school focuses on using student’s brief enrollment to support their academic progress, interrupt patterns of negative behavior and re-engage them with school. Programming includes speakers from community organizations, a culinary garden classroom, a tutoring program and transition support. WLC is WASC accredited.

375 Woodside Avenue | 415-753-7792
Charter Schools

What are charter schools?
Charter schools are publicly-funded, privately-run schools. Unlike a traditional school district, which is centrally managed, charters schools operate independently from school districts and county offices of education.

Can you apply for both SFUSD district schools and charter schools at the same time?
Yes, students can apply to both. If accepted into a charter, students can decide to remain in the district enrollment process, such as the May Placement Period and wait pools, until they notify the Educational Placement Center. Enrollment processes for charter schools differ from enrollment in SFUSD. Admission requirements and procedures vary among the charter schools. Families should contact the specific charter school directly for more information.

At school, I’ve coordinated and led multiple workshops for underclassmen with the intent of educating my peers on sexual harassment. My leadership skills can be undoubtedly attributed to the education I’ve received throughout my 13 years with the SFUSD.”

Marvin, Mission High 2018 graduate and Superintendent’s 21st Century Award honoree
