| Goldfish Cheddar Crackers/ Fruit<br>30                  |  |   |  |  |

### Did you know?

Goldfish crackers were invented 60 years ago (1958) in Switzerland when a biscuit-maker wanted to bake something special for his wife. Since she was a Pisces (whose symbol is a fish), he baked her crackers shaped as the lucky, golden fish.
