Hi there.
We’re Revolution Foods and we serve high-quality, fresh, healthy meals to your children. It’s nice to finally meet!

Our meals are always served with fresh fruits and veggies. Plus, we offer vegetarian options and dairy-free alternatives.

We have principals too.
Our food standards are founded on three core principles:

1. **Real food ingredient standards**
   - No high-fructose corn syrup
   - No added nitrates and nitrites
   - No trans fats
   - No artificial colors or flavors
   - No artificial preserves

2. **Nutrition basics**
   - Reducing fat and sugar
   - Adding fruits and whole grain

3. **High quality food preparation**
   - Meals prepared fresh daily
   - Minimally processed
   - Clean meat

We believe all students should have access to real, freshly prepared foods. Foods that are whole. Foods made with carefully considered ingredients that promote healthy growing and development.

Food shouldn’t be laced with chemical sweeteners. Ingredients should be six syllables long. And there shouldn’t be 42 ingredients in a flavor.

“Artificial” is never an ingredient.

---

**What’s on the menu?**

- Chicken enchiladas
- Corn / jicama salad
- Peach
- Milk

---

**The bottom line**

Our children look to us to provide the support they need for a healthy future because better food means better students.
