**varies from site to site*

Keeping children academically stimulated during the regular school year and during the summer months can put them at a major advantage, ensuring continuity between one grade level to another, keeping them focused and interested, and giving them the confidence they need for the upcoming school year. SFUSD's Early Education Department launched the Out-of-School Time (OST) Program and Summer Camp to meet this need, helping children in grades from transitional kindergarten (TK) through 5th use the summer months to **build on what they have learned during the school year, to develop new skills, and to explore new interests.** We currently operate 89 classrooms at 26 schools throughout the City, offering your child a safe and high-quality space for the entire summer, **Monday through Friday, 7:30 a.m. to 5:30 p.m.**

Qualifying families may take advantage of **subsidized tuition** depending on family size and gross family income. Please call your preferred OST site to find out if you qualify for subsidized tuition.

Out-of-School Time Program & Summer Camp

SFUSD SAN FRANCISCO
PUBLIC SCHOOLS

Our PROGRAMS

To promote your child's physical, emotional, social, cognitive, and creative development, the OST Program and its Summer Camp emphasizes **academics, enrichment, and recreational activities, both in and out of the classroom.** Using creative, project-based learning approaches, students receive an **imaginative, individualized and hands-on experience every day.** Fascinating, in-depth class projects and a wide variety of out-of-classroom experiences emphasize:

S.T.E.M.

Science, Technology, Engineering and Math

Creative Arts

Visual, performing and culinary

Outdoor Recreation

Intramural sports, OST Olympics, gardening, visits to National and State Parks

Individual Exploration

Quiet play and reading

In the CLASSROOM

The OST Program and Summer Camp provides the ideal environment to cultivate your child's learning. Our creative and structured classrooms **improve the academic performance** of our students and enhance their overall educational experience. Each day offers time for academic skill-building and class research projects with the support of **passionate, professional, and certified teachers and instructional aides.** With a **teacher-to-student ratio of 1:14**, you can be sure that your child is getting the **individualized attention** he or she deserves.

Outside the CLASSROOM

San Francisco's vibrant natural sites and rich attractions offer countless activities to stimulate young minds. The OST team partners with community organizations to help students take advantage of **robust and interactive learning experiences throughout the city.** Field trips are included in the price and are supported by parent volunteers.

S.T.E.M.-related activities may include visits to the California Academy of Sciences, the San Francisco Zoo, the Cable Car Museum, and the Farallones National Marine Sanctuary. To expose students to **the creative arts**, teachers may bring groups to the San Francisco Museum of Modern Art, the Asian Art Museum, the Ballet, the Symphony, or the Opera. To better enjoy **outdoor recreation** time, our groups often play in places like the Community Gardens, Delores Park, Crissy Field or the Presidio.
