**Notes for Out of School (School-Age) children:

- For children who attend an Out of School program part-day during the school-term (less than 5 hours per day), the school term tuition is separated from the summer term tuition.
- The 2016-2017 school term is August 15, 2016 – May 26, 2017.
- During the school term, the total tuition is divided evenly into 9 monthly payments (payable September – May).
- During the school term, EED operates full-time on certain days when elementary schools are closed (spring break and sometimes winter break), and afterschool children are considered full-time on those days; the full-time tuition has been included for those days and factored in to the total annual tuition.
- During the summer term, the full-time tuition will be charged. The monthly payment for August 2016 is prorated.
