GE Transportation: New Framework

- General education students
- Support student assignment policy (P5101)
  - Reversing trend of racial isolation and concentration of underserved students in same school
  - Providing equitable access to the range of opportunities offered to students
- Comply with NCLB or similar state and federal laws
GE Transportation: New Framework

• Limited but strategic transportation will be provided for general education elementary school students from designated neighborhoods to support equitable access and the use of choice as a tactic for creating integrated learning environments

GE Transportation: New Framework

• Limited amount of transportation to provide reasonable access to elementary attendance area schools and middle school feeder patterns
GE Transportation: New Framework

• Transportation is not contemplated for general education high school students, and will only be considered if the Superintendent determines it is necessary to provide equitable access and reverse the trend of racial isolation and the concentration of underserved students in the same school.
