

2018-2020 Balanced Score Card:
A Two-Year Single Plan for Student Achievement

School	Wells, Ida B. High School
Principal	Katie Pringle

SCHOOL VISION & CONTEXT

Ida B. Wellls HS is an alternative high school that serves students 16 years and older who are deficient in credits. We serve students from across San Francisco. We serve a student population that has a higher percentage of at-risk students as defined by those students who qualify for Free/Reduced Lunch, Foster Youth, FYIT students, and those involved in the Juvenile Justice System. We also serve a higher percentage of Long-Term English Language Learners and students with IEPs. Mission Our mission is to re-engage continuation high school students with an alternative educational experience that supports both academic and personal growth through individualized instruction and community-building. Vision Our vision is that every student will graduate with academic and career goals, and with the skills required to achieve them. Areas of Strength: Ida B. Wells High School provides a nurturing learning environment designed to be attentive to the individual needs of students. This is reflected in the positive responses on the Family Satisfaction Survey which consistently shows a higher percentage of families agreeing that IBW is supporting the social-emotional needs of students compared to district-wide results. Areas of Challenge: By definition, students entering Ida B. Wells have been unsuccessful at their previous high school. Most students have been truant. We strive to get our students re-engaged in their education. This is demonstrated in our focus on improving students' attendance and credit acquisition. The WASC visiting committee has identified five critical areas for follow-up that need to be addressed: 1. Assure that cell phone policy and sustained silent reading practice are followed in every classroom. 2. Identify and use standardized classroom assessment tools for closer monitoring of student progress. (reading/math). 3. Include Professional Development for the Advisory program. 4. Designate teacher collaboration time to plan cross-curricular projects and share best practices. 5. Agree to a norming system regarding how to issue variable credits with integrity and that strengthens the opportunity for more students to earn 15 or more credits each quarter. Key Strategies: The Ida B. Wells school community is focused on: • Developing and refining Field Projects (formally known as Field Studies) that are engaging and differentiated. • Continuing to develop a shared practice specifically through Advisory and Field Projects around identifying student needs and goals related to graduation and transition to post-secondary success. • Continue to build our understanding of and ability to address trauma related issues that impact students' academic and social emotional learning. • Create a professional learning structure focused on academic and social emotional learning outcomes which include engagement strategies and academic language.

In the section above, please include salient points from your SARC School Vision and complete an Executive Summary for your school site. Include the following components: **(500 words maximum)**

- **Who are you:** What are three to five facts about your school? What is essential to know about your students, staff, and community?
- **Areas of success or strengths:** What are your school's top one or two strengths that directly impact student academic success, student social/emotional development, and/or school culture/climate?
- **Areas of challenge:** What are your school's top one or two challenges that directly impact student academic success, student social/emotional development, and/or school culture/climate?
- **Key strategies:** What are the main two or three strategies driving work across your entire school and/or within a large component of your school? (For instance, if someone were to ask any teacher at the school, "what is the school mainly working on right now," what would he/she say?)
- **High Schools:** You can include the information you have in your WASC Self-Study Report (School Data Profile Section)

SECTION I: Overview and Key Components

Overview

Vision 2025 stands as an important beacon for all schools in San Francisco Unified School District. It signals an audacious commitment to a uniquely 21st century graduate. The Graduate Profile from Vision 2025 is one embodiment of this commitment, and all schools are called on to consider their contributions to this vision. The Graduate Profile includes:

- *Content Knowledge*
- *Career and Life Skills*
- *Global, Local, and Digital Identity*
- *Leadership, Empathy, and Collaboration*
- *Creativity*
- *Sense of Purpose and Sense of Self*

The Balanced Score Card (BSC) for the 2018-2020 school years is intended to draw all schools into conversations about this vision. This document is designed to build on your plan from last year and makes changes where necessary.

Transform Learning, Transform Lives is SFUSD's newest strategic plan. It articulates a new round of efforts, drawn from the successes and learning of past plans, that advance our district and all its schools towards Vision 2025. This template is intended to support schools to use student outcome data more deeply; to reflect on successes and challenges in implementing SFUSD's key priorities from the **2018-2019** school year; and to build with increased specificity on each school's efforts to realize the goals and strategies outlined in the SFUSD 2016-18 Strategic Plan **Transform Learning, Transform Lives**.

The Balanced Score Card serves as the site's Single Plan for Student Achievement (SPSA) and as a platform for continuous improvement. The design is intended to integrate components of the Strategic Plan (specifically the "Strategies in Action: Schools"), the Local Control Accountability Plan (LCAP) and metrics and targets used as part of the School Quality Improvement Index (SQII).

Key Requirements

In addition to its use as a strategic planning tool, the Balanced Score Card (BSC)/ Single Plan for Student Achievement (SPSA) and accompanying school planning process are designed to meet the requirements outlined in *California Education Code § 64001* as well as for the Local Control Accountability Plan (LCAP).

These requirements include:

- School Site Councils must approve the BSC and categorical budget prior to SFUSD Board of Education approval. In order for this to be valid, the [School Site Council must have parity](#).
- Prior to voting on and approving the BSC and budgets, School Site Councils must receive and use feedback from English Learner Advisory Councils (ELACs).
- The BSC must align with the District's goals for improving student achievement and outcomes and articulate schools' indicators and assessments for evaluating progress toward these goals. School goals must be based upon an analysis of verifiable state data.
- The plan must be reviewed annually and updated by School Site Councils and approved by SFUSD's Board of Education whenever there are material changes that affect the academic program for students.
- Onsite reviews for compliance and/ or complaints will continue, and may require revision and resubmission of the school plan and appropriate expenditures, specifically as they involve categorical programs and services.

SECTION II: School Data Profile

Schools are called on to invest their time into the analysis of the data, reflection on current practice, targets, strategies and interventions.

Follow this (<https://district.sfusd.edu/dept/rpa/aao/DataDisk/default.aspx>) to your data. Inside your school **17-18 Results** folder look for the folder titled "###_Mid-Year_Summary_2017-18". This folder includes the following reports:

- Refer to **Illuminate Report List** to link to student level data

SECTION III: School-Wide Analysis and Plan

With the adoption of and transition to the Local Control Funding Formula, the State has also issued the Local Control Accountability Plan (LCAP) that outlines the state's priorities. These align well with SFUSD's articulated performance indicators and the work we've done with the more holistic measures and targets in the School Quality Improvement Index. As you use the data above and other sources accessible to you, please consider the following guiding questions:

- *What are the implications of the data, based on your analysis?*
- *Beyond the quantitative data provided, have you considered anecdotal and internally developed measures to create a more robust representation of your school's context?*
- *In each area, identify targets/outcomes that measure impact on student achievement.*
- *What shifts, in strategy, actions or initiatives are necessary to meet those successful targets/outcomes for students?*

As we move forward in our work, we will continue to work towards the enactment of Vision 2025, and the more specific strategies articulated in the 2016-2019 Strategic Plan **Transform Learning. Transform Lives.**

Strategies in Action: Classrooms

School Plan

Instructional Core / Engaging and Challenging Curriculum

As a school community, please review "Strategies in Action: Classrooms" prior to completing this section. School teams will also find great value by visiting the websites for each subject area described in the section. Data needed to complete this section of the BSC is included in Section II above.

***Focal Group:** *Site leaders identify a focal group who is not yet meeting high expectations on outcome measures (such as academic achievement, social-emotional learning, etc.). Site leadership teams set specific goals for a focal group and measure their progress toward these desired outcomes on a daily, weekly and monthly basis.*

LANGUAGE ARTS CORE CURRICULUM IN ENGLISH AND OTHER TARGETED LANGUAGES

Define your Focal Group: For your focal group, (African American, English Learners, Students with Special Needs, Foster Youth), based on the data, what specific goals and shifts will you set to ensure access to the core curriculum, academic success & social emotional well-being in both formative and summative assessment measures? You could have more than one.

Identify Focal Group(s):

- entire school

Academic Tier One - Access to the core curriculum for all students: What will you do to ensure that all students have access to and success in the core academic program?

Analysis of Results Language Arts-All Students In a narrative, describe what your analysis of the data says about your school. Consider data points that are internally developed and/or qualitative. WASC Ch.2	Based on the analysis of the results, what are your targets/performance goals?	What instructional practices are required to ensure all student reach mastery?	What instructional shifts will be required to achieve these goals? WASC Ch.5
About 70% of our students have a Reading Inventory performance level of "basic" or "below basic." Low reading skills limit student access to core content in all areas of instruction.	• Accelerated growth in student reading skills will be reflected by improved RI Lexile scores. • Student grades and credit acquisition will improve in core content areas resulting from improved reading comprehension and writing skills. • Most students will be able to write a paragraph that states and supports a position.	• Explicit instruction in vocabulary development will emphasize and promote academic vocabulary and vocabulary-building strategies across all core content areas. • Clear routines in ELA classrooms will strengthen the culture of learning and allow opportunities for meaningful discussions of texts. • Sentence starters and paragraph frames will be used across the curriculum strengthen student writing.	We are developing a school-wide literacy plan to improve student skills in reading, writing, speaking, and listening across content areas. We expect the plan to emphasize: • greater emphasis on vocabulary development • quarterly administration and analysis of the Reading Inventory to measure student growth • Sentence starters and paragraph frames shared and used across content areas • Explicit instruction in decoding and fluency for some • Explicit instruction in reading comprehension strategies for most • Increased opportunities for oral communication, especially in meaningful discussion of texts.

Academic Tier Two - What intervention strategies will you use to serve students who need additional support to be successful in the core Language Arts program? If you have a centrally allocated Academic RtI Facilitator, please articulate how that staff will be utilized in pursuit of those goals?

Analysis of Results for Language Arts-Intervention	Based on the analysis of the results, what are your targets/performance goals?	What instructional shifts will be required specifically for your focal students to achieve these goals?
In recent reviews of of RI results, between 38% - 48% of our students have performance levels of "below basic."	Our goal is to see accelerated growth in RI Lexile scores for students at the lowest performance levels so that they are better able to access the curriculum in all of their classes, and so that they are prepared for the rigor of college and careers.	Appropriate placement of identified students in reading intervention classes or in classes with ELD supports. Review of Reading Intervention curriculum and ELD supports to maximize impact on student learning

MATHEMATICS CORE CURRICULUM

Define your Focal Group: For your focal group, (African American, English Learners, Students with Special Needs, Foster Youth), based on the data, what specific goals and shifts will you set to ensure access to the core curriculum, academic success & social emotional well-being in both formative and summative assessment measures? You could have more than one.

Identify Focal Group(s):

entire school

Academic Tier One-Access to the core curriculum for all students: What will you do to ensure that all students have access to and success in the core academic program?

Analysis of Results Mathematics-All Students In a narrative, describe what your analysis of the data says about your school. Consider data points that are internally developed and/or qualitative. WASC Ch.2	Based on the analysis of the results, what are your targets/performance goals?	What instructional practices are required to ensure all students reach mastery?	What instructional shifts and supports will be required specifically for your focal students to achieve these goals? WASC Ch.5
Classroom observation and coursework analysis suggests that gaps in foundational math skills limit student access to more advanced math concepts in algebra and geometry.	Improvements in student math skills will be on two tracks: • one track is improvements in foundational skills, and • the second track is higher-level problem-solving aligned with common core standards.	<ul style="list-style-type: none"> • Targeted use of paraprofessional supports. • Co-teaching with GenEd and SPED teachers • Hands-on activities that require higher-order problem-solving combined with foundational skills review and instruction • Small class sizes • Frequent checks for understanding 	<ul style="list-style-type: none"> • Invest in a new math assessment that is a better fit for our students than what SFUSD currently provides • Provide individualized targeted instruction and supports for each student • Use strategic grading policies to maintain student momentum and avoid becoming discouraged by math anxiety.

Academic Tier Two-What intervention strategies will you use to serve students who need additional support to be successful in the core academic program? If you have a centrally allocated Academic RtI Facilitator, please articulate how that staff will be utilized in pursuit of those goals?

Analysis of Results for Mathematics-Intervention	Based on the analysis of the results, what are your targets/performance goals?	What interventions are required to ensure all students reach mastery?

SCIENCE CORE CURRICULUM

Access to the core curriculum for all students: Starting in the fall of 2018, all students should be learning the new Next Generation Science Standards through the implementation of the SFUSD Science Core Curriculum. What will you do to ensure that all students have access to and success in the core academic program? (Integrated ELD is embedded in core content instruction.)

Analysis of Results Science-All Students In a narrative, describe how students are currently being provided access to science instruction. For elementary and middle school, how often are students receiving science hands-on instruction? For high school, how many students are successfully completing their science graduation requirements by the end of their sophomore year? Which students are continuing on to take 3 or 4 years of science? Consider data points that are internally developed and/or qualitative. How will you ensure that all students have access to the science learning described by the SFUSD Science Core Curriculum? WASC Ch.5	Based on the analysis of the results, what are your targets/performance goals?	What instructional shifts will be required to achieve these goals? How much time will you provide at your school site for teachers to work collaboratively on the implementation of the science curriculum? WASC Ch.5
Students are enrolled in science classes (Biology or Chemistry) as needed following careful review of their transcripts. Our science teacher is implementing the New Generation Science Standards (NGSS) in to provide meaningful experiences in Biology. The NGSS require substantial reading that can be challenging to some of our less proficient readers.	Students will successfully complete rigorous coursework to earn full academic credit in science. Students will improve critical thinking skills.	The science teacher will collaborate closely with the paraprofessional to strengthen student skills in: <ul style="list-style-type: none"> • annotating texts • building vocabulary • representing information graphically and in structured writing • discussing scientific concepts based on observations and texts. The science teacher will continue to participate in NGSS professional development, focusing on chemistry in the 2018-19 school year.

ENGLISH LANGUAGE DEVELOPMENT (ELD): *Designated & Integrated*

To ensure that all English Learners (ELs) have access to, can engage with, and achieve in grade-level academic content, schools will implement comprehensive Designated and Integrated English Language Development (ELD) instruction based on the California ELD Standards. Designated ELD is instruction for a minimum of 30 minutes daily, tailored to the proficiency level of English Learners. The goal is to provide students with the supports necessary within an English Learner learning environment in order to increase the access to grade-level content. Integrated ELD is embedded within core content instruction (e.g. English Language Arts, Mathematics, Science, Physical Education, etc.) across the instructional day using a variety of strategies to enable ELs to comprehend, use and learn grade-level content as a means toward accelerated language learning.

Reflecting on your school's data, including English Language Proficiency Assessments for California (ELPAC), formerly CELDT, what will you do to ensure that all students have access to and success in English Language Development (ELD) and become Reclassified Fluent English Proficient

(RFEP).		
Analysis of results (including ELPAC (formerly CELDT), F&P/RI and SBAC) for all ELs (By Typology: Newcomer, Developing, LTELs, recently reclassified) In a narrative, describe what your analysis of the data says about your school. Consider data points that are internally developed and/or qualitative. How will you ensure that all English Learners (ELs) have access to, can engage with, and achieve in grade-level academic content within Designated and Integrated English Language Development (ELD)? WASC Ch.2	Based on the analysis of the results, what are your targets/performance goals?	What instructional practices, strategies & scaffolds will be provided for your ELs to attain mastery? WASC Ch.5
Wells serves primarily Long Term English Learners (LTELs). About 80% of our LTELs score at moderately developed or above in oral language on the ELPAC. However, about 70% of our LTELs score at somewhat developed or below in written language. In order for our English Learners to access curriculum in all content areas, we must accelerate the develop of their reading and writing skills.	• Accelerated growth in in reading and writing scores on the ELPAC. • Increased rate of reclassifications	We are reviewing our EL school program ELD courses

HEALTH EDUCATION CORE CURRICULUM

Analysis of results: Can include Social Emotional Learning/Culture Climate survey results, BMI/Fitnessgram, Coordinated Program Monitoring Tool (CPM), Youth Risk Behavior Survey (YRBS) trends, qualitative data In a narrative, describe what your analysis of the data says about your school.	Based on analysis, describe site's goals for a balanced, comprehensive health education program. What systems are in place to ensure that all students systematically receive the required Health Education lessons each year?	What shifts will be required to achieve these school-wide goals? What resources or support will be required to achieve these goals?
---	--	--

VISUAL AND PERFORMING ARTS

Narrative describing site's vision for a balanced, comprehensive arts program. Refer to The Graduate Profile Creativity, Sense of Purpose and Self and Leadership, Empathy, Collaboration and the BSC Examples and Exemplars.	What are your targets/ goals? (Elementary, Middle, High) Refer to the VAPA section in the Central Services Supports Guide	What shifts will be required to achieve these goals? What resources or support will be required to achieve these goals?
---	---	--

PHYSICAL EDUCATION

To ensure that all students have access to, can engage with, and achieve in grade-level academic content, schools will design and implement physical education programs that provide grade level, developmentally age-appropriate, physical education instruction. Students in grades K - 5 must receive 200 minutes of instruction in physical education from a credentialed teacher per every ten-day period. Students in grades 6 - 10 receive 400 minutes of instruction per every ten-day period, unless otherwise exempted.

Reflect on your school's data, including State mandated physical fitness testing and students ePortfolio. Using this data & guided by the table below, develop comprehensive physical education and activity programs for all students.

Narrative describing site's vision for a balanced, comprehensive Physical Education program. Refer to California Physical Fitness tests (FITNESSGRAM), Students PE ePortfolio, CA Program Monitoring. Review current PE Master Schedules to ensure all students have access and required minutes are provided.	What are your targets/ goals? (Elementary, Middle, High) Refer to the Physical Education section in the Central Services Supports Guide. How might students use the new PE ePortfolio to monitor, track and assess their cardiovascular fitness, social emotional well being and over health?	What shifts will be required to achieve these goals? What resources or support will be required to achieve these goals?
--	--	--

OTHER SUBJECT AREAS (Secondary Schools, optional for Elementary)

As you work through this section of the plan, engage in conversations with department chairs and faculty in subject areas other than Language Arts and mathematics. What is your plan to ensure students have access and success in the academic program?

Analysis of Results - All Students For these departments, data is not collected centrally. Consider data points that are internally developed and/or qualitative. WASC Ch.2	Based on the analysis of the results, what are your targets/performance goals?	What instructional shifts will be required to achieve these goals? What resources or support will be required to achieve these goals? WASC Ch.5
--	---	---

COLLEGE AND CAREER READINESS

Describe your site's goals and actions to promote a college and career going culture and to ensure student outcomes are aligned to and support the Graduate Profile and the 10 Big Shifts, as described in Vision 2025.

High Schools Indicators: On-Track/Off-Track, SAT/ACT, PSAT, Advanced Placement courses offered/passage rate for underrepresented populations, Career Pathways, internship opportunities, dual/concurrent enrollment, AVID, FAFSA completion, Credit Recovery, etc.

Middle Schools Indicators: AVID, High School Readiness, College visits, college and career plans

Narrative describing college going culture (using indicators suggested above) <i>WASC Ch.2</i>	What are your targets/ goals?	What shifts will be required to achieve these goals? <i>WASC Ch.5</i>
---	--------------------------------------	---

Elementary Schools

What is your plan for promoting college and career readiness?
For PK-5 Schools: What strategies will be used to increase Kindergarten readiness?

Strategies in Action: Schools

In *Transform Learning. Transform Lives*, the “Strategies in Action: Schools” section describes the actions of effective schools. The section is organized in keeping with a framework created by researcher Anthony Bryk, which describes five essential supports found in effective schools: (1) leadership, (2) instructional guidance, (3) professional development, (4) student-centered learning environment, and (5) parent-school-community ties

School teams are encouraged to refer to “Strategies in Action: Schools” as you consider plans for the coming school year.

LEADERSHIP, INSTRUCTIONAL GUIDANCE & PROFESSIONAL DEVELOPMENT

Schools with coherent instructional guidance can articulate the what and how their site’s instructional program. Student tasks are foundational and assessment plays an integral role in student learning. Teachers are clear as to the steps they will take to differentiate instruction and site leaders create the appropriate conditions to ensure all students reach mastery. As you reflect on your site’s current context, what steps, from a leadership perspective, do you need to take to deepen your site’s coherence and mastery of the vision. How will you resource these steps? (**consider: IRFs, coaching, site based instructional rounds, data-driven decision making, lesson design, standards-based grading, district sponsored professional development, teacher collaboration**)

How will you structure site-based and district professional development/learning?

School-Wide Action Step(s)	How will you resource this? (Site Budget, Specific Categorical Fund, People, etc.)(Prop A, MTSS Resource Staff Facilitation, Site Funded Sub release, Title I)
-----------------------------------	--

STUDENT-CENTERED LEARNING CLIMATE

A school environment that is safe and orderly communicates an expectation that all students will achieve social emotional and academic success. In keeping with a Response to Instruction and Intervention (RTI2) model, the school maintains a safe and supportive school environment where all students benefit from multiple tiers of support including research-based academic interventions and Positive Behavioral Interventions and Supports (PBIS).

As you complete the table below, consider what shifts would be necessary to create a positive school and classroom climate in which all students are in classrooms, supported, learning and engaged, in the least restrictive environment?

Consider the following items as they relate to each category:

- **Students with Disabilities/ Promotion of Inclusive Practices:** percentage of students in Special Education school-wide (identified internally) and number of referrals to Special Education (total & for subgroups-AA, EL). Your community is called upon to consider SFUSD’s commitment to full inclusion and increased expectations for students with disabilities.
- **Student Engagement/Attendance:** school attendance rates, chronic absenteeism rates
- **School Climate:** suspensions, discipline referrals, middle school and high school dropout rates, high school graduation rates and any indicators from student surveys
- **Social Emotional Learning:** interpersonal and intrapersonal skills including but not limited to growth mindset self-efficacy, self-management, and social awareness
- **Wellness Policy:** nutrition and physical activity expectations according to district Wellness Policy to increase healthy behaviors for all school site students, staff, and families, i.e. student-led project-based learning assignments to impact Tier 1

PARENT-SCHOOL-COMMUNITY TIES: A Community Schools Approach

Family Partnerships: *The child's first and most influential teacher is the family.*

Refer to your data: Culture & Climate surveys, site specific surveys, participation in school community meetings or advisory committee meetings, and participation in family-teacher conferences.

Based on your data choose at least one of the following SFUSD Standards to work on.	Choose at least one of the following focal populations
<ul style="list-style-type: none"> <input checked="" type="checkbox"/> Supporting Strong Relationships/Facilitating Two-Way Conversation <input checked="" type="checkbox"/> Linked to student learning <input checked="" type="checkbox"/> Valuing diversity/speaking up for every student <input type="checkbox"/> Sharing power & decision making <input type="checkbox"/> Connecting families to community resources 	<ul style="list-style-type: none"> <input checked="" type="checkbox"/> African American families <input type="checkbox"/> Families of English Learners <input checked="" type="checkbox"/> SPED <input checked="" type="checkbox"/> Foster Youth <input checked="" type="checkbox"/> Homeless <input checked="" type="checkbox"/> Other: Probation Involved Youth

What actions will you take to deepen the capacity of school staff to authentically partner with families? What actions will you take to offer opportunities for families to deepen their capacity as partners:

Ongoing quarterly conferences with parent/guardian/caring-adult Continued input on intake and referral process Continued work with DPH, CPS and Juvenile Probation

How will you measure your impact? Measures can include: Culture & Climate Surveys, Academic Data, Attendance

Climate Survey, attendance and credit data, referral and suspension data

Community Partnerships

What academic and/or social-emotional needs can community partners help your school site address that align with and support your BSC goals?

Urban Services YMCA, Heat of the Kitchen, A.C.T., RAMS, City Surf, 10,000 Degrees, SF Library, CCSF, City Build, Presidio Trust, 826 Valencia, SF Food Bank, SVIP, Sunset Youth Services

What are your specific goals or objectives for these partnership?

See list above.

What actions will you take to deepen your school's partnership with community organizations?

Continued collaboration and outreach.

How will you measure the impact? (Quantitative and/or qualitative data)

Qualitative feedback from students and staff. Quantitative feedback from data markers (attendance & credits).

SECTION IV: School Budget & Resource Priorities

Weighted Student Resources in WSF and Other LCFF-Funded Allocations

In the fields below, list the amount of funds you received and describe how you plan to use these funds to increase and improve services to specific student groups.

Special Education Weighted Student Formula (WSF-SpEd)

Allocation = \$3,200

4313 - Supplemental materials for the Special Education Department.

Select the Bryk Essential that most aligns to the use of these funds:

- Instructional Guidance (LCAP Priorities: Implement Standards, Pupil Achievement, Course Access)
- Professional Capacity (LCAP Priorities: Basic)
- Student-Centered Learning Climate (LCAP Priorities: Pupil Engagement, School Climate, Other Outcomes)
- Parent-School-Community Ties (LCAP Priorities: Parental Involvement)

Supplemental Concentration Grant-English Learner (SCG-EL) 07091

Allocation = \$12,524

How will your site use SCG-EL resources to increase and improve services for English Learners? Why is that the best use?

Attendance Liaison - R11S FTE 0.22 = \$12,524. Spanish speaking Attendance Liaison to work with families to increase their students' attendance and academic achievement, as well as foster closer connections to the school and community.

Select the Bryk Essential that most aligns to the use of these funds:

- Instructional Guidance (LCAP Priorities: Implement Standards, Pupil Achievement, Course Access)
- Professional Capacity (LCAP Priorities: Basic)
- Student-Centered Learning Climate (LCAP Priorities: Pupil Engagement, School Climate, Other Outcomes)
- Parent-School-Community Ties (LCAP Priorities: Parental Involvement)

Supplemental Concentration Grant - Low Income (SCG-LI) 07090

Allocation = \$34,387

How will your site use SCG-LI resources to increase and improve services for low income students? Why is that the best use?

Attendance Liaison - R11S FTE 0.6 = \$34,387. Attendance Liaison to work with low-income students and their families to increase attendance and academic achievement.

Select the Bryk Essential that most aligns to the use of these funds:

- Instructional Guidance (LCAP Priorities: Implement Standards, Pupil Achievement, Course Access)
- Professional Capacity (LCAP Priorities: Basic)
- Student-Centered Learning Climate (LCAP Priorities: Pupil Engagement, School Climate, Other Outcomes)
- Parent-School-Community Ties (LCAP Priorities: Parental Involvement)

LCFF Concentration Grant (SCG-C) 07092

Allocation = \$31,000

If your school site receives a Concentration allocation, how will these additional resources be used to increase and improve services for these (EL/LI) populations? Why is that the best use?
