The School Accountability Report Card (SARC) is required by law to be published annually, by Feb 1st each year. It contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF), all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP) which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorites. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at http://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at http://www.cde.ca.gov/fg/aa/lc/.
- For more information about the school, parents and community members should contact the school principal or district office.

DataQuest is an online data tool located at http://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. test data, enrollment, graduates, dropouts, course enrollments, staffing and data regarding English learners.

Internet access is available at public libraries and other locations that are publicly accessible.

About This School

School Description and Mission Statement

This section provides information about the school's goals and programs.

Sunset Elementary School is a vibrant, multicultural community of engaged learners that is committed to providing the highest academic and social standards. Sunset embraces the culturally, linguistically, and economically diverse student population of 18% English Learners, 9% students with disabilities, and 25% who are eligible for free/reduced meals. The academic program is differentiated, accessible, and challenging for Sunset's various learners. With a comprehensive and diverse curriculum that addresses individual needs, students will be challenged in the classroom and achieve success after they graduate. Sunset provides students with access to academic language development, individual and small group support, and extended learning opportunities using a variety of learning modalities. Teachers embrace best teaching practices and participate in ongoing professional development to stay abreast of Common Core State Standards, a Comprehensive Approach to Literacy focusing on Reading and Writing Workshop, interdisciplinary teaching strategies, differentiation for all learners, and professional academic learning. In addition, teachers meet within their grade level on a monthly basis to plan teaching strategies and analyze student work based on the rubrics. This allows all teachers within the same grade level to share best practices.

Sunset is implementing Response to Intervention, a multi-tiered academic and behavioral system that promotes academic success and social and emotional development for all students including intensive support for at-risk students. The Sunset community takes advantage of every opportunity to improve the school so that everyone can learn, achieve, and succeed together. Sunset engages in STEAM activities including Outdoor Science, Water Week, and the Environmental Fair. At the Environmental Fair, students complete a variety of lessons about creating and maintaining a healthy environment. The school's community gardens enhance and beautify the schoolyard and contribute to hands-on activities through the Outdoor Science program. In 2017, Sunset received the Green Ribbon Award for demonstrating achievement in reducing environmental impact, improving the health and wellness of students and staff, and for providing effective environmental education. Students learn typing, word processing, PowerPoint presentations, coding, and use of the internet as a research tool. The Visual and Performing Arts Programs feature dance, visual arts, plus instrumental and choral music. In 2016, Sunset received the Gold Ribbon. This award in both Technology and exemplary Visual Arts Program epitomizes Sunset's commitment to providing and embracing the concept of STEAM for all students. Sunset Elementary received the 2017 National Blue Ribbon award as an exemplary high performing school in English Language Arts and Mathematics.

As an inclusive school community, Sunset continually fosters relationships throughout the diverse student population. Providing access and equity to all students ensures that social justice and academic growth are a reality at Sunset. The core values of being respectful, responsible, safe, caring, helpful, and fair are taught at Sunset School. Each week, "Star Students" from each class are awarded for demonstrating these values in their daily lives. The Caring School Communities program builds positive relationships through class meetings, cross-aged buddy activities, home-school connections, and school-wide activities. The best part of Sunset Elementary is the dynamic community which affords all students the opportunity to succeed in the 21st century classroom and enjoy lifelong learning.

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Teacher Credentials

This table displays the number of teachers assigned to the school with a full credential, without a full credential, and those teaching outside of their subject area of competence. Detailed information about teacher qualifications can be found at the CDE Web site at http://dq.cde.ca.gov/dataquest/.

Quality, Currency, and Availability of Textbooks and Instructional Materials

For High Schools (grades 9-12)

The San Francisco Unified School District adopts instructional materials following the cycle of state frameworks and standards, and provides sufficient textbooks for all students to use in class and to take home in the core curriculum areas of reading/language arts, mathematics, science, and history/social studies. Class sets of health instructional materials were provided for high school health teachers. In addition, other Board-adopted core curriculum materials were provided to remedy all insufficiencies identified through a survey and other activities at the annual Instructional Materials Hearing at the October 9, 2018 meeting of the Board of Education. All adopted high school instructional materials have been evaluated and determined locally to meet state standards for grades 9-12. Appropriate science laboratory equipment is available for all laboratory science courses.

For Elementary and Middle Schools (grades K-8)

The San Francisco Unified School District adopts instructional materials following the cycle of state frameworks and standards, and adopts K-8 materials from the list of standards-aligned materials that have been adopted by the State Board of Education. The district provides sufficient textbooks for all students to use in class and to take home in the core curriculum areas of reading/language arts, mathematics, science, and history/social studies. For 2018-2019, instructional materials were provided for all students in grades K-8. Replacements were provided for core curriculum areas as identified through a survey and other activities preceding the annual Instructional Materials Hearing at the October 9, 2018 meeting of the Board of Education.

For complete lists of adopted textbooks, go to: http://www.sfusd.edu/en/curriculum-standards/instructional-resources.htm

School Facility Conditions and Improvements

This section provides information about the condition of the school's grounds, buildings, and restrooms, and a description of any planned or recently completed facility improvements.

We have undertaken various school beautification projects. Through the Proposition A Bond Program, ADA renovations and modernization we received new ceiling, indoor lighting, flooring, operable windows and shades, interior and exterior painting, an elevator, new counters, sinks, and drinking fountains in classrooms, remodeled bathrooms, and the construction of three new modular classrooms. With the help of the PTA and community, our school has been beautifully landscaped with thriving outdoor gardens. We completed the Green Schoolyard project and we continue to work on our extended plans. New lighting has been installed in the school yard and parking lot. The school building is well maintained by our custodians and all community members help to keep our school clean.

Part B (Pupil Outcomes) begins on the next page.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students that did not receive a score is 10 or less, either because the number of students is too small for statistical accuracy or to protect student privacy.

The number of students tested includes students that did not receive a score; however, the number of students tested is not the number that was used to calculate the achievement level precentages. The achievement level percentages are calculated using students with scores.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the Pupil Engagement State Priority (Priority 5):

- High school dropout rates; and
- High school graduation rates.

Dropout Rate and Graduation Rate

This table displays the school's one-year dropout rates and graduation rates for the most recent three-year period. For comparison purposes, data are also provided at the district and state levels. Detailed information about dropout rates and graduation rates can be found at the CDE Web site at http://dq.cde.ca.gov/dataquest/.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan - Most Recent Year

This section provides information about the school's comprehensive safety plan.

The Emergency Response Team solicits feedback from the staff and school community to review and update the School Site Emergency Plan with current emergency procedures, evacuation routes, and an organizational chart. The team meets to discuss safety measures, review resources, and create plans for a safe school climate. We integrate safety and health activities in the core curriculum. The Health Advocate coordinates health education programs and student activities. Teachers and staff facilitate the Caring School Community Program promoting community building, cross-age buddies activities for positive experiences, and school wide community building activities. This program creates a positive learning climate by deepening the connections of students, faculty, and families. The Caring School Community Program supports our behavior expectations of Be Safe, Be Respectful, and Be Responsible and we also integrate Coach Wooden's Pyramid of Success with our values and expectations. The harmonious balance between the staff, students, and families enables Sunset Elementary School to provide a safe and learning environment for all. Every teacher uses the evidence based Second Step Curriculum to teach all students skills for empathy, emotion management and problem solving.

Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement

This section provides information about opportunities for parents to become involved with school activities.

Family partnership is a key to Sunset's success. Families are encouraged to participate on the School Site Council to contribute to the Balanced Scorecard, budget, and decisions about school programs. The PTA promotes activities to foster closer ties among families. They support the curriculum, provide funds for STEAM, visual arts, and outdoor science, sponsor school events, and provide after school enrichment programs such as foreign languages, creative drama, creative writing, and science. Parents volunteer in the classroom, library, office, cafeteria, schoolyard, field trips, and at school activities and events.

If you are interested in parental involvement opportunities, please contact the principal at the school:

Sophie Lee 415-759-2760

Academic Counselors and Other Support Staff (School Year 2017-18)

This table displays, in units of full-time equivalents (FTE), the number of academic counselors and other support staff who are assigned to the school and the average number of students per academic counselor. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50% of full time. Note: For various reasons, including funding sources and employees serving multiple locations, many of the staff in these positions are listed as working at central administrative offices, and so, will not show up under a particular school's staffing count. This includes the following FTE: Counselors - 11.8, Librarians - 31.6, Nurses - 55.3, Psychologists/Social Workers - 111.6 and Resource Specialists - 155. If additional information is needed regarding staffing in these particular support roles, please contact the school.

Types of Services Funded (Fiscal Year 2017-18)

This section provides information about the programs and supplemental services that are available at the school and funded through either categorical or other sources.

There are various programs and support services. All classes participate in a library program with the Library Media Specialist. The Social Worker helps students with social and emotional skills, works with individual and small groups of students, and builds strong relationships with families. Through the Student Success Team process, teams develop strategies and an intervention plan in order to support specific students with their individual needs. The ExCEL After School Programs provides homework support, academic focus on reading and math, and enrichment activities. Identified English learners receive academic language instruction daily at their fluency level through specific groupings. Students with disabilities who have an IEP works with the either the Inclusion Teacher or the Special Day Class Teachers and paraprofessionals. Students with speech and language needs are supported by the Speech Language Pathologist.

Teacher and Administrative Salaries (Fiscal Year 2016-17)

This table displays district-level salary information for teachers, principals, and superintendents, and compares these figures to the state averages for districts of the same type and size. The table also displays teacher and administrative salaries as a percent of a district's budget, and compares these figures to the state averages for districts of the same type and size. Detailed information regarding salaries can be found at the CDE Web site at:

Professional Development

This section provides information about the program for training the school's teachers and other professional staff.

Professional development is a part of every site plan and a major component of instructional support to departments. The district's professional development program provides opportunities for teachers to implement the district's core curriculum for all students, update subject area expertise, use data to plan instructional improvement strategies and acquire new instructional strategies. Leadership development across content areas is facilitated centrally, and for educators and parents each school continues to provide some full days of professional development during the academic year.
