The School Accountability Report Card (SARC) is required by law to be published annually, by Feb 1st each year. It contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF), all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP) which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For more information about the school, parents and community members should contact the school principal or district office.

DataQuest is an online data tool located at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. test data, enrollment, graduates, dropouts, course enrollments, staffing and data regarding English learners).

Internet access is available at public libraries and other locations that are publicly accessible.

About This School

School Description and Mission Statement

This section provides information about the school's goals and programs.

Monroe is a diverse school located in the Excelsior district that hosts three language programs serving children from many linguistic backgrounds around the city. It's school population mirrors that of San Francisco's and we celebrate the diverse qualities that make up our school's unique character. We are a community of language learners. Our three language strands weave together to create a rich tapestry of home cultures and languages where all students excel in high academic standards in Spanish Immersion, Chinese Bilingual or General Education English Instruction. The goal in each one of the strands is to provide all students with a well rounded, nurturing, academic education that allows them to be safe and successful at Monroe and in their future academic endeavors. The Chinese and Spanish programs also allow students to become bilingual and biliterate in a second language (Chinese, Spanish and/or English).

Monroe believes every person on campus is an educator, from each student, to each staff member to the families that participate in our community. Our staff and administration collaborate closely to ensure true engagement and shared leadership of all cultural and linguistic backgrounds.

Every student is becoming a life long learner in an environment that nurtures students' high academic achievement and love of learning. Classrooms are dynamic places where each child is challenged to reach her/his highest potential. Both teachers and students set both academic and personal goals that are measurable and attainable. We are focused on equity and social justice, which allows us to give everyone the different resources they need for equality of outcomes.

Students at Monroe become critical thinkers, life long learners and global citizens of the world. They are compassionate toward others, environmentally conscious, linguistically diverse, socially responsible and academically prepared to be our future's leaders.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Teacher Credentials

This table displays the number of teachers assigned to the school with a full credential, without a full credential, and those teaching outside of their subject area of competence. Detailed information about teacher qualifications can be found at the CDE Web site at <http://dq.cde.ca.gov/dataquest/>.

Quality, Currency, and Availability of Textbooks and Instructional Materials

For High Schools (grades 9-12)

The San Francisco Unified School District adopts instructional materials following the cycle of state frameworks and standards, and provides sufficient textbooks for all students to use in class and to take home in the core curriculum areas of reading/language arts, mathematics, science, and history/social studies. Class sets of health instructional materials were provided for high school health teachers. In addition, other Board-adopted core curriculum materials were provided to remedy all insufficiencies identified through a survey and other activities at the annual Instructional Materials Hearing at the October 29, 2019 meeting of the Board of Education. All adopted high school instructional materials have been evaluated and determined locally to meet state standards for grades 9-12. Appropriate science laboratory equipment is available for all laboratory science courses.

For Elementary and Middle Schools (grades K-8)

The San Francisco Unified School District adopts instructional materials following the cycle of state frameworks and standards, and adopts K-8 materials from the list of standards-aligned materials that have been adopted by the State Board of Education. The district provides sufficient textbooks for all students to use in class and to take home in the core curriculum areas of reading/language arts, mathematics, science, and history/social studies. For 2018-2019, instructional materials were provided for all students in grades K-8. Replacements were provided for core curriculum areas as identified through a survey and other activities preceding the annual Instructional Materials Hearing at the October 29, 2019 meeting of the Board of Education.

For complete lists of adopted textbooks, go to:

Additional Comments:

School Facility Conditions and Improvements

This section provides information about the condition of the school's grounds, buildings, and restrooms, and a description of any planned or recently completed facility improvements.

Monroe has recently added a solar array to its patio and a Cobb Bench to its garden. Monroe's Dream Team of students works on beautifying the school with murals, mosaics and other school wide improvements. Our green team is constantly dreaming up new ways to be better friends of the environment. Monroe is slated for structural upgrades and building renovations beginning in the summer of 2012. We are currently in the planning process with the architects to complete these renovations.

Part B (Pupil Outcomes) begins on the next page.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

California Assessment of Student Performance and Progress Results for All Students

Mathematics (grades 3-8 and 11)	42	46	50	49	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Pupil Engagement

The SARC provides the following information relevant to the Pupil Engagement State Priority (Priority 5):

- High school dropout rates; and
- High school graduation rates.

Dropout Rate and Graduation Rate

This table displays the school's one-year dropout rates and graduation rates for the most recent three-year period. For comparison purposes, data are also provided at the district and state levels. Detailed information about dropout rates and graduation rates can be found at the CDE Web site at <http://dq.cde.ca.gov/dataquest/>.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan - Most Recent Year

This section provides information about the school's comprehensive safety plan.

Monroe has an organized safety committee that meets to ensure the safety of the students and staff. Additionally, the emergency plans for the school are reviewed systematically to ensure their efficacy. Disaster drills are practiced each quarter and fire drills happen monthly. Visitors are required to sign in in the office to ensure that all adults on campus are registered and wearing a visitor pass. Students use passes and walk with a buddy when they leave their classrooms as an additional safety measure. Monroe is a TRIBES school and works to ensure mutual respect and no put downs for the entire community. Students put on anti-bullying and inclusion skits in our weekly morning circle and during lunch to teach one another about making good choices in the classroom and on the yard.

Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

Subject	School			District			State

Expulsions	0.0	0.0	0.0	0.0	0.0	0.0	0.1	0.1	0.1

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement

This section provides information about opportunities for parents to become involved with school activities.

Monroe parents have a number of opportunities to get involved. The PTA holds monthly meeting as well as fantastic fundraisers such as the Fall Fun Festival, performance nights and the read-a-thon to support our arts enrichment and teacher collaboration programs. We have both Chinese and Spanish speaking Parent Liaisons and secretaries that help the school ensure ever-greater parent participation. Parents are encouraged to volunteer in the classrooms, by going on field trips, helping students or assisting the teacher prepare materials. Parents also volunteer in the office or at the whole school level; planning parent workshops, our weekly food bank, stuffing our communication folders or planning other school wide events. The School Site Council meets monthly to examine our academic program needs. Our Spanish and Chinese speaking ELAC parent groups, who meet monthly in their specific language groups advise the SSC. Workshops in parents' primary language are also offered including computer classes, how to help your child succeed in school and positive discipline. Free ESL classes, a weekly food bank and other opportunities abound for Monroe's community!

If you are interested in parental involvement opportunities, please contact the principal at the school:

Academic Counselors and Other Support Staff (School Year 2018-19)

This table displays, in units of full-time equivalents (FTE), the number of academic counselors and other support staff who are assigned to the school and the average number of students per academic counselor. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50% of full time. Note: For various reasons, including funding sources and employees serving multiple locations, many of the staff in these positions are listed as working at central administrative offices, and so, will not show up under a particular school's staffing count. This includes the following FTE: Counselors - 11.8, Librarians - 31.6, Nurses - 55.3, Psychologists/Social Workers - 111.6 and Resource Specialists - 155. If additional information is needed regarding staffing in these particular support roles, please contact the school.

Types of Services Funded (Fiscal Year 2018-19)

This section provides information about the programs and supplemental services that are available at the school and funded through either categorical or other sources.

Monroe offers a number of additional programs and supplemental services to assist students struggling in the academic program. Two reading recovery teachers (1 in English and 1 in Spanish) offer intervention services to struggling first grade readers. They also push in to 1st-2nd grade classrooms to allow for more focused reading attention. A .8 3-5 reading/ELD specialists assists struggling upper grade readers. All resource staff work with English learners in small groups during leveled ELD time. Four half time paras support English learners, special education and struggling students. Monroe offers two after school programs as well as individualized tutoring for students that need additional help. A .8 computer teacher allows students access to technology both in the lab and in class. Monroe partners with Reading Partners to assist students improve their reading levels and the teachers are currently receiving professional development in a program called Teacher's College, Readers' Workshop to enhance their instruction in reading. Monroe also offers dance, drama, music and visual arts on a weekly basis. Students participate in PE with their classroom teacher and a PE specialist 200 minutes a week.

Teacher and Administrative Salaries (Fiscal Year 2017-18)

This table displays district-level salary information for teachers, principals, and superintendents, and compares these figures to the state averages for districts of the same type and size. The table also displays teacher and administrative salaries as a percent of a district's budget, and compares these figures to the state averages for districts of the same type and size. Detailed information regarding salaries can be found at the CDE Web site at:

Professional Development

This section provides information about the program for training the school's teachers and other professional staff.

Professional development is a part of every site plan and a major component of instructional support to departments. The district's professional development program provides opportunities for teachers to implement the district's core curriculum for all students, update subject area expertise, use data to plan instructional improvement strategies and acquire new instructional strategies. Leadership development across content areas is facilitated centrally, and for educators and parents each school continues to provide some full days of professional development during the academic year.
