The School Accountability Report Card (SARC) is required by law to be published annually, by Feb 1st each year. It contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF), all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP) which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For more information about the school, parents and community members should contact the school principal or district office.

DataQuest is an online data tool located at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. test data, enrollment, graduates, dropouts, course enrollments, staffing and data regarding English learners).

Internet access is available at public libraries and other locations that are publicly accessible.

About This School

School Description and Mission Statement

This section provides information about the school's goals and programs.

James Lick Middle School is nestled in the heart of Noe Valley, a beautiful neighborhood in San Francisco. We are a mid-sized school, serving over 600 students and families. One of our biggest assets is our diverse student population, including about 65% Latino, 15% African-American, and 12% White. Over the past five years, we have made great gains in terms of student achievement which include about a 160 point gain in state-wide test scores. We attribute these gains largely to the involvement of families and the highly collaborative work of a very dedicated staff.

At our school, we believe in supporting students' positive development in a variety of ways: socially/emotionally, academically, artistically, and physically. To support students' social/emotional development, we offer a range of counseling and support group opportunities through our counseling office. Students' academic progress is ensured by a rigorous curriculum planned collaboratively by teams of teachers. We foster students' development of their artistic talents by offering a comprehensive arts program. Lastly, our physical education and sports programs provide students the opportunity to maintain a fit and healthy life style.

Last year we adopted a school-wide mission statement in which we also articulated the commitment to support students' development of leadership skills so that they can make a positive impact on their local and global communities. At each grade level, we have projects where students have opportunities to make a positive impact. We also offer leadership opportunities through programs such as Student Council, Youth Outreach Workers, Safe School Ambassadors, Peer Resources (including peer education and peer mediation) and the James Lick Garden.

We developed the following mission statement:

Our mission at James Lick Middle School is to support and nurture our students, encouraging them to challenge and overcome institutional limitations, realize their own potential, and achieve high expectations. Our students will be informed, active participants and conscientious leaders within their local and global communities.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Teacher Credentials

This table displays the number of teachers assigned to the school with a full credential, without a full credential, and those teaching outside of their subject area of competence. Detailed information about teacher qualifications can be found at the CDE Web site at <http://dq.cde.ca.gov/dataquest/>.

Teacher Misassignments and Vacant Teacher Positions

This table displays the number of teacher misassignments (teachers assigned without proper legal authorization) and the number of vacant teacher positions (not filled by a single designated teacher assigned to teach the entire course at the beginning of the school year or semester). Note: Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Quality, Currency, and Availability of Textbooks and Instructional Materials

For High Schools (grades 9-12)

The San Francisco Unified School District adopts instructional materials following the cycle of state frameworks and standards, and provides sufficient textbooks for all students to use in class and to take home in the core curriculum areas of reading/language arts, mathematics, science, and history/social studies. Class sets of health instructional materials were provided for high school health teachers. In addition, other Board-adopted core curriculum materials were provided to remedy all insufficiencies identified through a survey and other activities at the annual Instructional Materials Hearing at the October 6, 2020 meeting of the Board of Education. All adopted high school instructional materials have been evaluated and determined locally to meet state standards for grades 9-12. Appropriate science laboratory equipment is available for all laboratory science courses.

For Elementary and Middle Schools (grades K-8)

The San Francisco Unified School District adopts instructional materials following the cycle of state frameworks and standards, and adopts K-8 materials from the list of standards-aligned materials that have been adopted by the State Board of Education. The district provides sufficient textbooks for all students to use in class and to take home in the core curriculum areas of reading/language arts, mathematics, science, and history/social studies. For 2019-2020, instructional materials were provided for all students in grades K-8. Replacements were provided for core curriculum areas as identified through a survey and other activities preceding the annual Instructional Materials Hearing at the October 6, 2020 meeting of the Board of Education.

School Facility Conditions and Improvements

This section provides information about the condition of the school's grounds, buildings, and restrooms, and a description of any planned or recently completed facility improvements.

Located in the heart of Noe Vally, James Lick is a beautiful building designed in art deco style. We have a large gymnasium, a stylish theatre that is becoming home to our theatre program, and an upper and lower playground that provides space for our students and community to hold activities. We also have a beautiful Writing Center sponsored by 826 Valencia, an updated dance studio, a computer lab, library, and an art studio. This year, we built an edible garden on our upper yard and have written grants to expand the garden and "green" our school. Our school cafeteria has been selected as one of the middle schools that will offer a salad bar for student lunches. The facility does not have an elevator and the restrooms are not designed for individuals in wheelchairs

who need access.

Part B (Pupil Outcomes) begins on the next page.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	16	N/A	49	N/A	39	N/A

Note: Cells with N/A values do not require data.

Note: The 2019–2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019–2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Pupil Engagement

The SARC provides the following information relevant to the Pupil Engagement State Priority (Priority 5):

- High school dropout rates; and
- High school graduation rates.

Dropout Rate and Graduation Rate

This table displays the school's one-year dropout rates and graduation rates for the most recent three-year period. For comparison purposes, data are also provided at the district and state levels. Detailed information about dropout rates and graduation rates can be found at the CDE Web site at <http://dq.cde.ca.gov/dataquest/>.

Indicator	School			District			State

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan - Most Recent Year

This section provides information about the school's comprehensive safety plan.

James Lick has a comprehensive school safety plan in effect and our Site Crisis Team meets periodically to discuss protocols and responsibilities in case of any emergency. Our staff work with students to emphasize school safety and to encourage students to treat each other with mutual respect. Our student advisor and security aides work with our students and staff to maintain positive relations and our school is a safe place for students to learn. Our Peer Resource class develops student leadership skills and includes a peer mediation component that trains students to help mediate conflicts in a nonviolent manner. We have a dress code in place, white collared shirt and black pants, no red or blue colors and have regular meetings with parents regarding safety issues related to their child. This year we instituted a monthly advisory class focused on community-building and anti-bullying.

Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

Subject	School			District			State		
	17-18	18-19	19-20	17-18	18-19	19-20	17-18	18-19	19-20
Suspensions	4.50	6.20	6.80	1.60	1.70	1.50	3.5	3.5	2.6
Expulsions	0.00	0.00	0.00	0.00	0.00	0.02	0.1	0.1	0.06

Note: For 2019-20, data collected between July through February, partial school year due to the COVID-19 pandemic.

Note: The 2019–2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019–2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019–2020 school year compared to prior

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement

This section provides information about opportunities for parents to become involved with school activities.

Our school believes that parents are critical partners in the education of our children. The school has a parent room which serves as a place where parents can come to meet other parents and participate in monthly "Principal Chats". We have very active parent groups, including PTSA, ELAC, and SAC. There are many volunteer opportunities that provide access for parent involvement and we're always looking for ways to increase parent participation from all our families. Chaperoning school events and field trips, volunteering in the library, and helping with graduation festivities are some activities where parent help is always needed. Our parent liaison is dedicated to providing parents with important information regarding school matters that impact our students and to serving as a link between school staff and parents.

If you are interested in parental involvement opportunities, please contact the principal at the school:

Academic Counselors and Other Support Staff (School Year 2019-20)

This table displays, in units of full-time equivalents (FTE), the number of academic counselors and other support staff who are assigned to the school and the average number of students per academic counselor. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50% of full time. Note: For various reasons, including funding sources and employees serving multiple locations, many of the staff in these positions are listed as working at central administrative offices, and so, will not show up under a particular school's staffing count. This includes the following FTE: Counselors - 11.8, Librarians - 31.6, Nurses - 55.3, Psychologists/Social Workers - 111.6 and Resource Specialists - 155. If additional information is needed regarding staffing in these particular support roles, please contact the school.

Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2019-20)

This table displays a comparison of the school's per pupil expenditures from unrestricted (basic) sources with other schools in the district and throughout the state, and a comparison of the average teacher salary at the school site with average teacher salaries at the district and state levels. The option to report expenditures and salaries for the benefit of all schools in the district equally has been used. Detailed information regarding school expenditures and teacher salaries can be found at the CDE Web site at <http://www.cde.ca.gov/ds/fd/ec/> and <http://www.cde.ca.gov/ds/fd/cs/>.

Types of Services Funded (Fiscal Year 2019-20)

This section provides information about the programs and supplemental services that are available at the school and funded through either categorical or other sources.

James Lick offers a Spanish Immersion Program in grades 6 through 8. Students in the program take two of their core academic classes (Spanish Language Arts and Social Studies) in Spanish for three years with the goal of becoming bilingual, biliterate, and bicultural. We also offer a General Education Program, with all classes taught in English. Our Special Education program includes a Resource Program and a Special Day Class. All students participate in our growing visual and performing arts program that includes art, music, and dance classes. All students participate in a daily physical education class and can try out for sports. Through our counseling department and state grants we have partnerships with many community based organizations that provide support services for students and families in need. These services include a Wellness grant (two Learning Support Providers, a nurse, and a community outreach worker), as well as a GEAR UP grant (which funds a college readiness coordinator). Our "Beyond the Bell" after-school program operates from 3:30 to 6:30 PM, Monday through Friday. We also have a vibrant and growing partnership with the First Graduate, Seven Teepees, and College Track, which offer college preparatory support for qualified students.

Professional Development

This section provides information about the program for training the school's teachers and other professional staff.

Professional development is a part of every site plan and a major component of instructional support to departments. The district's professional development program provides opportunities for teachers to implement the district's core curriculum for all students, update subject area expertise, use data to plan instructional improvement strategies and acquire new instructional strategies. Leadership development across content areas is facilitated centrally, and for educators and parents each school continues to provide some full days of professional development during the academic year.
