The School Accountability Report Card (SARC) is required by law to be published annually, by Feb 1st each year. It contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF), all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP) which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For more information about the school, parents and community members should contact the school principal or district office.

DataQuest is an online data tool located at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. test data, enrollment, graduates, dropouts, course enrollments, staffing and data regarding English learners).

Internet access is available at public libraries and other locations that are publicly accessible.

About This School

School Description and Mission Statement

This section provides information about the school's goals and programs.

Presidio Middle School has a multicultural population of diverse socioeconomic backgrounds. We are committed to maintaining high educational and behavioral standards for all our students. Through the shared decision-making process, the administration and faculty work collaboratively to provide a safe and nurturing environment, and establish policies and procedures in which both the students and teachers can perform to their maximum capabilities. Our mission is to: provide an interdisciplinary curriculum which generates interest, motivates, and challenges student learning; maintain an enrichment program which will expand student learning experiences beyond the traditional classroom environment; improve teaching and learning to enhance the academic achievement and personal development of all students, prepare students to be critical thinkers and informed, responsible citizens of tomorrow.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Teacher Credentials

This table displays the number of teachers assigned to the school with a full credential, without a full credential, and those teaching outside of their subject area of competence. Detailed information about teacher qualifications can be found at the CDE Web site at <http://dq.cde.ca.gov/dataquest/>.

Quality, Currency, and Availability of Textbooks and Instructional Materials

For High Schools (grades 9-12)

The San Francisco Unified School District adopts instructional materials following the cycle of state frameworks and standards, and provides sufficient textbooks for all students to use in class and to take home in the core curriculum areas of reading/language arts, mathematics, science, and history/social studies. Class sets of health instructional materials were provided for high school health teachers. In addition, other Board-adopted core curriculum materials were provided to remedy all insufficiencies identified through a survey and other activities at the annual Instructional Materials Hearing at the October 6, 2020 meeting of the Board of Education. All adopted high school instructional materials have been evaluated and determined locally to meet state standards for grades 9-12. Appropriate science laboratory equipment is available for all laboratory science courses.

For Elementary and Middle Schools (grades K-8)

The San Francisco Unified School District adopts instructional materials following the cycle of state frameworks and standards, and adopts K-8 materials from the list of standards-aligned materials that have been adopted by the State Board of Education. The district provides sufficient textbooks for all students to use in class and to take home in the core curriculum areas of reading/language arts, mathematics, science, and history/social studies. For 2019-2020, instructional materials were provided for all students in grades K-8. Replacements were provided for core curriculum areas as identified through a survey and other activities preceding the annual Instructional Materials Hearing at the October 6, 2020 meeting of the Board of Education.

For complete lists of adopted textbooks, go to:

Additional Comments:

School Facility Conditions and Improvements

This section provides information about the condition of the school's grounds, buildings, and restrooms, and a description of any planned or recently completed facility improvements.

The school is a beautiful building constructed in 1930 in a Spanish Revival style with art-deco interiors. Ten years ago the building exterior and the interior hallways were painted, and new floor tile was installed. There is a newly renovated science wing with spectacular views of the city and the Golden Gate Bridge. Recently we provided lighting in the school yard, and upgraded our auditorium, dance studio, cafeteria and gymnasium sound systems. We are currently improving our computer labs and classrooms to increase the use of technology for instruction and student projects. The school elevator was recently upgraded. The administration responds

immediately to reports of maintenance and/or repair needs.

Part B (Pupil Outcomes) begins on the next page.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: Cells with N/A values do not require data.

Note: The 2019–2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019–2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the Pupil Engagement State Priority (Priority 5):

- High school dropout rates; and
- High school graduation rates.

Dropout Rate and Graduation Rate

This table displays the school's one-year dropout rates and graduation rates for the most recent three-year period. For comparison purposes, data are also provided at the district and state levels. Detailed information about dropout rates and graduation rates can be found at the CDE Web site at <http://dq.cde.ca.gov/dataquest/>.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan - Most Recent Year

This section provides information about the school's comprehensive safety plan.

The school has developed a comprehensive school safety plan covering all the necessary aspects of planning for emergency response, staff training, and student safety. Regular drills and practices are held for various emergency possibilities. Presidio Middle School is partners with community agencies as well as the SFFD/SFPD to work on safety and support issues in our neighborhood. Staff members have had instruction in various life saving techniques and first aid. Students receive instruction on acceptance of diverse cultures, personal responsibility and an understanding of the laws, rules and regulations of our society and school district. We have very high behavior and discipline standards for our students which include a zero tolerance policy for fighting and hate violence. We reinforce a positive school climate by providing anti-bullying curriculum and restorative practices.

Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

Subject	School			District			State		
	17-18	18-19	19-20	17-18	18-19	19-20	17-18	18-19	19-20
Suspensions	2.00	2.50	1.10	1.60	1.70	1.50	3.5	3.5	2.6
Expulsions	0.00	0.00	0.00	0.00	0.00	0.02	0.1	0.1	0.06

Note: For 2019-20, data collected between July through February, partial school year due to the COVID-19 pandemic.

Note: The 2019–2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019–2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019–2020 school year compared to prior

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement

This section provides information about opportunities for parents to become involved with school activities.

Presidio Middle School has established various programs and activities to support and promote parent participation: an active PTSA and School Site Council that meet monthly, and an English Learners Advisory Committee. In addition, parents participate in activities to raise money for teacher grants to support classroom instruction, outdoor education, music, drama, and athletic programs. They volunteer in the library, classrooms and student store, supervise dances and field trips. Parents are important partners of the Presidio community. The PTSA/SSC sponsors special parent meetings concerning such topics as high school information, preparing for adolescence, school safety and curriculum standards. Presidio received the National PTA School of Excellence for Parent Involvement award.

If you are interested in parental involvement opportunities, please contact the principal at the school:

Academic Counselors and Other Support Staff (School Year 2019-20)

This table displays, in units of full-time equivalents (FTE), the number of academic counselors and other support staff who are assigned to the school and the average number of students per academic counselor. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50% of full time. Note: For various reasons, including funding sources and employees serving multiple locations, many of the staff in these positions are listed as working at central administrative offices, and so, will not show up under a particular school's staffing count. This includes the following FTE: Counselors - 11.8, Librarians - 31.6, Nurses - 55.3, Psychologists/Social Workers - 111.6 and Resource Specialists - 155. If additional information is needed regarding staffing in these particular support roles, please contact the school.

This section provides information about the programs and supplemental services that are available at the school and funded through either categorical or other sources.

Our School Programs and Practices Promote a Positive Learning Environment. The key programs include: Gifted and Talented Education (GATE), Special Education (SPED), English Language Learners (ELL), counseling services, week-long Outdoor Education trips to Yosemite and Olympic National Parks, the Richmond Village Beacon/YMCA, rich and diverse electives, including band, orchestra, choir, dance, art, and drama, lunchtime intramural and after-school sports, various clubs, and an active Parent-Teacher-Student Association and School Site Council (PTSA and SSC). Clear student behavior expectations are expressed at the beginning of the school year in Homeroom, subject area classes, and grade-level assemblies. We provide conflict mediation and counseling to assist students in developing positive interpersonal relationships.

Professional Development

This section provides information about the program for training the school's teachers and other professional staff.

Professional development is a part of every site plan and a major component of instructional support to departments. The district's professional development program provides opportunities for teachers to implement the district's core curriculum for all students, update subject area expertise, use data to plan instructional improvement strategies and acquire new instructional strategies. Leadership development across content areas is facilitated centrally, and for educators and parents each school continues to provide some full days of professional development during the academic year.
